

Qualities of a Good Teacher Essay Example

Teachers play an important part in training children, teenagers... So, a good teacher must have some special qualities. They are: knowledge, creation, confidence, empathy, sense of humor and passion. Imagine you are dreaming being a teacher, you must accept that there are no doubt that knowledge is the first quality of a good teacher. A good teacher need to enlarge his/her general knowledge on culture, society, biology, geography... to provide students what they want to know.

Beside, a good teacher must be a person who are open to change. He/she must know "the only real constant in life is change". There is a place not only for tradition but also for new ways, new ideas and new methods. To be a good teacher, he/she is willing to learn from other peers and from his/her students. A good teacher need to know that his/her student are visual, auditory and kinesthetic learners. He/she are adept at creating presentation skills for many kind of learners. If a teacher can do these thing, he/she will get more respect from his/her students.

Creation perhaps is the second quality. A good teacher is a person who are able to motivate students by using creative and inspirational methods of teaching. He/she must always seek to find new ideas. He/she not only teaches in a traditional way but also find another way to transfer the lessons. A good teacher need to find many kind of teaching method such as: using mass media, preparing presentation slide show on computer; transferring knowledge through games... Being a creative teacher will make students enjoy classes because they know there are many new and interesting things in your lessons.

Another quality that a good teacher should have is confidence. He/she must believe in his/herself despite setbacks. "Failure Is The Mother Of Success". Teachers is a hard work. Sometime he/she will feel stressful, tired and disappointed, but after that, he/she need to be strong to face with setbacks. Students can be naughty, lazy and harsh to their friends and to their teachers. However, a good teacher need to believe that he/she can solve those problems. A teacher is a window through which many young people will see their future, so he/she has to be a fine role model.

He/she need to show his/her confidence with the future, thereby teacher can teach student how to believe in themselves. Empathy is the third quality. A teacher must have the ability to bond with the students, to understand and resonate with their feelings and emotions. He/she need to put his/herself in students' situation to understand and solve students' problem. A good teacher must know that the aggression, negative attitudes that he/she can see in some students have a root cause.

He/she know that they are really scared young people who have come through some bad experiences in life. This will keep a teacher calm and ha

Teachers, Teaching, and Media, 2019-06-24 Popular representations of teachers and teaching are easy to take for granted precisely because they are so accessible and pervasive Our lives are intertextual in the way lived experiences overlap with the stories of others presented to us through mass media It is this set of connected narratives that we bring into classrooms and into discussions of educational policy In this day and time with public education under siege by

forces eager to deprofessionalize teaching and transfer public funds to benefit private enterprises we ignore the dominant discourse about education and the patterns of representation that typify educator characters at our peril This edited volume offers a fresh take on educator characters in popular culture and also includes important essays about media texts that have not been addressed adequately in the literature previously The 15 chapters cover diverse forms from literary classics to iconic teacher movies to popular television to rock n roll Topics explored include pedagogy through the lenses of gender sexuality race disability politics narrative archetypes curriculum teaching strategies and liberatory praxis The various perspectives represented in this volume come from scholars and practitioners of education at all levels of schooling This book is especially timely in an era when public education in the United States is under assault from conservative political forces and undervalued by the general public Contributors are Steve Benton Naeemah Clark Kristy Liles Crawley Elizabeth Currin Mary M Dalton Jill Ewing Flynn Chad E Harris Gary Kenton Mark A Lewis Ian Parker Renga Stephanie Schroeder Roslin Smith Jeff Spanke and Andrew Wirth

Welcome to My Mind Abné M. Eisenberg Ph.D.,2013-02-04 This is the perfect book for an intellectually bored individual In it the author shares a serendipitous collection of his thoughts on a wide variety of conventional and unconventional topics Professor Eisenberg has spent the past six decades challenging his students to think outside the proverbial box Whenever he would ask them a question and they answered I dont know he would say I know that you dont know but what do you think Using this Socratic Method opened their minds and encouraged them to take risks Convinced that a good question outweighs a hundred trite answers the author has included a section of the book in which he asks himself a question and then proceeds to answer it His favorite question is What one word best describes your life His answer was Creative The reader should come away from this book with a deeper understanding of why he chose the title Welcome to my mind He enthusiastically agrees with the following quotation Whatever we possess becomes double value when we have the opportunity of sharing it with others Jean Nicholas Bouilly 1763 1842 *The Elementary School Teacher* Dorothy G. Lindsay Clare Matsumura, 2005 Research indicates that the quality of classroom assignments makes a difference in student learning. Moreover, assignment quality varies between teachers even within the same school and there is room for improvement in many of the assignments that teachers provide to students. Assignment quality as described in this book puts into practice powerful research-based concepts for teaching. To support teachers in developing, reflecting on, and fine-tuning the assignments they create, this book presents a series of dimensions or rubrics with benchmark examples from elementary, middle, and high school classrooms. The purpose of these rubrics is to serve as diagnostic tools to assess the strengths and weaknesses of an assignment as well as to guide the creation of new assignments for students. Questions also are included at the end of every chapter to guide reflection on a specific dimension of assignment quality. Topics cover: Choosing the right text; Setting clear and rigorous learning goals; Developing an assignment activity that gives students a chance to apply complex thinking skills; Developing clear and rigorous grading criteria; Communicating the expectations for high quality work to students; Writing high quality assignment directions; Providing comments that support student revision; Aligning the learning goals with the assignment activity and the grading criteria. Will be useful to teachers for self-assessment purposes, collaborative professional development settings, or as a basic text in teacher education courses.

Principles of Secondary Education Willis Lemon Uhl, 1925 **Modern Times?** Martin Lawn, 2005-10-26 This is an account of modern teaching since the 1930s. The book examines changes in teaching, past policy and new policies introduced since the 1988 Education Act. In the context of market-led education replacing a public education system, the book looks at the impact of the end of collective bargaining, the beginning of performance-related pay, and the recent emphasis on local school management and budgeting. It examines how these changes affect work and the professionalism of teachers. It also explores the impact of new kinds of work relations and skills in relation to changes in public service and the state.
