Lions Drag Strip: 1955-1972 Lou Hart,2025-07-15 Discover how Lions Drag Strip became the face of quarter mile competition Hot rodders and the drag cars that they raced in unsanctioned exhibitions had become a nuisance with law enforcement in Los Angeles California So in an effort to make racing safer C J Pappy Hart founder of the Santa Ana Drag Strip Norris Poulson mayor of Los Angeles John Chadwick member of the Wilmington Lions Club and others collaborated to create the world famous Lions Associated Drag Strip With an approved proposal shovels sunk into the sand in August 1955 in Wilmington California christening the birth of the world s greatest drag strip Mickey Thompson was hired to operate Lions

Drag Strip also known as the Beach quickly turning it into Southern California's wildest venue to watch drag racing. Innovations including staging lights, track lighting for night racing, and concession stands made Lions Drag Strip the place to be. The world's greatest drag racers such as Jack Chrisman, Tom McEwen, Art Chrisman, Don Prudhomme, Chris Karamesines, Connie Kalitta, and Don Garlits, as well as a cast of thousands of others descended upon Lions Drag Strip for exhibition and match racing. Fabled East West showdowns, Fuel Altered's, Funny Cars, and Jet cars broke attendance records and set national records throughout the 1960s. In addition, thrill seeker Evel Knievel leaped over 13 cars at Lions Drag Strip to the excitement of 14,000 fans in December 1970. Sadly, Lions Drag Strip closed on December 3, 1972, due to the location being valued as industrial real estate and the approaching urban sprawl.

Lions Automobilia Foundation Museum volunteer Lou Hart brings forth this year-by-year illustrated history of Lions Drag Strip's most memorable events with never-before-seen images in *Lions Drag Strip 1955-1972*.

Through The Eyes Of A Hawk, James Lowell Hawk, 2018-11-08. This book is a memoir of the first half of my life. I'm hoping growing up in suburbia, USA, young life was a bowl of cherries, having all I needed and happy with it. My wants became my goals, and most were achieved. Dreams are fun to think about, but to turn them into reality takes planning, and a strong desire. Airplanes were in my dreams from an early age, and learning to fly an airplane was top on the list. Using all the skills learned from sports school and jobs, I started flying lessons at age fifteen. Funding my lessons was my after-school job at a Woot Root Beer stand. It all worked out, and a month after my sixteenth birthday, I soloed my first airplane. This was the beginning of my love affair with flying. With all the twists and turns in life and all that goes with it, I secured my first professional flying job at age twenty-five. I was making money flying airplanes, not much, but to me, that was secondary. Someone paying me to fly their airplane was a feeling I will never forget. The lessons in flying then were huge. I learned so

much that at times I wondered if I went to flight school or what I was doing when I was there The early days flying professionally were truly a dream come true and the lessons learned could never come from a textbook The climax of my professional flying took place in Alaska flying a turbine powered aircraft My flying career came to a crashing halt after being diagnosed with a major mental illness manic depression The kid who could do almost anything could hardly do anything All hope for me was tested and I didn't know if I had it in me to recover The only hope I had was in Jesus Will he hear my prayer
