Secular Spirituality Lynn L. Sharp, 2006-01-01 Secular Spirituality challenges the traditional dichotomy between Enlightenment reason and religion. It follows French romantic socialists and spiritists search for a new spirituality based on reincarnation as a path to progress for individuals and society. Leaders like Allan Kardec argued for social reform; spiritist groups strove for equality and women mediums challenged gender roles. Lynn L. Sharp looks closely at what it meant to practice spiritism, analyzing the movement's social and political critique and explaining the popularity of the new belief. She explores points of convergence and conflict in the interplay between spiritism and science, spiritism and psychology, and spiritism and the Catholic church to argue that the nineteenth century was not as disenchanted as has been thought. Secular Spirituality successfully places spiritism within a larger cultural conversation, going beyond the leaders of the movement to look at the way spiritism functioned for its followers.

**Voyage: Spirit of the Annako** Luis J. Cui, 2016-03-18 In the shadow of a rugged mountain range in the Philippines lies San Ysidro, a rice farming community of tradition-bound residents determined to maintain their way of life that includes telling folklore tales around the campfire. More than two decades after a violent crime transforms San Ysidro forever, events begin to unfold as an ancient ritual. The Annako demands revenge for the victims' souls. As the spirits stir, a mother, her daughter, and a newspaper reporter are drawn into the dark past and into a world where the line between reality and the supernatural is blurred. As all three are led on circuitous paths of mystery made worse by violent threats and political scandals, now only time will tell whether they will find answers and peace for the victims' souls. *Voyage Spirit of the Annako* shares a mysterious tale about a horrific crime in a rural Filipino community and a vengeful ancient ritual with the power to reveal the truth.

*Laboratories of Faith* John Warne Monroe, 2018-07-05 At a fascinating moment in French intellectual history, an interest in matters occult was not equivalent to a rejection of scientific thought. Participants in séances and magic rituals were seekers after experimental data as well as spiritual truth. A young astronomy student wrote of his quest: "I am not in the presence or under the influence of any evil spirit. I study Spiritism as I study mathematics. He did not see himself as an ecstatic visionary but rather as a sober observer. For him, the darkened room of occult practice was as much laboratory as church. In an evocative history of alternative religious practices in France in the second half of the nineteenth and beginning of the twentieth centuries, John Warne Monroe tells the interconnected stories of three movements: Mesmerism, Spiritism, and Occultism. Adherents of these groups, Monroe reveals, attempted to modernize faith by providing empirical support for metaphysical concepts. Instead of trusting theological speculation about the nature of the soul, these believers attempted to gather tangible evidence through Mesmeric experiments, séances, and ceremonial magic. While few French people were active Mesmerists, Spiritists, or Occultists, large segments of the educated general public were familiar with these movements and often regarded them as fascinating expressions of the modern condition, a notable contrast to the Catholicism and secular materialism that prevailed in their culture. Featuring eerie spirit photographs

amusing Daumier lithographs and a posthumous autograph from Voltaire as well as extensive documentary evidence Laboratories of Faith gives readers a sense of what being in a séance or a secret society ritual might actually have felt like and why these feelings attracted participants While they never achieved the transformation of human consciousness for which they strove these thinkers and believers nevertheless pioneered a way of being religious that has become an enduring part of the Western cultural vocabulary Spirits and Scientists David J. What is Spiritism? Allan Kardec,2021-11-24 A work that is still up to date What is Spiritism is useful for adherents of the Spiritist Doctrine as well as for those who want to understand the nature of Spiritism and its fundamental points Kardec s logic and common sense are obvious in this book as he confounds Spiritism s detractors while answering the questions of those who believe in and aspire to a superior life The book is divided into three chapters The first is composed of dialogues between Kardec and a critic a skeptic and a priest providing answers to those who do not understand the basic principles of Spiritism It also presents appropriate refutations to its opponents The second chapter presents practical and experimental aspects of the science and is a kind of summary of The Mediums Book The third chapter is a short synthesis of The Spirits Book with solutions to psychological moral and philosophical problems according to the Spiritist Doctrine In addition the book is prefaced with an abridged version of Henri Sausse s biography of Allan Kardec

now and again to focus on the Spirit himself his person and work in order to recognize him as someone other than Jesus or ourselves much less something in creation Through this contemplation we can gain a fresh dependence on the Holy Spirit in every area of our lives

donnera au spiritisme son nouveau nom de baptême : le graphisme spirituel. Cependant le spiritisme ne forme pas une entité unique selon les milieux et les classes sociales qui s'y adonnent. Guillaume Cuchet va ainsi proposer une tripartition entre spiritisme de réconfort, de consolation et de conviction, sans qu'il soit impossible de passer de l'un à l'autre ou d'embrasser l'un et l'autre. La montée d'une société des loisirs, la crise de foi qui gagne alors l'ensemble de l'Europe, l'intérêt pour les sciences occultes en réaction au positivisme ambiant sont quelques-uns des phénomènes que l'incroyable engouement pour le spiritisme clame d'un jour nouveau.
