World Bank Development Report 2004:

World Development Report 2006 Francisco H. G. Ferreira, Michael Walton, 2005-01-01 Inequality of opportunity both within and among nations sustains extreme deprivation results in wasted human potential and often weakens prospects for overall prosperity and economic growth concludes the 2006 World Development Report To correct this situation and reduce poverty more effectively Equity and Development recommends ensuring more equitable access by the poor to health care education jobs capital and secure land rights among others It also calls for greater equality of access to political freedoms and political power breaking down stereotyping and discrimination and improving access by the poor to justice systems and infrastructure To level the playing field among countries and thereby reduce global inequities that hurt the poor in developing countries the report calls for removal of trade barriers in rich countries flexibility to allow greater migration of lower skilled people from developing countries and increased and more effective development assistance The World Bank Annual Report 2004 The World Bank (Washington)., 1966 Contents of Volume 1 Message from the Chairman The Board of Executive Directors The World Bank Group The Development Agenda Regional Perspectives Thematic Perspectives Improving Development Effectiveness Summary of Fiscal 2004 Activities and About the World Bank *Human Development Report 2004* United Nations Development Programme, 2004 This is the 15th report prepared by a team of independent experts which explores major development issues of global concern The 2004 report focuses on issues of cultural liberty and concludes that countries must actively devise multicultural policies to prevent cultural discrimination whether on grounds of religion ethnicity or language since the expansion of cultural freedoms is at the core of human development Rather than presenting a threat to state unity the report argues that diversity is the only sustainable option to promote stability and democracy within and across societies Issues discussed include confronting extremist movements for cultural domination myths surrounding cultural liberty and development the impact of globalisation on cultural choice social exclusion human rights and participation It also includes data tables for the Human Development Index HDI which measures key social and economic indicators for rich and poor countries including life expectancy health and sanitation employment rights gender equality education and income per person Global Monitoring Report 2004, 2004-01-01 References pp 217 228 World Development Report 2008 World Bank, 2007-10-15 The world's demand for food is expected to double within the next 50 years while the natural resources that sustain agriculture will become increasingly scarce degraded and vulnerable to the effects of climate change In many poor countries agriculture accounts for at least 40 percent of GDP and 80 percent of employment At the same time about 70 percent of the world's poor live in rural areas and most depend on agriculture for their livelihoods World Development Report 2008 seeks to assess where when and how agriculture can be an effective instrument for economic development especially development that favors the poor It examines several broad questions How has agriculture changed in developing countries in the past 20 years What are the important new challenges and

opportunities for agriculture Which new sources of agricultural growth can be captured cost effectively in particular in poor countries with large agricultural sectors as in Africa How can agricultural growth be made more effective for poverty reduction How can governments facilitate the transition of large populations out of agriculture without simply transferring the burden of rural poverty to urban areas How can the natural resource endowment for agriculture be protected How can agriculture s negative environmental effects be contained This year s report marks the 30th year the World Bank has been publishing the World Development Report

Achieving Economic Development in the Era of Globalization Shalendra D. Sharma, 2007-10-04 Challenging assumptions about the benefits of specific development practices this book provides readers with overview of how competing frameworks have developed and the ways that specific development practices reflect specific understandings of the main debates as well as offering a comprehensive historical overview of attempts to achieve economic

Development Issues in Global Governance Benedicte Bull, Desmond McNeill, 2007-01-24 This is a new study of how and why multilateral organizations are increasingly working with private actors including for profit companies and corporations business organizations and private foundations

World in Transition 4 German Advisory Council On Global Change (Wbgu), 2013-09-13 At the start of the 21st century fighting poverty and protecting the environment are two of the most urgent challenges facing the international community Environmental changes will jeopardize people s survival to an even greater extent in the future and will hit the poor hardest To meet these challenges it will be essential to breathe new life into the partnership between industrialized and developing countries It will be equally essential to combine poverty reduction with environmental protection in an integrated policy structure spanning all levels from local to global In this report the German Advisory Council on Global Change WBGU shows that global environmental policy is a prerequisite for global poverty reduction WBGU analyses the relevant policy processes and delivers recommendations charting the way forward With its interdisciplinary approach providing a complex and systematic analysis of the poverty environment nexus WBGU s latest report breaks new ground Indira Gandhi s old convenient maxim was Poverty is the biggest polluter Put forward at the 1972 UN Conference on the Human Environment in Stockholm it has been sorely misused ever since to override environmental precaution and prioritize economic development strategies instead The new WBGU report maps out a way to shape a coherent environment and development policy This report revitalizes the Rio spirit and gives it a robust scientific base Prof Dr Ernst Ulrich von Weizsäcker Member of the German Bundestag MdB

2004 Annual Review of Development Effectiveness Christopher D. Gerrard, 2005-01-01 The 2004 Annual Review of Development Effectiveness looks at the recent growth and poverty reduction experience of client countries It assesses the extent to which Bank interventions have contributed to growth and poverty reduction and the effectiveness of different types of interventions The review uses the key elements of the Bank s 2001 poverty reduction strategy to examine the extent to which these elements respond to the needs of the poor are actually being carried out and are having an impact

Bridging Diversity Lawrence F.

Salmen, Eileen Kane, 2006 Today one of the central tenets of development is the necessity for learning about and building upon stakeholders and beneficiaries insights needs culture social organization resources and active participation Bridging Diversity clarifies the myriad approaches to social research being used in the World Bank today The focus is on participatory research as presently practiced and as a potential for forms of research which are not now particularly participatory It makes a number of recommendations to enhance the utility of social research in and outside of the Bank

Eliminating Human Poverty Santosh Mehrotra, Enrique Delamonica, 2013-07-04 This book focuses on the provision of basic social services in particular access to education health and water supplies as the central building blocks of any human development strategy The authors concentrate on how these basic social services can be financed and delivered more effectively to achieve the internationally agreed Millennium Development Goals Their analysis which departs from the dominant macro economic paradigm deploys the results of broad ranging research they led at UNICEF and UNDP investigating the record on basic social services of some 30 developing countries In seeking to learn from these new data they develop an analytical argument around two potential synergies at the macro level between poverty reduction human development and economic growth and at the micro level between interventions to provide basic social services Policymakers they argue can integrate macro economic and social policy Fiscal monetary and other macro economic policies can be compatible with social sector requirements They make the case that policymakers have more flexibility than is usually presented by orthodox writers and international financial institutions and that if policymakers engaged in alternative macro economic and growth oriented policies this could lead to the expansion of human capabilities and the fulfillment of human rights This book explores some of these policy options The book also argues that more than just additional aid is needed Specific strategic shifts in the areas of aid policy decentralized governance health and education policy and the private public mix in service provision are a prerequisite to achieve the goals of human development The combination of governance reforms and fiscal and macro economic policies outlined in this book can eliminate human poverty in the span of a generation

Population ageing and international development Peter Lloyd-Sherlock, 2010-01-20 Over the next 40 years the number of people aged 60 in the world many of whom live in developing regions will grow by 11.4 billion What will old age be like for them This original book provides an analysis of links between development population ageing and older people challenging some widely held misconceptions It highlights the complexity of international experiences and argues that the effects of population ageing on development are influenced by policy choices The book will be of interest to a range of academic disciplines including economics gerontology social policy and development studies as well as policy makers and practitioners concerned with developing countries

How to Build M and E Systems to Support Better Government Keith Robin Mackay, 2007 A growing number of governments are working to improve their performance by creating systems to measure and help them understand their performance These systems for monitoring and evaluation M E are used to measure the quantity quality and

targeting of the goods and services the outputs that the state provides and to measure the outcomes and impacts resulting from these outputs These systems are also a vehicle to facilitate understanding of the causes of good and poor performance

Investing in Development Jeffrey D. Sachs, The UN Millennium Project, 2019-06-03 The Millennium Development Goals adopted at the UN Millennium Summit in 2000 are the world's targets for dramatically reducing extreme poverty in its many dimensions by 2015 income poverty hunger disease exclusion lack of infrastructure and shelter while promoting gender equality education health and environmental sustainability These bold goals can be met in all parts of the world if nations follow through on their commitments to work together to meet them Achieving the Millennium Development Goals offers the prospect of a more secure just and prosperous world for all The UN Millennium Project was commissioned by United Nations Secretary General Kofi Annan to develop a practical plan of action to meet the Millennium Development Goals As an independent advisory body directed by Professor Jeffrey D Sachs the UN Millennium Project submitted its recommendations to the UN Secretary General in January 2005 The core of the UN Millennium Project's work has been carried out by 10 thematic Task Forces comprising more than 250 experts from around the world including scientists development practitioners parliamentarians policymakers and representatives from civil society UN agencies the World Bank the IMF and

the private sector Investing in Development A Practical Plan to Achieve the Millennium Development Goals brings together the core recommendations of the UN Millennium Project By outlining practical strategies and approaches to financing the the report presents an operational framework that will allow even the poorest countries to achieve the Millennium Development Goals by 2015 Integrating Poverty and Gender Into Health Programmes WHO Regional Office for the Western Pacific,World Health Organization. Regional Office for the Western Pacific,2006 Although poverty and gender significantly influence health and socio economic development health professionals are not always adequately prepared to address such issues in their work This publication one of a set of modules intended for use in pre service and in service training of health professionals in the Western Pacific Region focuses on the inter relationship between poverty and health including definitions of poverty and its multiple dimensions indicators of poverty including methods of determining the prevalence of poverty and inequality within a community how the health care system can address issues of poverty with a special focus on low income women and those from other marginalised or vulnerable groups *Education and International Development, 2000-2020* Ian Wash,2024-08-22 Education and International Development 2000 2020 A Constructivist Critique of the One size fits all Liberal Model advances the claim that there exists a liberal theory of international education Ian Wash argues that the assumed harmony of this model is the main source of dispute in the field of education and international development The liberal thinking behind the aspirations for education the political levers necessary for its effective governance and the ideas behind the policies all have contributed towards growing tensions that prevented international education from achieving optimal functionality Through a qualitative discourse analysis of the key policy documents produced between 2000 and 2020 Wash reveals how the liberal model was discursively constructed as a grand narrative of three acts that chronicles the vision process and outcomes of international education Such a rendering brings an understanding of the hidden conflicts essential for finding a resolution to this policy puzzle thereby improving the prosperity and wellbeing of those in poorer countries **Delusions of Development** T. Carroll,2010-09-22 Investigates the World Bank s promotion of market led development in the underdeveloped world and the impact that this promotion has upon citizenship This book looks at this subject using case studies drawn from Southeast Asia one of the world s most diverse regions **Development Success** W. McCourt,2007-06-14 This book draws on case studies of social economic and political governance policies from Latin America Africa and Asia to examine the circumstances in which governments and societies produce policies that overcome initial opposition to meet their aims
