World Bank Fact :

The World Bank Research Observer ,2004 **Few and Far The Hard Facts on Stolen Asset Recovery** OECD,The World Bank,2014-09-11 Drawing on data collected between 2006 and 2012 the report provides recommendations and good practices regarding stolen asset recovery and suggests specific actions for development agencies **The Law of Open Societies** Jürgen Basedow,2015-06-02 This book endeavours to interpret the development of private international law in light of social change Since the end of World War II the socio economic reality of international relations has been characterised by a progressive move from closed to open societies The dominant feature of our time is the opening of borders for individuals goods services capital and data It is reflected in the growing importance of ex ante planning as compared with ex post adjudication of cross border relations between individuals and companies What has ensued is a shift in the forces that shape international relations from states to private actors The book focuses on various forms of private ordering for economic and societal relations and its increasing significance while also analysing the role of the remaining regulatory powers of the states involved These changes stand out more distinctly by virtue of the comparative treatment of the law and the long term perspective employed by the author The text is a revised and updated version of the lectures given by the author during the 2012 summer courses of the Hague Academy of International Law *Facts for Life* UNICEF.,2010 The fourth edition of Facts for Life contains essential information that families and communities need to know to raise healthy children This handbook provides practical advice on pregnancy childbirth childhood illnesses child development and the care of children This edition also features a new chapter on child protection The book is intended for parents families health workers teachers youth groups women s groups community organisations government officials employers trade unions media and non governmental and faith based organisations *Basic Facts about the United Nations* United Nations Department of Public Information,2017-05-26 This comprehensive handbook designed for the general public explains the structure of the United Nations how the Organization works the main issues it addresses and its importance for people everywhere In addition to setting out the various roles played by principle UN organs and related organizations Basic Facts about the United Nations documents the Organization s contributions to international peace and security economic and social development human rights humanitarian action international law and decolonization Appendices contain current data on UN membership and peacekeeping operations as well as contact information for UN information centres services and offices This latest edition published in 2017 has been revised to take account of significant developments in the world and the Organization itself since 2014 *African Economies and the Politics of Permanent Crisis, 1979-1999* Nicolas Van de Walle,2001-09-24 This Book explains why African countries have remained mired in a disastrous economic crisis since the late 1970s It shows that dynamics internal to African state structures largely explain this failure to overcome economic difficulties rather than external pressures on these same structures as is often argued Far from being prevented from undertaking reforms by

societal interest and pressure groups clientelism within the state elite ideological factors and low state capacity have resulted in some limited reform but much prevarication and manipulation of the reform process by governments which do not really believe that reform will be effective *Greening Aid?* Robert L. Hicks, Bradley C. Parks, J. Timmons Roberts, Michael J. Tierney, 2010-02-04 For more than three decades the impact of aid on the global environment has been the subject of vigorous protest and debate With billions spent on environmental aid each year this groundbreaking text seeks to understand why aid is given how effective it is and whether aid is actually going to the places with the greatest environmental need

Livelihood and Landscape Change in Africa: Future Trajectories for Improved Well-Being under a Changing Climate Sheona Shackleton, Paul Hebinck, Chinwe Ifejika Speranza, Vanessa Masterson, Dian Spear, Maria Tengö, 2019-10-08 This book is based on a Special Issue of the journal LAND that draws together a collection of 11 diverse articles at the nexus of climate change landscapes and livelihoods in rural Africa all explore the links between livelihood and landscape change including shifts in farming practices and natural resource use and management The articles which are all place based case studies across nine African countries cover three not necessarily mutually exclusive thematic areas namely smallholder farming livelihoods under new climate risk five articles long term dynamics of livelihoods and landscape change and future trajectories two articles and natural resource management and governance under a changing climate spanning forests woodlands and rangelands four articles The commonalities key messages and research gaps across the 11 articles are presented in a synthesis article All the case studies pointed to the need for an integrated and in depth understanding of the multiple drivers of landscape and livelihood change and how these interact with local histories knowledge systems cultures complexities and lived realities Moreover where there are interventions such as new governance systems REDD or climate smart agriculture it is critical to interrogate what is required to ensure a fair and equitable distribution of emerging benefits

Trade in Water Under International Law Fitzgerald Temmerman, 2017-07-28 It is clear that more sustainable and efficient use of fresh water resources will become crucial in future global water management to avoid major threats to biological life Trade in Water Under International Law offers a careful and well reasoned introduction and analysis of this emerging and largely uncharted subject of international trade law which has hitherto been of key importance in domestic law and policy exploring the potential and limits of addressing the use of water resources in the context of World Trade Organization law

Bringing Forth Prosperity Benjamin Bobo, 2022-09-01 Path to Capacity Innovation An Africa MNC Strategic Alliance a policy framework is advanced proposing a strategic alliance between African countries represented by NEPAD and the multinational corporation with input from the NGO and couched upon an NEPAD MNC NGO cross fertilizing integrative structure Capacity innovation is the key to Africa's transformation with the appropriate catalysts innovation and transformation are but a matter of time in gestation The first of two major catalysts necessary to prompting this change so long sought by Africans came at the adoption of the New Partnership for Africa's Development It is one of the most profound

collaborations of African Heads of State The second catalyst is proposed in this work in the form of the multinational corporation as change agent for the innovation process working in alliance with NEPAD as Africa s spokesperson for innovation The policy framework for African capacity innovation is the material product along with discourse for redress of corruption and security policy narrative for protecting the assets of multinational corporations Bringing Forth Prosperity Capacity Innovation in Africa questions capital theory as a development construct and an appropriate platform upon which sustained capacity innovation in Africa may emerge explores Africa s road to modernity in the context of selected development constructs and assesses capacity innovation from a top down bottom up perspective purposely to serve as backdrop to the Africa MNC strategic alliance framework constructs country capacity ID to identify internal resources available to African countries to support capacity innovation conceptualizes the Africa MNC strategic alliance to convey a capacity innovation philosophy articulates an African capacity innovation policy framework to guide the Alliance through a series of actions designed to prompt innovation activity and set the continent on a course to sustained transformation and articulates a scheme to protect assets human and physical derived through the Africa MNC strategic alliance

Population Control Steven Mosher,2017-07-05 For over half a century policymakers committed to population control have perpetrated a gigantic costly and inhumane fraud upon the human race They have robbed people of the developing countries of their progeny and the people of the developed world of their pocketbooks Determined to stop population growth at all costs those Mosher calls population controllers have abused women targeted racial and religious minorities undermined primary health care programs and encouraged dictatorial actions if not dictatorship They have skewed the foreign aid programs of the United States and other developed countries in an anti natal direction corrupted dozens of well intentioned nongovernmental organizations and impoverished authentic development programs Blinded by zealotry they have even embraced the most brutal birth control campaign in history China s infamous one child policy with all its attendant horrors There is no workable demographic definition of overpopulation Those who argue for its premises conjure up images of poverty low incomes poor health unemployment malnutrition overcrowded housing to justify anti natal programs The irony is that such policies have in many ways caused what they predicted a world which is poorer materially less diverse culturally less advanced economically and plagued by disease The population controllers have not only studiously ignored mounting evidence of their multiple failures they have avoided the biggest story of them all Fertility rates are in free fall around the globe Movements with billions of dollars at their disposal not to mention thousands of paid advocates do not go quietly to their graves Moreover many in the movement are not content to merely achieve zero population growth they want to see negative population numbers In their view our current population should be reduced to one or two billion or so Such a goal would keep these interest groups fully employed It would also have dangerous consequences for a global environment

Fighting Fraud and Corruption at the World Bank Stefano Manacorda,Costantino Grasso,2018-05-04 This book focuses on the World Bank s

sanctions system which is an innovative instrument of global governance implemented by the leading multilateral development bank in order to impose penalties on legal entities and individuals that are involved in Bank financed projects Although similar regimes have also been implemented by other regional multilateral development banks the World Bank's legal framework is currently the most comprehensive one The book offers a rich and detailed analysis of the sanctions system presenting an in depth examination of all the phases of its procedure with a special focus on key aspects such as the criteria for assigning liability to legal entities and corporate groups as well as the World Bank's jurisdictional reach over non contractors The book also explores the compatibility between the legal framework implemented by the Bank and the rule of law the role of precedents and the level of due process It highlights the fact that the sanctions system is currently characterized by a lack of legal guarantees and that there are compelling reasons for supporting the argument that due process safeguards should be applied to it in their entirety To that end the book conducts a thorough analysis of specific procedural aspects such as the right to a hearing the right to evidence disclosure the time limit regime the standard of proof and shift of the burden of proof the evidential value of a party's silence and the consistency and predictability of the World Bank's sentencing practice The study is conducted on the basis of a detailed and painstaking examination of the most relevant decisions taken by the Sanctions Board providing the first ever commentary on the World Bank's case law

The UN and Global Political Economy John Toye, Richard Toye, 2004-07-09 Against the backdrop of a 20 year revolt against free trade orthodoxy by economists inside the UN and their impact on policy discussions since the 1960s the authors show how the UN both nurtured and inhibited creative and novel intellectual contributions to the trade and development debate Presenting a stirring account of the main UN actors in this debate The UN and Global Political Economy focuses on the accomplishments and struggles of UN economists and the role played by such UN agencies as the Department of Economic and Social Affairs the United Nations Commission on Trade and Development and the Economic Commission for Latin America and the Caribbean It also looks closely at the effects of the Latin American debt crisis of the 1980s the growing strength of the World Trade Organization WTO in the 1990s and the lessons to be drawn from these and other recent developments

that dominates present science policy and speculative metaphysics that offers little else than a great vision of the world this volume of Culture Civilization on Globalism charts a space for which there is a felt need by large publics responded to by serious social science specialists capable of addressing such interests in historically meaningful contexts **Vietnam:**

Anatomy of a Peace Gabriel Kolko, 2008-02-21 Vietnam has experienced huge political and economic development since the war In Anatomy of a Peace Gabriel Kolko looks at the main economic phases the Communist Party has embarked upon since 1986 and outlines the transition to nascent capitalism He also explores Vietnam's relations to its neighbours and the US in the light of social and psychological national features Based on extensive research and over 30 years first hand experience Anatomy of a Peace is a timely examination of recent history and developing economies in Asia Gabriel Kolko argues that neither an intentional socialist or market strategy have determined recent Vietnamese history and in fact the Communist Party has little control over development during peace time **Business Environment:** Fernando, 2011 In Business

Environment A C Fernando integrates concepts with real world situations and the most recent data to help students grasp complex economic concepts a clear understanding of which is required to comprehend the various facets of business Global Governance in the Twenty-first Century J. Clarke, G. Edwards, 2004-09-08 The key challenges of globalization are diffuse and outside the control of any one state In its most ambitious and forward looking form global governance seeks to create an international social fabric albeit imperfect which cumulatively amounts to more than the sum of its parts Global Governance in the Twenty first century aims to open a number of new areas for further analysis and in particular to begin a process of cross fertilization between different disciplines examining issues related to global governance **Effective Crisis**

Response and Openness Simon J. Evenett, Bernard M. Hoekman, Olivier Cattaneo, 2009 The purpose of this book is to examine the various ways in which the existing manifestations of openness including binding international accords have constrained or enhanced the options available to national policymakers during the crisis and influenced the degree and potentially even the effectiveness of cross border cooperation By examining state responses during the crisis in a number of distinct policy domains this approach may shed light on potential complementarities and tensions as governments seek to tackle sharp national recessions while being mindful of the growing role that the international dimension has played in influencing national economies in an era of globalization In principle such an examination may reveal that some permutations of national policy choices and international trade and other obligations offer greater potential than others in turn providing information on the possible scope for both domestic reforms and the global trade architecture *U.S. Trade and Investment with Sub-Saharan Africa, 5th Report, Inv. 332-415* ,
