**Virtuosi Abroad** Kiril Tomoff, 2015-09-22 In the 1940s and 1950s Soviet musicians and ensembles were acclaimed across the globe They toured the world wowing critics and audiences projecting an image of the USSR as a sophisticated promoter of cultural and artistic excellence In *Virtuosi Abroad* Kiril Tomoff focuses on music and the Soviet Union's star musicians to explore the dynamics of the cultural Cold War He views the competition in the cultural sphere as part of the ongoing U.S. and Soviet efforts to integrate the rest of the world into their respective imperial projects Tomoff argues that the spectacular Soviet successes in the system of international music competitions taken together with the rapturous receptions accorded touring musicians helped to persuade the Soviet leadership of the superiority of their system This combined with the historical triumphalism central to the Marxist Leninist worldview led to confidence that the USSR would be the inevitable winner in the global competition with the United States Successes masked the fact that the very conditions that made them possible depended on a quiet process by which the USSR began to participate in an international legal and economic system dominated by the United States Once the Soviet leadership transposed its talk of system superiority to the economic sphere focusing in particular on consumer goods and popular culture it had entered a competition that it could not win

**Southeast Asia in World History** Craig Lockard, 2009-04-24 Here is a brief well written and lively survey of the history of Southeast Asia from ancient times to the present paying particular attention to the region's role in world history and the distinctive societies that arose in lands shaped by green fields and forests blue rivers and seas Craig Lockard shows how for several millennia Southeast Asians living at the crossroads of Asia enjoyed ever expanding connections to both China and India and later developed maritime trading networks to the Middle East and Europe He explores how the people of the region combined local and imported ideas to form unique cultures reflected in such striking creations as Malay sailing craft Javanese gamelan music and batik cloth classical Burmese and Cambodian architecture and social structures in which women have often played unusually influential roles Lockard describes colonization by Europeans and Americans between 1500 and 1914 tracing how the social economic and political frameworks inherited from the past combined with active opposition to domination by foreign powers enabled Southeast Asians to overcome many challenges and regain their independence after World War II The book also relates how Malaysia Singapore Thailand Indonesia and Vietnam are now among the fastest growing economies in the world and play a critical role in today's global marketplace Richard M. Nixon and European Integration Joseph M. Siracusa, Hang Thi Thuy Nguyen, 2018-04-13 This book re-examines the Nixon administration's attitude and approach to the European integration project The formulation of US policy towards European integration in the Nixon presidential years 1969-1974 was conditioned by the perceived relative decline of the United States Western European emergence and competition the feared Communist expansionism and US national interests Against that backdrop the Nixon administration saw the need to re-evaluate its policy on Western Europe and the integration process on this continent Underpinning this study is the extensive use of newly released archival materials from the Nixon Presidential Library and Museum the Library of Congress and the State Department Furthermore the work is based on the public papers in the American Presidency Project and the materials on the topic of European integration and unification in the Archive of European Integration Finally the study has extensively used newspaper archives as well as the declassified online documents memoirs and diaries of former US officials Mining these sources made it possible to shed new light on the complexity and

dynamism of the Nixon administration's policy towards European integration      **Forthcoming Books** Rose Arny, 1998

Women s Studies     Einstein's Pacifism and World War I Virginia Iris Holmes,2017-06-22 To understand how Albert Einstein s pacifist and internationalist thought matured from a youthful inclination to pragmatic initiatives and savvy insights Holmes gives readers access to Einstein in his own words Through his private writings she shows how Einstein s thoughts and feelings in response to the war evolved from horrified disbelief to ironic alienation from both the war s violence and patriotic support for it by the German people to a kind of bleak endurance Meanwhile his outward responses progressed from supporting initiatives of other pacifists to developing his own philosophy of a postwar order to being the impetus behind initiatives In the beginning of the postwar period Einstein s writing reflected an optimism about Germany s new Weimar Republic and trust in the laudatory effects of military defeat and economic hardship on the German people He clearly supported the principles in US President Woodrow Wilson s Fourteen Points speech Yet Einstein s enthusiasm diminished as he became disappointed in the early Weimar Republic s leaders and as his aversion to the culture of violence developing in Germany grew He also felt offended at the betrayal of Wilson s principles in the Treaty of Versailles Drawing upon personal correspondence and public proclamations Holmes offers an intimate and nuanced exploration of the pacifist thought of one of our greatest intellectuals     *The British National Bibliography* Arthur James Wells,2005     **Subject Guide to Books in Print** ,2001     **The Shaping of Western Civilization** Michael Burger,2013-12-16 The Shaping of Western Civilization From the Reformation to the Present begins with the Reformation and ends with globalization Unlike other textbooks that pile on dates and facts Shaping is a more coherent and interpretive presentation     **History and Historiography of Post-Mongol Central Asia and the Middle East** John E.
