Understanding World Religions Irving Hexham, 2011-03-22 Globalization and high speed communication put twenty first century people in contact with adherents to a wide variety of world religions but usually valuable knowledge of these other traditions is limited at best On the one hand religious stereotypes abound hampering a serious exploration of unfamiliar philosophies and practices On the other hand the popular idea that all religions lead to the same God or the same moral life fails to account for the distinctive origins and radically different teachings found across the world s many religions *Understanding World Religions* presents religion as a complex and intriguing matrix of history philosophy culture beliefs and practices Hexham believes that a certain degree of objectivity and critique is inherent in the study of religion and he guides readers in responsible ways of carrying this out Of particular importance is Hexham s decision to explore African religions which have frequently been absent from major religion texts He surveys these in addition to varieties of Hinduism Buddhism Judaism Christianity and Islam *Outlines and Highlights for World Religions* Cram101 Textbook Reviews, 2011-05-01 Never HIGHLIGHT a Book Again Virtually all of the testable terms concepts persons places and events from the textbook are included Cram101 Just the FACTS101 studyguides give all of the outlines highlights notes and quizzes for your textbook with optional online comprehensive practice tests Only Cram101 is Textbook Specific Accompanys 9780195415209 **The**

Legacy of Wilfred Cantwell Smith Ellen Bradshaw Aitken, Arvind Sharma, 2017-03-15 This is the first work to address the legacy of Wilfred Cantwell Smith 1916 2000 whose intellectual and institutional contributions helped shape the field of religious studies in the latter half of the twentieth century As a young scholar Smith taught Indian and Islamic history in Lahore for several years and witnessed the partition of India Upon his return to North America he obtained his PhD at Princeton University before embarking upon a long and distinguished career He founded the Institute of Islamic Studies at McGill University and served as director of the Center for the Study of World Religions at Harvard University Smith emphasized the place of the scholarly study of Islam in the Western academy long before Islam occupied its current position at the center of global politics challenged the notion of monolithic world religions and argued for the importance of dialogical processes and a personalist approach to the study of religion Contributors to this volume many of whom were Smith's students provide a wide ranging exploration of his influence and legacy

Ecological Imaginations in the World Religions Tony Watling, 2011-10-20 The field of religion and ecology is an emerging and growing movement that is becoming relevant and influential in the world It seeks to analyse encourage inspire use compare and combine religious traditions to engage and shape environmental issues Tony Watling seeks to ethnographically analyse this important field and its expressions In particular he analyses and compares its explorations of different world religions for ecological themes and the resulting expressions of ecological visions in what he terms religious ecotopias idealized environmentally friendly re imaginings of nature and humanity and correspondingly religion which seek to influence environmental attitudes

Religious Epiphanies Across Traditions and Cultures James Kellenberger, 2017-08-08 This book explores religious epiphanies in which there is the appearance of God a god or a goddess or a manifestation of the divine or religious reality as received in human experience Drawing upon the scriptures of various traditions ancillary religious writings psychological and anthropological studies as well as reports of epiphanic experiences the book presents and examines epiphanies as they have occurred across global religious traditions and cultures historically and up to the present day Primarily providing a study of the great range of epiphanies in their phenomenal presentation Kellenberger also explores issues that arise for epiphanies such as the matter of their veridicality whether they are truly of or from the divine and the question of whether all epiphanies are of the same religious reality

World Religions in Practice Paul Gwynne, 2011-09-07 World Religions in Practice introduces five of the world's great religions Hinduism Buddhism Judaism Christianity and Islam and explores how they are lived and expressed in custom ritual and symbol A major new textbook exploring the world's great religions through their customs rituals and everyday practices by focusing on this lived experience it goes beyond many traditional introductions to religious studies Adopts a directly comparative approach to develop a greater understanding of the nature of religion Each chapter engages with an individual theme such as birth death food pilgrimage and ethics to illustrate how religious practices are expressed Broadens students understanding by offering an impartial discussion of the similarities and differences

between each religion Includes chapter by chapter opening themes and summaries and will be accompanied by a website at www.blackwellpublishing.com/gwynne featuring additional resources and study questions

Religion and the Domestication of Dissent Russell T. McCutcheon, 2016-04-08 Since the events of 9 11 the representation of Islam has increasingly come adrift from its actuality Scholars and pundits have effectively demonised a whole faith by wilfully apportioning blame and by ignoring the differences within the Islamic movement Religion and the Domestication of Dissent examines how the classifications we use to name and negotiate our social worlds notably religion are implicitly political The study ranges widely from contemporary film and art to the War on Terror and will be invaluable to readers interested in the politics behind the portrayal of dissenting religious groups

When Worlds Converge Clifford N. Matthews, Mary Evelyn Tucker, Philip Hefner, 2002 In this book over 30 prominent scientists theologians and philosophers explore three main convergences the convergence of different sciences to give a coherent story of mankind religious convergence whereby different traditions work together toward global harmony and the convergence of science and religion

Polyphonic Thinking and the Divine Jim Kanaris, 2013 Philosophy of religion is a highly diversified field An apt description of it is zoo It conjures imagery of a species wide cacophony of sights and sounds While some bemoan what this description implies Contributors to this volume appreciate it There is no reason why a zoo should intimate a den of confusion rather than an important condition of emergence and novelty Polyphonic is the catchall term to capture this sentiment It signals a way of thinking that resists the desire to siphon insight into manageable packets of information in the Name of historicity and finitude A polyphonic then is a variegated and discontinuous study that breaks with a tradition that desires continuity and unification without being erratic This volume is an exercise in polyphonic thinking Each contributing scholar develops ideas in connection with his or her research interests Despite the fluctuation of themes symmetry exists as each piece sounds off a core melody of religion and the divine The book contributes to the advancement of current research in contemporary Continental philosophy of religion By juxtaposing articles by cultural theorists and philosophers of religion religionists and theologians the book emphasizes the importance of interdisciplinary and polyphonic conversation to the development of matters of topical interest and issues related to method and ethics in religious studies and theology

Problematizing Religious Freedom Arvind Sharma, 2011-08-08 The concept of religious freedom is the favoured modern human rights concept with which the modern world hopes to tackle the phenomenon of religious pluralism as our modern existence in an electronically shrinking globe comes to be increasingly characterised by this phenomenon To begin with the concept of religious freedom as embodied in Article 18 of the Universal Declaration of Human Rights seems self evident in nature It is the claim of this book however that although emblematic on the one hand the concept is also problematic on the other and the implications of the concept of religious freedom are far from self evident despite the ready acceptance the term receives as embodying a worthwhile goal This book therefore problematizes the concept along legal constitutional ethical and theological lines and especially from the

perspective of religious studies so that religious freedom in the world could be enlarged in a way which promotes human flourishing

Amore, 2021-06-15 Historical Dictionary of Lebanon Second Edition covers the long history of Lebanon from before the Ottoman era through the Ottoman Era the French Mandate Independence the long civil war and the recent protests for democratic reform and the aftermath of the explosion in the port area It features lengthy entries on major historical political events as well as the major people sectarian groups and political parties It contains a chronology an introduction and an extensive bibliography The dictionary section has more than 800 cross referenced entries on important personalities as well as aspects of the country's politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Lebanon

New Age Religion and Western Culture Wouter J. Hanegraaff, 2018-09-24 Recent years have seen a spectacular rise of the New Age movement and an ever increasing interest in its beliefs and manifestations This fascinating work presents the first ever comprehensive analysis of New Age Religion and its historical backgrounds thus providing the reader with a means of orientation in the bewildering variety of the movement Making extensive use of primary sources the author thematically analyses New Age beliefs from the perspective of the study of religions While looking at the historical backgrounds of the movement he convincingly argues that its foundations were laid by so called western esoteric traditions during the Renaissance Hanegraaff finally shows how the modern New Age movement emerged from the increasing secularization of those esoteric traditions during the 19th century This ground breaking publication is compulsive reading for all those involved or interested in the New Age movement

Travel and Religion in Antiquity Philip A. Harland, 2011-03-15 Travel and Religion in Antiquity considers the importance of issues relating to travel for our understanding of religious and cultural life among Jews Christians and others in the ancient world particularly during the Hellenistic and Roman eras The volume is organized around five overlapping areas where religion and travel intersect travel related to honouring deities including travel to festivals oracles and healing sanctuaries travel to communicate the efficacy of a god or the superiority of a way of life including the diffusion of cults or movements travel to explore and encounter foreign peoples or cultures including descriptions of these cultures in ancient ethnographic materials migration and travel to engage in an occupation or vocation With interdisciplinary contributions that cover a range of literary epigraphic and archeological materials the volume sheds light on the importance of movement in connection with religious life among Greeks Romans Nabateans and others including Judeans and followers of Jesus

Paradise and Paradigm Christopher Buck, 1999-05-13 In a novel approach that the author terms symbolic paradigm analysis Paradise and Paradigm offers a theoretically modular systematic comparison of two Persian religions early Syriac Christianity as the foundation of the East Syrian Church of the East the Nestorian Church of Persia and the Baha'i Faith a new world religion The author compares the hymns of the greatest poet of early Christianity Saint Ephrem the Syrian and the richly imagistic writings of the founder of the Baha'i religion Baha'u'llah The book employs

an original analytic technique in the creation of symbolic profiles constructed on Ninian Smart's dimensional model of religion. As Buck skillfully demonstrates, formal similarities between any two religions are best comprehended in terms of paradigmatic differences which nuance all parallels through a process of symbolic transformation. Buck also shows the communal reflexivity of paradise imagery in representing the ideal faith community in both traditions. Answers to Common Questions about Angels and Demons H. Wayne House, Timothy J. Demy, The Bible is a ready resource for guidance on topics and questions that often provoke and perplex believers. And yet few know where to look for the answers they need. Until now. Written in question and answer format for easy reading, this quick reference guide provides brief summaries of important biblical doctrines so Christians can confidently and honestly discuss their beliefs with family, friends, and neighbors.

The World's Religions Arvind Sharma, 2010-10-01 This wide-ranging reader combines some of the best and most valuable contemporary perspectives from leading and significant writers, teachers, and thinkers who together address critical challenges and opportunities for the world's religions in a post-9/11 world. Edited by Arvind Sharma and organized by topic, the essays in this reader consider broad questions such as: What influence does religion have on contemporary life? The thematic arrangement of topics includes diverse religious perspectives on war, terror, peace, human rights, pluralism, diversity, gender, spirituality, the interreligious dialogue, international diplomacy, and globalization. Religion in 50 More Words Aaron W. Hughes, Russell T. McCutcheon, 2021-11-29 Religion in 50 More Words: A Redescriptive Vocabulary provides a succinct historical, social, and political examination of some of the key words used in the modern study of religion. Differing from the first volume's more theoretical focus, this volume analyzes more common first-order descriptive terms that are used throughout the field, inviting readers to theorize their traditional vocabulary. Topics covered include Atheism, Theism, Conversion, Cult, Evil, Fundamentalism, Idol, Magic, Pilgrimage, Ritual, Sacrifice. Religion in 50 More Words submits such terms to a critical interrogation and subsequent redescription. This paves the way for a collective and more critical reframing of the field. The volume, along with Religion in 50 Words, provides an indispensable resource for students and academics working in the field of religious studies and cognate disciplines.
