*Historia Ludens* Alexander von Lünen, Katherine J. Lewis, Benjamin Litherland, Pat Cullum, 2019-08-30 This book aims to further a debate about aspects of playing and gaming in connection with

history Reaching out to academics professionals and students alike it pursues a dedicated interdisciplinary approach Rather than only focusing on how professionals could learn from academics in history the book also ponders the question of what academics can learn from gaming and playing for their own practice such as gamification for teaching or using play as a paradigm for novel approaches into historical scholarship Playing and gaming are thus understood as a broad cultural phenomenon that cross pollinates the theory and practice of history and gaming alike *DA Pam* ,1964 **Handbook of Research on Entrepreneurship and Conflict** Wim Naudé,Bernadette Power,2024-07-05 This Handbook focuses on the complex relationship between entrepreneurship and conflict Editors Wim Naud and Bernadette Power construct a broad overview of central research themes in the field covering states being captured by entrepreneurs states capturing businesses entrepreneurship in post conflict reconstruction and entrepreneurs in conflict against other entrepreneurs **Military Law Review** ,1964 **Get a Life** Vivienne Westwood,2016-10-13 Vivienne Westwood began Get A Life her online diary in 2010 with an impassioned post about Native American activist Leonard Peltier Since then she has written two or three entries each month discussing her life in fashion and her involvement with art politics and the environment Reading Vivienne s thoughts in her own words is as fascinating and provocative as you would expect from Britain s punk dame a woman who always says exactly what she believes And what a life One week you might find Vivienne up the Amazon highlighting tribal communities struggles to maintain the rainforest another might see her visiting Julian Assange in the Ecuadorian Embassy or driving up to David Cameron s house in the Cotswolds in a full on tank Then again Vivienne might be hanging out with her friend Pamela Anderson or in India for Naomi Campbell s birthday party or watching Black Sabbath in Hyde Park with Sharon Osbourne The beauty of Vivienne Westwood s diary is that it is so fresh and unpredictable In book form generously illustrated with her own selection of images it is irresistible *Crisis of the State* Bruce Kapferer,Bjørn Enge Bertelsen,2009 Analyzing both historical contexts and geographical locations this volume explores the continuous reformation of state power and its potential in situations of violent conflict The state otherwise understood as an abstract and transcendent concept in many works on globalization in political philosophy is instead located and analyzed here as an embedded part of lived reality This relationship to the state is exposed as an integral factor to the formation of the social whether in Africa the Middle East South America or the United States Through the examination of these particular empirical settings of war or war like situations the book further argues for the continued importance of the state in shifting social and political circumstances In doing so the authors provide a critical contribution to debates within a broad spectrum of fields that are concerned with the future of the state the nature of sovereignty and globalization Biowarrior Igor V. Domaradskij,Wendy Orent,2010-05 This extraordinary memoir by a leading Russian scientist who worked for decades at the nerve center of the top secret Biopreparat offers a chilling look into the biological weapons program of the former Soviet Union vestiges of which still exist today in the Russian Federal Republic Igor Domaradskij calls himself an inconvenient man a dedicated scientist but a

nonconformist who was often in conflict with government and military apparatchiks In this book he reveals the deadly nature of the research he participated in for almost fifteen years From 1950 till 1973 Domaradskij played an increasingly important role as a specialist in the area of epidemic bacterial infections He was largely responsible for an effective system of plague control within the former USSR which prevented mass outbreaks of rodent born diseases But after twenty three years of making significant scientific contributions his work was suddenly redirected Under pressure from the Soviet military he helped design create and direct Biopreparat the goal of which was to develop new types of biological weapons From the inception of this highly secret venture Domaradskij openly expressed his skepticism and criticized it as a risky gamble and a serious error by the government Eventually his critical attitude forced him out of the communist party and finally cost him the opportunity of continuing his scientific work Domaradskij goes into great detail about the secrecy intrigue and the bureaucratic maze that enveloped the Biopreparat scientists making them feel like helpless pawns What stands out in his account is the hasty patchwork nature of the Soviet effort in bioweaponry Far from being a smooth running terrifying monolith this was an enterprise cobbled together out of the conflicts and contretemps of squabbling party bureaucrats military know nothings and restless ambitious scientists In some ways the inefficiency and lack of accountability in this system make it all the more frightening as a worldwide threat For today its dimensions are still not fully known nor is it certain that any one group is completely in control of the proliferation of this lethal weaponry Biowarrior is disturbing but necessary reading for anyone wishing to understand the nature and dimensions of the biological threat in an era of international terrorism Igor V Domaradskij Moscow Russia is chief research fellow of the Moscow Gabrichevsky G N Institute of Epidemiology and Microbiology a member of the Russian Academy of Medical Sciences and the Academy of Natural Sciences of Russia and the author of fourteen books on microbiology biochemistry and immunology Wendy Orent Atlanta GA is a freelance writer and ethnologist
