World War II was nothing short of miraculous From the chaos of the war and the crisis of 1947 Europe moved directly to the most rapid quarter century of economic growth in her history The contributors to this volume seek to identify the sources of this singularly successful recovery That all European countries shared in the miracle suggests that its roots may lie at the international level The chapters therefore focus on the role played by international institutions the International Monetary Fund the World Bank the European Coal and Steel Community the European Payments Union the General Agreement on Tariffs and Trade and weigh the relative importance of domestic and international factors in Europe s postwar recovery This book will be of interest to students of modern European history and to economists interested in economic growth European economic integration and reform of the Bretton Woods institutions *The Best Books: F, History and historical biography.*

Renner,2016-11-14 This outstanding piece of research on Hungary's secret air force program fills a critical gap in our understanding of pre WWII military advancement John H Morrow Jr author of *The Great War In the aftermath of World War I* Hungary was officially banned from maintaining a military air service Despite this mandate however the embattled nation was determined to rearm itself Drawing upon a wealth of previously untranslated documents this fascinating history reveals the story of how Hungary secretly built an entire air force during the interwar years In the early 1920s Hungarian officials managed to evade and obstruct Allied inspectors at every turn Unable to pursue domestic manufacturing the clandestine rearmament program secretly bought planes from Italy and Germany Great efforts were made to stockpile equipment from the Great War and the Hungarian government promoted the development of commercial aviation partly as a front for military flight operations During the late 1930s the Hungarian air force went from a secret branch of the army to an independent modernizing force in its own right But this success came at a heavy cost increasing German support brought a growing Nazi influence over the country Hungary entered the Second World War on the side of the Axis in 1941 with its air force soon becoming little more than a Luftwaffe auxiliary force Besieged by Allied bombings the Hungarian air force ended the Second World War much as they had the First salvaging aircraft parts from downed invaders and fighting until they no longer had airfields from which to operate     Night on Earth Davide Rodogno,2021-12-09 Reveals how international relief and development became intertwined in humanitarian programs in the Near East from 1918 to 1930     **Oswaal CBSE Sample Question Papers Class 10 Social Science Book (For Board Exams 2024) | 2023-24** Oswaal Editorial Board,2023-08-22 Description of the product Fresh Relevant with 2024 CBSE SQP Fully Solved Analysed Score Boosting Insights with 500 Questions 1000 Concepts Insider Tips Techniques with On Tips Notes Mind Maps Mnemonics Exam Ready to Practice with 10 Highly Probable SQPs with Actual Board Answer sheets     *Governmental Intervention in the Market Mechanism: the Petroleum Industry* United States.
