The ACES Workshop in Corfu Greece of July 2009 builds on them attracting as contributors world leaders in Performance based Earthquake Engineering from North America Europe and the Pacific rim Japan New Zealand Taiwan China. It covers the entire scope of Performance based Earthquake Engineering: Ground motions for performance based earthquake engineering; Methodologies for Performance based seismic design and retrofitting; Implementation of Performance based seismic design and retrofitting; and Advanced seismic testing for performance based earthquake engineering.

Audience: This volume will be of interest to scientists and advanced practitioners in structural earthquake engineering, geotechnical earthquake engineering, engineering seismology and experimental dynamics.

Planning Public Library Buildings Michael Dewe, 2006. Planning a new or refurbished public library means considering not only facilities for collections, services, staff and users but examining also the local context, reviewing the library image and developing relationships with other community facilities and agencies. This book examines the entire gamut of challenges confronting the planning and development of contemporary public libraries: their mission, their roles and key issues such as lifelong learning, social inclusion, community and cultural needs, regeneration and funding. The helpful presentation and readable style guides the librarian through the preliminary information gathering and decision making process that ensures a successful library building for all concerned. Using practical case studies, plans and photographs, the author tackles the critical issues of siting, size, plans and design concepts and provides a helpful guide to weighing up the alternatives of refurbished, converted and new buildings, security, safety and sustainability, key characteristics of successful buildings, identity, decor and signage and interior layout and facilities. The text draws together a vast resource of real library examples from all over the world which provide best practice models and lessons to learn. For funding authorities, librarians and architects of public libraries, this is a highly informative book that will help to ensure wise decision making and prevent costly mistakes.

Distributed, Embedded and Real-time Java Systems M. Teresa Higuera-Toledano, Andy J. Wellings, 2012-02-07. Research on real time Java technology has been prolific over the past decade, leading to a large number of corresponding hardware and software solutions and frameworks for distributed and embedded real time Java systems.
