**Sundays at Eight** Brian Lamb, C-SPAN, 2014-04-29 For the last 25 years Sunday nights at 8pm on C SPAN has been appointment television for many Americans During that time host Brian Lamb has invited people to his Capitol Hill studio for hour long conversations about contemporary society and history In today's soundbite culture that hour remains one of television's last vestiges of in depth civil conversation First came C SPAN's Booknotes in 1989 which by the time it ended in December 2004 was the longest running author interview program in American broadcast history Many of the most notable nonfiction authors of its era were featured over the course of 800 episodes and the conversations became a defining hour for the network and for nonfiction writers In January 2005 C SPAN

embarked on a new chapter with the launch of Q and A Again one hour of uninterrupted conversation but the focus was expanded to include documentary film makers entrepreneurs social workers political leaders and just about anyone with a story to tell To mark this anniversary Lamb and his team at C SPAN have assembled Sundays at Eight a collection of the best unpublished interviews and stories from the last 25 years Featured in this collection are historians like David McCullough Ron Chernow and Robert Caro reporters including April Witt John Burns and Michael Weisskopf and numerous others including Christopher Hitchens Brit Hume and Kenneth Feinberg In a March 2001 Booknotes interview 60 Minutes creator Don Hewitt described the show s success this way All you have to do is tell me a story This collection attests to the success of that principle which has guided Lamb for decades And his guests have not disappointed from the dramatic escape of a lifelong resident of a North Korean prison camp to the heavy price paid by one successful West Virginia businessman when he won 314 million in the lottery or the heroic stories of recovery from the most horrific injuries in modern day warfare Told in the series signature conversational manner these stories come to life again on the page Sundays at Eight is not merely a token for fans of C SPAN s interview programs but a collection of significant stories that have helped us understand the world for a quarter century

Subcommittee on Consumer Affairs and Coinage,1986 *Mayday* Seth Cropsey,2014-03-25 A naval expert charts the rise and fall of America s maritime supremacy and what it means for the future of U S security and prosperity As with other powerful nations throughout history maritime supremacy has been the key to America s superpower status and the relative peace of the postwar era But in the twenty first century the United States Navy s combat fleet has dwindled to historic lows the smallest since before World War I At the same time rival nations such as China have increased the size of their navies at an extraordinary rate As Seth Cropsey convincingly argues the precipitous decline of the U S as a great seapower will have profound consequences sooner than we might think In clear and concise language Mayday tracks the modern evolution of U S maritime strength where it stands now and the likely consequences if changes are not made to both the Navy s size and shape and to the United States strategic understanding of how to combine maritime and continental force *Morbid Symptoms* Owen Worth,2019-10-15 Morbid Symptoms provides a novel interesting and timely analysis of the contemporary far right It is an impressive work of scholarship George Hawley author of The Alt Right What Everyone

ambivalence identifying the major waves of immigration and clarifying the ways in which the existing social and political fabric conditioned both the response to the newcomers and their prospects of eventual integration into American society Part I introduces the historical record The early days of the Republic when most immigrants arrived from northern Europe The most important wave of immigration to the United States in the country s history over 1880 1920 when most immigrants arrived from Asia or from southern and eastern Europe Virulent post World War I anti immigration sentiment The World War II era absorption of huge numbers of displaced persons fleeing the misery and devastation of Europe Transition from a quota system to a preference system Heightened debate in the 1980s and 1990s The immigration policy repercussions of the terrorist attacks of September 11 2001 Part II takes up special issues in the contemporary immigration debate including the security debate and immigration immigration and the U S judiciary the immigration debate and the economy and the spectrum of public opinion on immigration revealed during the 2008 presidential election campaign The authors demonstrate that today s highly polarized immigration reform debate in many respects recapitulates the antagonisms and chaotic policies of the 1980s and 1990s when Ronald Reagan s Republican administration implemented an amnesty program while the state of California adopted the punitive Proposition 187 Paramount in today s immigration debate however are the homeland security concerns rendered acute by the 2001 bombing of the World Trade Center in New York City The controversial USA PATRIOT Act of 2001 and the Homeland Security Act of 2002 are among the documents surveyed in relation to the contemporary immigration debate     The American Eagle Gold Coin Act of 1982 United States.
