The Palgrave Handbook of Contemporary Kenya Wanjala S. Nasong'o, Maurice N. Amutabi, Toyin Falola, 2023-05-27 This volume is a bold attempt to address a comprehensive range of themes and issues relating to contemporary Kenya. It covers independent Kenya's history, society, culture, economics, politics, and environment with great breadth and depth, comprising thirty-four chapters divided into three parts. Part I focuses on independence and the political economy of development, followed by Part II on environment, globalization, gender, and society. Part III examines the external context's impact and implications for Kenya and the role of Kenya in the global political economy.

Señor Kon-Tiki; the Biography of Thor Heyerdahl Arnold Jacoby, 1967 The voyage of Kon-Tiki just two decades ago was one of the great true adventures of our century. For its daring leader Thor Heyerdahl, this expedition was the turning point of a life already crowded with excitement. Now overnight he was an international celebrity but a man half-obscured by the shadow of his own achievement. Millions knew his name but few knew the man behind the voyage. In this definitive biography, Arnold Jacoby focuses on that man. He tells of Heyerdahl's boyhood, youth of the experimental year when he and his bride returned to nature on a remote Pacific island to see if modern man was better off than primitive man, and of his wartime experiences in the Free Norwegian Army. One theme recurs throughout those years: Heyerdahl's growing conviction that accepted scientific opinion about the origins of the South Sea Islanders was incorrect. But his own theories brought only scorn from the scientific community until he set out to prove himself right in the only way possible: by recreating the Pacific voyage he knew must once have taken place. The Kon-Tiki and subsequent expeditions to Easter Island and the Galapagos won Heyerdahl renown and perhaps more importantly, scientific respect. The behind-the-scenes stories of these achievements and their aftermath are all part of this fascinating book inside jacket.

Mindfulness in Internet and New Media Wen-Ko Chiou, Chao Liu, Hao Chen, Shuhua Zhou, 2023-10-24

Mindfulness is about being aware in a certain way, being consciously aware on purpose, living in the present moment without mental judgment. In addition to the in-depth application of mindfulness in different subdisciplines of psychology, e.g., social, personality, clinical, developmental, health, organizational, there is also a trend toward cross-fertilization with other social and behavioral disciplines, e.g., design, kinesiology, sociology, family studies, education, anthropology, neuroscience, philosophy, economics, medicine, organizational science. However, the application of mindfulness in the field of communication is limited. With the rapid development of the Internet and new media, the study of Internet communication is growing rapidly. The Internet and new media make it easy to connect with others, explore a new world, and regard cyberspace as an extension of one's own thoughts and personality. Nevertheless, when people use the Internet and new media mindlessly, they will easily experience the social effects on their virtual selves and encounter psychological problems, e.g., network morality, network anxiety, network pornography, network addiction, and cyberbullying, which has become a widespread and serious problem. As an important part of positive psychology, mindfulness intervention has been proved to help improve a series of negative

psychological states and promote positive emotions and subjective well being However what theoretical and practical contributions can mindfulness in the Internet and new media bring remains unknown Thus this Research Topic focuses on the influence and intervention of mindfulness on the psychological problems caused by the network new media communication We welcome high quality studies using a variety of research methods including quantitative qualitative mixed methods and reviews on the second generation of mindfulness interventions and other meditation based interventions e g focused attention meditation transcendental meditation and loving kindness meditation This Research Topic encourages submissions that cover but are not limited to the following topics 1 The internet and new media guided mindfulness and loving kindness meditation practice 2 Mindfulness and interpersonal communication in the network network trust network security network intimacy 3 Mindfulness and network clustering behavior 4 Mindfulness and online consumer psychology 5 Mindfulness and cyber moral psychology cyberbullying cyber altruism and prosocial behavior 6 Mindfulness and online pornography 7 Mindfulness and internet addiction 8 Mindfulness and online psychological counseling 9 Mindfulness and new media anxiety
