**Out of the Solitary Mind** Devaki Maenon, 2013-09 Out of the Solitary Mind is a collection of fifteen poems depicting mostly of what lies on the dark side of imagination, portraying sorrow, loss, death, mystery, magic and occasionally pleasant things. It shows how it is like to live in a solitary world filled with sudden and rather unpleasant surprises. It may start with the pleasant story of a worm and a mango, but toward the end it turns a rather sharp turn into a world of stirred emotions filled with the sorrowful fate of a talking bag, the pleading ghost of a royal princess, a mysterious phantom, a witch and her cauldron that everybody hates and more. Out of the Solitary Mind is guaranteed to take the mind on a wild ride on a path twisted with emotions, fear and the less garish.

Dragonflies Stephanie Street, *Dragonflies* is the story of a family fighting for survival in a hostile world looking for somewhere to call home and something that might look like hope The year is 2021 and climate change is wreaking havoc across the globe Donald Trump has been re elected US President for a second term Brexit is in full effect and causing chaos all over Europe In the wake of escalating wars in the Middle East famine in West Africa and relentless terrorist attacks by radical extremists the UK and many nations around the world has enforced a ban on all immigration With the coastline around him and life as he knows it crumbling to dust Leslie Chen is forced to abandon his home in England and move his family back to his birthplace Singapore Confronting a country that is a world apart from the one he knew as a child he is now made to question the meaning of home As the crises and conflicts escalate one thing is certain come hell or high water and possibly both he must protect his family While dragonflies migrate halfway across the world we the human race struggle to embrace our nomadic heritage our need to move to greener pastures in order to survive And as global warming the resurgence of far right politics and worldwide paranoia make us burn bridges and build walls between communities families and individuals we have to ask ourselves Where do we go from here

Reader Reviews Compassionate hopeful and exquisitely acted Best of 2017 The Straits Times Watching *Dragonflies* is like reading an issue of The Economist from cover to cover it is chock full of urgent issues from immigration to xenophobia to climate change Excellent script evocative staging brilliantly played The Business Times A dynamic and fresh look on current affairs that aims to enrich surprise and stimulate its audience But overall the message of *Dragonflies* is simple build bridges not walls Pride Kindness The play s success lies in how realistic and possible it all is and the genuine threats feel like they have the potential to seep into our own reality with very real stakes for characters we ve come to know and relate to and evoking intense sympathy as we watch a family completely come apart helpless in the face of circumstance

Bakchormeeboy A gripping tale of displacement that is at once epic and intimate Naeem Kapadia *Crystalwords* A play that ambitiously tackles multiple issues from climate change to human migration from racism and xenophobia to openness and generosity from ambivalence to empathy from impassioned implementation of laws and policies when I m sorry really doesn t mean I m sorry to the touching gentle connection of human relationships across lines that traditionally do not cross and somehow successfully stitches it all together into deep stirring storytelling Sticky Rice Street s writing is effectual in capturing the pain brewed by grief as well as the resignation in a person from a marginalised community

*Awakening to China's Rise* Hugo Meijer, 2022-08-01 Awakening to China's Rise provides the most comprehensive analysis to date of how Europe's major

powers have responded to the re emergence of China as a great power in world politics since the end of the Cold War To do so it puts forward a unique cross regional comparison of how the major European powers France Germany and the United Kingdom have confronted Chinese assertiveness both in the Asia Pacific and in Europe Firstly it analyses their response to China s increasingly muscular regional posture in the Asia Pacific through the development of diplomatic and security initiatives with partners in the region Secondly it delineates how they have confronted China s inroads into Europe looking at the measures that they have taken to tackle Chinese investments in and supply of technologies in strategic sectors such as critical national infrastructures dual use technologies and in the digital domain including Huawei s 5G networks A longstanding assumption in the IR literature has been that European foreign policies toward the People s Republic of China have been driven by a na ve and self interested focus on the economic opportunities presented by such a vast market overlooking security considerations This book challenges such common belief through a detailed examination of the policies of France Germany and the United Kingdom from 1989 to the present Its central argument is that whereas this assessment aptly characterized the first two post Cold War decades Beijing s growing assertiveness after 2009 caused the three major European powers to awaken to China s rise In the 2010s heightened threat perceptions of China coupled with increasingly competitive bilateral economic relations with the PRC have gradually and cumulatively caused the hardening of their policy goals which in turn translated into the formulation of new policy instruments to confront such a challenge To substantiate this argument the book relies on a large body of previously undisclosed primary sources including 223 interviews conducted with senior officials in Europe Berlin Brussels London Paris in the United States Washington DC and in Asia Beijing Shanghai New Delhi Seoul declassified archival documents from France the UK and Germany leaked US diplomatic cables and new data on European naval deployments
