The Money Mentor Graeme Holm, 2019-10-01 The Money Mentor is my take on the classic self-help book with one major difference It's a bullshit-free zone If you're reading this it's because you've recognised that your finances need help Either that or your kids gave you the book as a Christmas stocking filler it's pouring with rain and there's nothing on telly this afternoon Seriously however you got here isn't important The important thing is you're here Right here right now is where you start getting control of your finances This is where you stop throwing money away like it's going out of fashion and start saving This is where your financial worries start to lessen This is where you and your family begin to get ahead in the game What I do is very straightforward I help ordinary Mums and Dads burdened with standard 30-year home loans pay off those loans within 7 to 10 years Yes you read that correctly you can be mortgage-free in 7 to 10 years simply by following a plan that we create together It's not magic There's no smoke and mirrors It's not even a secret how we can do this together In fact I call it the not-so-secret secret because anyone can do it Together we examine your lifestyle and make a detailed assessment of your living expenses Using that information we then give every single dollar of your family's monthly income a specific purpose and structure it within a realistic budget And guarantee to pay the loan off in 7 to 10 years Paying your home loan off over 30 years is bullshit It's the biggest rip-off When you're sitting in your bank arranging your home loan their entire focus is on the minimum monthly repayment That just means they're forecasting their juicy profits over a 30-year period Profits that you're paying for We can even pay off that 30-year loan earlier in some cases One of our records is having cleared a mortgage in only 3.5 Mortgage-free in three and a half years wouldn't everyone love to be in that position Our aim is to disrupt the passive inherited way of thinking encouraged by the banks and to completely change traditional Mum and Dad psychology Not with idealistic nonsense and impossible to achieve pie-in-the-sky advice aimed at solving unrealistic or non-typical situations This book is packed with proven practical and realistic strategies that
