by later recourse to an inner model a template of a favoured word shape The book also examines the timing fading quantification and function of child phonological templates In addition two chapters focus on the use of templates in adult language in the core grammar and in the more creative morphology of colloquial short forms and hypocoristics in French and Estonian and of English rhyming compounds The idea of templates is traced back to its origins in Prosodic Morphology but its uses are most in evidence in the informal settings of adult language at play Throughout the volume the discussion returns to the issues of emergent systematicity the roles of articulatory and memory challenges for children and the similarities and differences in the function of templates for adults as compared with children *RE Active Church* Jenny Gray,2012-07-19 Primary school children are required to learn about Christianity and local churches are often keen to help but don't know where to start This book provides a four year cycle of resources that churches can offer to children at Key Stage Two years 3 to 6 ages 7 to 11 The tried and tested workshop material covers Christmas Easter and stories about Jesus and includes all you need to know to run sessions in your local church RE Active Church workshops help children realise they all belong to a bigger family RE Active Church will broaden each child's holistic education My staff have benefited hugely from working alongside the church Vicky Parsey Headteacher Applecroft School Welwyn Garden City *Making Christmas Bright With Papercrafts* Alice Hornecke,Dominik Meißner,Sabine Seyffert,2020-08-12 This delightful collection of 43 papercraft projects will put everyone in a festive mood with a wide range of decorative suggestions for the home and holiday table including Christmas tree ornaments packaging and gift giving ideas Ideal for papercrafters at every level of experience the book overflows with photos templates and instructions for an origami wreath cut out snowflakes place setting accessories and much more *Selected Papers on Natural and Artificial Compound Eye Sensors* Jeffrey S.
