**Ten Questions on Prayer** Gerald Heard, 1951      **Between the Pigeonholes** Alison Falby, 2020-12-15 Aldous Huxley described Gerald Heard as that rare being a learned man who made his mental home on the vacant spaces between the pigeonholes Heard's off beat interests made him a cultural and intellectual pioneer on both sides of the Atlantic in the middle decades of the twentieth century Despite accolades from such figures as E M Forster who characterized him as one of the most penetrating minds in England and Christopher Isherwood who described him upon his death as one of the few great magic mythmakers and revealers of life's wonder Heard is largely unknown today *Between the Pigeonholes* is the first published full length study of Gerald Heard Alison Falby examines Heard's ideas and contexts in interwar Britain and postwar America demonstrating his significance in several important twentieth century movements These movements include popular science and psychology psychical research Eastern spirituality pacifism cooperativism and Californian counter culture All of Heard's involvements expressed his desire to convey religious ideas in the modern languages of biological social and physical science Falby also traces Heard's shifting political leanings from left liberal in the early 1930s to libertarian in the early 1960s She finds that his modernist theological approach conventionally associated with liberal religion and politics provided spiritual fodder for those on both the Left and the Right Isherwood and W H Auden on the one hand and Clare Boothe Luce and Spiritual Mobilization on the other Using Heard as a prism through which to examine popular ideas Falby shows that the twentieth century contained much political and religious heterogeneity This heterogeneity illustrates the diverse and overlapping roots of both liberal religion and conservative politics in the twenty first century      Pendle Hill Pamphlet[s]., 1995      In Search of the Spirit Mary McDermott Shideler, 2005-09 In this classical primer on the spiritual life Mary McDermott Shideler writes for those just beginning to experience the stirrings of the spirit and to ask the most elementary questions How should I pray What should I pray What is prayer In her guide to the basics of spiritual development Shideler leads us with shrewd psychological insight from the early steps of spiritual awakening to mature understanding and commitment to whatever tradition in which we find ourselves Drawing on the insights of writers like CS Lewis Kierkegaard Charles Williams and GK Chesterton this eloquent work describes life in the spirit with vivid stories and examples and without formal terminology Mary Shideler's call to see ourselves as living under the aspect of the eternal to awaken that Spirit within is itself sounded from a deep commitment and practice Applicable to beginners of many different traditions and backgrounds she is also clear that at some time the novitiate must end and that a deeper commitment will be necessary Perhaps her observation Thou shalt not be overcome will be one that will prompt many to begin their own spiritual journey Henri Nouwen      The Living Church, 1946      Pendle Hill Bulletin, 1967      Library of Congress Catalog Library of Congress, 1950      *Catalog of Copyright Entries.
