Territorial Disputes In The South China Sea Navigating Rough Waters

Christian Bueger, Timothy Edmunds

Territorial Disputes In The South China Sea Navigating Rough Waters:

Territorial Disputes in the South China Sea J. Huang,A. Billo,2014-12-09 Heightened tensions in the South China Sea have raised serious concerns about the dangers of conflict in this region as a result of unresolved complex territorial disputes This volume offers detailed insights into a range of country perspectives addressing the historical legal structural regional and multilateral dimensions of these disputes

Territorial Disputes in the South China Sea J. Huang,A. Billo,2014-12-09 Heightened tensions in the South China Sea have raised serious concerns about the dangers of conflict in this region as a result of unresolved complex territorial disputes This volume offers detailed insights into a range of country perspectives addressing the historical legal structural regional and multilateral dimensions of these disputes

Islands and Rocks in the South China Sea James Borton,2017-04-17 The situation in the South China Sea with regard to territorial disputes remains unsettled despite The Hagues Permanent Court of Arbitration unanimous ruling in favor of the Philippines and against Chinas historic rights to the South China Sea This collection of academic essays examines many interpretations of international law on the legal status of the contested islands and rocks Whats clear to all is that the failure to uphold international law and norms harms all claimants interests in the contested sea

Law of the Sea in South East Asia Donald R Rothwell,David Letts,2019-07-19 The United Nations Convention on the Law of the Sea LOSC represents one of the most successful examples of multilateral treaty making in the modern era The convention has 168 States parties and most non signatory States recognise nearly all of its key provisions as binding under customary international law including the United States Nevertheless there remain significant differences in interpretation and implementation of the LOSC among States as well as calls on occasion for its amendment This book analyses the impact influence and ongoing role of the LOSC in South East Asia one of the most dynamic maritime regions in the world Maritime security is a critical issue within the region and it is separately assessed in light of the LOSC and contemporary challenges such as environmental security and climate change Likewise navigational rights and freedoms are a major issue and they are evaluated through the LOSC and regional state practice especially in the South China Sea Special attention is given to the role of navies and non state actors Furthermore the book looks at regional resource disputes which have a long history These disputes have the potential to increase into the future as economic interests and concerns over food security intensify Effective LNG and fisheries resource management is therefore a critical issue for the region and unless resolved could become the focal point for significant maritime disputes These dynamics within the region all require extensive exploration in order to gauge the effectiveness of LOSC dispute resolution mechanisms The Law of the Sea in South East Asia fills a gap in the existing literature by bringing together a holistic picture of contemporary maritime issues affecting the region in a single volume It will appeal to academic libraries government officials think tanks and scholars from law strategic studies and international relations disciplines

Maritime and Territorial Disputes in the South China Sea Yih-Jye Hwang,Edmund Frettingham,2021-03-09 This edited volume

rethinks the relationship between power and law in the age of China's rise by examining recent developments in the South China Sea SCS. The contributors explore different interpretations of international law on the legal status of the contested islands and rocks and provide detailed analyses of the contested concepts and provisions of the 2016 ruling by the SCS arbitration tribunal as well as the environmental, economic and political impacts of the ruling. This book facilitates a more meaningful and productive dialogue over the intersection, interaction and interdependence between power and law in the context of the SCS. Assessing the interactions between political, legal and normative forces, it provides insights into the specific dynamics of the dispute and the shifting security landscape in the region but also offers a basis for thinking more deeply about the broader rise of China. This book will appeal to both students and scholars of IR, International Law and Asian Studies and those engaged in research on the SCS disputes, the rise of China and with a theoretical interest in law and power in international affairs.

The South China Sea Arbitration Yoshifumi Tanaka, 2019-11-28. Beyond the scope of the dispute settlement between the Philippines and China, the South China Sea arbitral award can be thought to significantly influence the development of international law and the law of the sea. Accordingly, this book seeks to examine the South China Sea arbitration from the perspective of the development of public international law and its limitations. Specifically, it addresses the issues of jurisdiction of the Annex VII Arbitral Tribunal, the historic rights, the legal status of maritime features, the lawfulness of various activities of China and the role of the South China Sea arbitration in the international dispute settlement. In considering these issues, this book examines the South China Sea arbitration in three respects: i) the clarification of relevant rules and obligations under the UN Convention on the Law of the Sea as well as international law; ii) the protection of community interests at sea; and iii) considerations of time elements in international law. This title is included in Bloomsbury Professional's International Arbitration online service.

Awakening to China's Rise Hugo Meijer, 2022. *Awakening to China's Rise* delivers the first post-Cold War history of how Europe's major powers, Britain, France and Germany have responded to the perceived security challenge posed by China's rising assertiveness both in the Asia Pacific and in Europe.

International Law Relating to Islands Sean D. Murphy, 2019-03-25. This monograph considers the application of general rules of international law to islands as well as special rules focused on islands, notably Article 121 of the UN Convention on the Law of the Sea. Such rules have been applied in several landmark cases in recent years, including the International Court of Justice's judgments in *Territorial and Maritime Dispute Nicaragua v. Colombia* and arbitral awards in the *Chagos Marine Protected Area Arbitration*, *Mauritius v. United Kingdom* and the *South China Sea Arbitration*, *Philippines v. China*. Among other things, this monograph explores the legal concepts of islands, rocks and low tide elevations, methods of securing sovereignty over and the maritime zones generated by islands, islands and historic titles, bays and rights, problems of delimitation in the presence of islands, legal issues arising from changes in islands over time, notably from climate change, and contemporary techniques for resolving disputes over islands.

Understanding Maritime Security Christian

Bueger, Timothy Edmunds, 2024-05-17 A concise introduction to the history and evolution of security at sea Whether it is pirates smugglers illicit fishing or disputes in the South China Sea the oceans are of increasing importance in international security In *Understanding Maritime Security* Christian Bueger and Timothy Edmunds provide a concise introduction to the history of security at sea and explain the core frameworks of analysis that professionals use to understand and tackle challenges to maritime order They discuss key issues within the maritime security agenda including inter state disputes terrorism piracy smuggling trafficking and illicit fishing and examine how states have responded Bueger and Edmunds analyze future trends and show how maritime security is impacted by the critical infrastructure agenda emerging technologies cyber security climate change biodiversity loss and the renaissance of geopolitics Comprehensive and incisive this primer of maritime security is essential reading for maritime security professionals and students of this increasingly important issue

The SAGE Handbook of Asian Foreign Policy Takashi Inoguchi, 2021-08-04 Comprising 60 3 percent of the world's 7 2 billion population Asia is an enigma to many in the West Hugely dynamic in its demographic economic technological and financial development its changes are as rapid as they are diverse The SAGE Handbook of Asian Foreign Policy provides the reader with a clear balanced and comprehensive overview on Asia's foreign policy and accompanying theoretical trends Placing the diverse and dynamic

substance of Asia's international relations first and bringing together an authoritative assembly of contributors from across the world this is a reliable introduction to non Western intellectual traditions in Asia VOLUME 1 PART 1 Theories PART 2 Themes PART 3 Transnational Politics PART 4 Domestic Politics PART 5 Transnational Economics VOLUME 2 PART 6 Foreign Policies of Asian States Part 6a East Asia Part 6b Southeast Asia Part 6c South Central Asia Part 7 Offshore Actors Part 8 Bilateral Issues Part 9 Comparison of Asian Sub Regions

China's Bilateral Relations And Order Transition In The Indo-Pacific Kai He, Feng Liu, 2025-03-17 This edited volume undertakes a systematic exploration of China's multifaceted interactions with five pivotal players situated in the Indo Pacific the United States Japan India Australia and ASEAN By delving into both the theoretical underpinnings of state to state relationships and the empirical nuances of China's strategic engagements with these five critical actors this book casts a clarifying light on the complexity of China's bilateral ties within the region The strategic rivalry between the United States and China has emerged as a defining feature of international politics in the Indo Pacific region How China engages with the U S and other significant stakeholders in the region will intricately shape the trajectory and character of an impending transition in the international order either through peaceful or confrontational means in the future Five key bilateral relationships are examined from dual perspectives capturing insights from scholars hailing from both within China and beyond its borders This comprehensive initiative delves into the different viewpoints held by Chinese academics and their international counterparts regarding the very same bilateral relationship to develop a deeper understanding of the dynamics at play This book will captivate the attention of scholars and policy analysts alike fascinated by the dynamics of the US China competition and the broader realm of geopolitics

Asian Yearbook of International Law, Volume 20 (2014) Kevin YL Tan, 2019-07-01 Launched in 1991 the Asian Yearbook of International Law is a major internationally refereed yearbook dedicated to international legal issues as seen primarily from an Asian perspective It is published under the auspices of the Foundation for the Development of International Law in Asia DILA in collaboration with DILA Korea the Secretariat of DILA in South Korea When it was launched the Yearbook was the first publication of its kind edited by a team of leading international law scholars from across Asia It provides a forum for the publication of articles in the field of international law and other Asian international legal topics The objectives of the Yearbook are two fold First to promote research study and writing in the field of international law in Asia and second to provide an intellectual platform for the discussion and dissemination of Asian views and practices on contemporary international legal issues Each volume of the Yearbook contains articles and shorter notes a section on Asian state practice an overview of the Asian states participation in multilateral treaties and succinct analysis of recent international legal developments in Asia a bibliography that provides information on books articles notes and other materials dealing with international law in Asia as well as book reviews This publication is important for anyone working on international law and in Asian studies

Tourism and Hospitality in Conflict-Ridden Destinations Rami K. Isaac, Erding

Çakmak, Richard Butler, 2019-04-12 *Tourism and Hospitality in Conflict Ridden Destinations* provides insight into the various types of current and post conflict destinations worldwide and the steps that might be taken to transform them into future tourist destinations Through both a conceptual and demonstrative approach this book examines the steps destination management organizations as well as destination marketers need to take in order to improve their image in the eye of potential tourists It also questions the extent to which tourism can alter the image of a destination and the possible destination marketing strategies that can be undertaken Analysis of a wide selection of international case studies in countries ranging from Palestine to Myanmar to Northern Ireland provides a thorough and far reaching academic study Written by an international and multidisciplinary team of leading academics this book will be of great interest to students researchers and academics in the tourism as well as development studies disciplines

Human-Animal Interactions in Anthropocene

Asia Victor Teo, 2023-03-03 This book examines the theme of human animal interactions contextualized against the idea of the Anthropocene Focused on China and its immediate Asian borderlands this interdisciplinary collection provides a powerful and insightful analysis of the ecological challenges that mankind's traditional activities have created Through in depth case studies each focusing on a particular human animal dynamic the book contextualizes and advances the understanding of existing environmental and ecological problems faced by local communities in Asia In particular the book hopes to transcend the duality of the nature versus culture debate by locating animal ecological problems in the behavior of human institutions beliefs and practices which are often affected by prevailing cultural proclivities political ideologies economic interests and scientific agendas Through interrogation of theoretical concepts of Anthropocene and human animal binary the volume highlights the controversial debates that follow their usage as well as their empirical utility understanding human animal interactions historically thereby engaging a broader interdisciplinary conversation increasingly links these two fields together Providing a platform for discussion and dialogue for a wide audience this book will appeal to students and scholars of environmental history and politics anthropology political science and policy studies China studies and Asian studies more generally

China's Globalisation and the New World Order Najimdeen Bakare,

International Security in the

Asia-Pacific Alan Chong, 2017-09-13 This volume argues that international security in the Asia Pacific lends itself to contradictory analyses of centrifugal and centripetal trends Transitional polycentrism is intrinsically awkward as a description of the security of states and their populations it implies the loosening of state control and the emergence of newly asserted authority by mixed constellations of intergovernmental organizations and non state actors It implies a competition of agendas threats to the integrity of borders and human security threats such as natural disasters airliner crashes and displacement by man made pollution and food scarcity Conversely polycentrism could also imply a return to a more neo realist oriented international order where great powers ignore ASEAN and steer regional order according to their perceived interests and relative military superiority This book embraces these contradictory trends as a foundation of analysis and

accepts that disorder can also be re described from the perspective of studied detachment as polycentric order Historical Dictionary of the Petroleum Industry Marius S. Vassiliou, 2018-06-20 The petroleum industry is unique it is an industry without which modern civilization would collapse Despite the advances in alternative energy petroleum s role is still central Petroleum still drives economics geopolitics and sometimes war The history of petroleum is to some measure the history of the modern world This book represents a concise but complete one volume reference on the history of the petroleum industry from pre modern times to the present day covering all aspects of business technology and geopolitics The book also presents an analysis of the future of petroleum and a highly useful set of statistical graphs Anyone interested in the history status and outlook for petroleum will find this book a uniquely valuable first place to look This new second edition incorporates all the revolutionary changes in the petroleum landscape since the first edition was published including the boom in extraction of oil and gas from shale formations using techniques such as fracking and horizontal drilling This second edition of Historical Dictionary of the Petroleum Industry contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 500 cross referenced entries on companies people events technologies countries provinces cities and regions related to the history of the world s petroleum industry This book is an excellent resource for students researchers and anyone wanting to know more about the petroleum industry Australia's Relations with China David Fitzsimmons, 2022-09-08 Drawing on a wealth of interviews with more than fifty key stakeholders from Australia and China including five former Australian Prime Ministers Fitzsimmons presents a history and analysis of Australian Chinese relations since 1972 Fitzsimmons systematically examines how Canberra formulates and implements Australia s China policy and how PMs and key influencers have made that policy over the last fifty years Next it analyses the style manner and effectiveness of Australian Prime Ministers and other key foreign policy makers in making Australian policy on China Next it charts how Australian policy on China has changed over different political periods It also highlights Australian policy to China as a global case study for other countries who are closely examining and learning lessons from how one Asia Pacific middle power has dealt with the Chinese colossus An essential guide for students of Australia s international relations as well as for scholars of international relations more broadly

Territorial Disputes In The South China Sea Navigating Rough Waters Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Territorial Disputes In The South China Sea Navigating Rough Waters free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Territorial Disputes In The South China Sea Navigating Rough Waters free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Territorial Disputes In The South China Sea Navigating Rough Waters free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Territorial Disputes In The South China Sea Navigating Rough Waters. In

conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Territorial Disputes In The South China Sea Navigating Rough Waters any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Territorial Disputes In The South China Sea Navigating Rough Waters Books

1. Where can I buy Territorial Disputes In The South China Sea Navigating Rough Waters books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
