Hunting the President Mel Ayton, 2014-04-14 In American history four U S Presidents have been murdered at the hands of an assassin In each case the assassinations changed the course of American history But most historians have overlooked or downplayed the many threats modern presidents have faced and survived Author Mel Ayton sets the record straight in his new book *Hunting the President* Threats Plots and Assassination Attempts From FDR to Obama telling the sensational story of largely forgotten or never before revealed malicious attempts to slay America's leaders Supported by court records newspaper archives government reports FBI files and transcripts of interviews from presidential libraries *Hunting the President* reveals How an armed would be assassin stalked President Roosevelt and spent ten days waiting across the street

from the White House for his chance to shoot him How the Secret Service foiled a plot by a Cuban immigrant who told coworkers he was going to shoot LBJ from a window overlooking the president's motorcade route How a deranged man broke into Reagan's California home and attempted to strangle the former president before he was subdued by Secret Service agents In early 1992 a mentally deranged man stalking Bush turned up at the wrong presidential venue for his planned assassination attempt The relationships presidents held with their protectors and the effect it had on the Secret Service's mission Hunting the President opens the vault of stories about how many of our recent Presidents have come within a hair's breadth of assassination leaving America's fate in the balance Most of these stories have remained buried until now

The Arrogance of Power Anthony Summers, 2001-08-01 The controversial New York Times bestselling biography of America's most infamous president written by a master of investigative political reporting Anthony Summers's towering biography of Richard Nixon reveals a tormented figure whose criminal behavior did not begin with Watergate Drawing on more than a thousand interviews and five years of research Summers traces Nixon's entire career revealing a man driven by addiction to power and intrigue His subversion of democracy during Watergate was the culmination of years of cynical political manipulation Evidence suggests the former president had problems with alcohol and prescription drugs was mentally unstable and was abusive to his wife Pat Summers discloses previously unrevealed facts about Nixon's role in the plots against Fidel Castro and Salvador Allende his sabotage of the Vietnam peace talks in 1968 and his acceptance of funds from dubious sources The Arrogance of Power shows how the actions of one tormented man influenced 50 years of American history in ways still reverberating today Summers has done an enormous service The inescapable conclusion well body guarded by meticulous research and footnotes is that in the Nixon era the United States was in essence a rogue state It had a ruthless paranoid and unstable leader who did not hesitate to break the laws of his own country Christopher Hitchens The New York Times Book Review A superbly researched and documented account the last word on this dark and devious man Paul Theroux

The Faiths of the Postwar Presidents David Lynn Holmes, 2012 Looks at the role of faith in the lives of the twelve presidents who have served since the end of World War II examining not only the beliefs professed by each president but also the variety of possible influences on their religious faith

The First Family Detail Ronald Kessler, 2015-07-28 NEW YORK TIMES BESTSELLER Ron Kessler appears to get everything first Slate As in a play presidents vice presidents and presidential candidates perform onstage for the public and the media What the nation's leaders are really like and what goes on behind the scenes remain hidden Secret Service agents have a front row seat on their private lives and those of their wives and children Crammed with new headline making revelations The First Family Detail by New York Times bestselling author Ronald Kessler tells that eye opening uncensored story The First Family Detail reveals Vice President Joe Biden regularly orders the Secret Service to keep his military aide with the nuclear football a mile behind his motorcade potentially leaving the country unable to retaliate in the event of a nuclear attack Secret Service agents discovered that former

president Bill Clinton has a blond mistress code named Energizer by agents who lives near the Clintons home in Chappaqua New York The Secret Service covered up the fact that President Ronald Reagan s White House staff overruled the agency to let unscreened spectators get close to Reagan as he left the Washington Hilton allowing John W Hinckley Jr to shoot the president Because Hillary Clinton is so nasty to agents being assigned to her protective detail is considered a form of punishment and the worst assignment in the Secret Service Kessler s such a skilled storyteller you almost forget this is dead serious nonfiction Newsweek *The Kennedy Half-Century* Larry J. Sabato,2014-10-14 An original and illuminating narrative revealing John F Kennedy s lasting influence on America by the acclaimed political analyst Larry J Sabato

Protecting the Presidential Candidates Mel Ayton,2021-11-24 Protecting the Presidential Candidates is the first book of its kind to examine how presidents and presidential candidates were protected during the presidential election cycles from JFK to Biden It is also the first book of its kind to tell the story of the role of state troopers and private bodyguards in protecting presidential candidates Protection for candidates changed and evolved from the free wheeling style of the 1950s and early 1960s which afforded presidential candidates little or no protection to the growth of bodyguard personnel increased intelligence facilities and state of the art technology employed today to keep the candidates safe Presidential candidates relish connecting with the public and it has given greater visibility to the bodyguards who are willing to place themselves between a presidential candidate and a would be attacker In the milieu in which the Secret Service operates bodyguards have witnessed the terrors of election campaigns when presidential candidates have waded into crowds to shake hands with their supporters rode in open top cars and made sudden but risky changes to their schedules oblivious to the fact that in every campaign there have been people stalking candidates with ill intent Many stories revealed in Protecting the Presidential Candidates have remained largely hidden from the public some buried in newspaper archives and others in oral histories presidential libraries or official government documents The author draws on numerous sources including FBI files presidential biographies vice presidential biographies civilian bodyguard memoirs Secret Service agent memoirs White House staff memoirs and more so that these stories can now be told The book also allows readers to gain an insight into the personal as well as professional relationships between the candidate and the bodyguards who protected them Some candidates were so trusting of their bodyguards they embraced them as part of an inner circle of advisers Bodyguards have also witnessed embarrassing moments in a candidate s campaign and how intrusive they have been at the most delicate of moments The president s day is your day one agent said Nobody sees the president the way an agent does *My Turn* Doug Henwood,2016-07-05 Hillary Clinton is running for the presidency with a message of hope and change But as Doug Henwood makes clear in this concise devastating indictment little trust can be placed in her campaign promises Rigorously reviewing her record Henwood shows how Clinton s positions on key issues have always blown with the breeze of expediency though generally around an axis of moralism and hawkishness Without a meaningful program other than a broad fealty to the status

quo Henwood suggests the case for Hillary boils down to this she has experience she s a woman and it s her turn **The Oil Kings** Andrew Scott Cooper,2012-09-11 Relying on a rich cache of previously classified notes transcripts cables policy briefs and memoranda Andrew Cooper explains how oil drove even corrupted American foreign policy during a time when Cold War imperatives still applied and tells why in the 1970s the U S switched its Middle East allegiance from the Shah of Iran to the Saudi royal family Amid the oil shocks of the early 1970s there was one man the U S could rely on the Shah of Iran The Shah sold us oil we sold him weapons But the U S and other industrialized economies could not tolerate repeated annual double digit increases in oil prices During the 1976 election campaign President Gerald Ford decided that he had to find a country that would break the OPEC monopoly and sell the U S oil more cheaply On the advice of Treasury Secretary William Simon and against the advice of Secretary of State Henry Kissinger Ford made a deal to sell advanced weaponry to the Saudis in exchange for a more moderate price hike in oil The Shah s economy was destabilized and disaffected elements mobilized to overthrow him The U S had embarked on a long relationship with the autocratic Saudi kingdom that continues to this day

What Jefferson Read, Ike Watched, and Obama Tweeted Tevi Troy,2013-09-02 From Cicero to Snooki the cultural influences on our American presidents are powerful and plentiful Thomas Jefferson famously said I cannot live without books and his library backed up the claim later becoming the backbone of the new Library of Congress Jimmy Carter watched hundreds of movies in his White House while Ronald Reagan starred in a few in his own time Lincoln was a theater goer while Obama kicked back at home to a few episodes of HBO s *The Wire* America is a country built by thinkers on a foundation of ideas Alongside classic works of philosophy and ethics however our presidents have been influenced by the books movies TV shows viral videos and social media sensations of their day In *What Jefferson Read Ike Watched and Obama Tweeted* 200 Years of Popular Culture in the White House presidential scholar and former White House aide Tevi Troy combines research with witty observation to tell the story of how our presidents have been shaped by popular culture *Inside the White House* Ronald Kessler,1996 Investigative reporter Ronald Kessler created a media buzz with this insider s expose of the modern presidencies And this revised and updated paperback edition contains the latest revelations on Whitewater and sexual harrassment allegations against Clinton **American Book Publishing Record** ,2004 **The Birth of the FBI** Willard M. Oliver,2019-07-16 Most people believe the Federal Bureau of Investigation began under J Edgar Hoover in the 1920s or 1930s Many also naturally assume it was developed for the express purpose of fighting crime However the reality is very different The reality is it began years earlier in 1908 under President Theodore Roosevelt In *The Birth of the FBI* Teddy Roosevelt the Secret Service and the Fight Over America s Premier Law Enforcement Agency Willard Oliver details the political fight that led to the birth of America s premier law enforcement agency Roosevelt was concerned about conservation and one issue he wanted enforced were the fraudulent land deals being perpetrated by many people including some members of Congress When he began using the Secret Service to investigate these crimes Congress blocked him from doing so The

end result of this political spat was Roosevelt's creation of the FBI which heightened the political row between the two branches of government in the final year of Roosevelt's presidency. The truth of the matter is the premier law enforcement agency in the United States was actually created because of a political fight between the executive and legislative branches of government. The Birth of the FBI reveals the true story behind the birth of the FBI and provides some useful insight into an important part of our American history.

The Terrorist Watch Ronald Kessler, 2008-12-30. You make a mistake there are dead people. FBI Special Agent Art Cummings head of international counterterrorism operations. Drawing on unprecedented access to FBI and CIA counterterrorism operatives. New York Times bestselling author Ronald Kessler presents the chilling story of terrorists' relentless efforts to mount another devastating attack on the United States and of the heroic efforts being made to stop those plots. Kessler takes you inside the war rooms of this battle from the newly created National Counterterrorism Center to FBI headquarters from the CIA to the National Security Agency from the Pentagon to the Oval Office to explain why we have gone so long since 9/11 without a successful attack and to reveal the many close calls we never hear about. The race to stop the terrorists Kessler shows is more desperate than ever. Based on exclusive interviews with FBI Director Robert Mueller, CIA Director Michael Hayden, White House Counterterrorism Chief Fran Townsend and dozens of key intelligence operatives at all levels. *The Terrorist Watch* tells the previously unreported story of how the United States helped thwart the 2006 London terrorist plot, broke up terrorist cells in Canada and prevented numerous other attacks. Reveals how the CIA and FBI have rolled up more than 5,000 terrorists worldwide since 9/11. Provides a stunning insider's account from the FBI agent who spent eight months debriefing Saddam Hussein after his capture, pinpoints press leaks that have resulted in CIA agents' deaths, caused foreign countries to stop cooperating on key investigations and even tipped off Osama bin Laden to U.S. surveillance. Destroys numerous media myths such as the canard that the FBI and CIA still don't cooperate on investigations. Discloses the truth about the number of U.S. mosques where imams preach jihad. Shows how the intelligence community has radically changed its mission and how the media have misled the public about those changes. Never before has a journalist gained such access to the FBI, the CIA, the National Counterterrorism Center and the other agencies that are doing the unheralded work of finding and capturing terrorists. Ronald Kessler's you are there narrative tells the real story of the war on terror and will transform the way you view the greatest problem of our age.
