**The Typewriter Century** Martyn Lyons, 2021-02-01 This book captures the intensity of the relationship between writers and their typewriters from the 1880s when the machine was first commercialized to the 1980s when word processing superseded it Drawing on examples from the United States Britain Europe and Australia The Typewriter Century focuses on celebrity writers including Henry James Jack Kerouac Agatha Christie Georges Simenon and Erle Stanley Gardner who wrote prolifically and mechanically developing routines in which typing handwriting and dictation were each allotted important functions The typewriter de personalized the text the office typewriter bureaucratized it At the same time some authors found a new and disturbing distance between themselves and their compositions while others believed the typewriter facilitated spontaneous and automatic typing The Typewriter Century provides a cultural history of the typewriter outlining the ways in which it can be considered an agent of change as well as demonstrating how it influenced all writers canonical and otherwise Typewriter Topics ,1912 Typewriter Trade Journal and the Office System ,1921 Federal Trade Commission Decisions United States.
