Scheduling

Each district is responsible for developing a local schedule for the TELPAS assessments during the designated test administration window specified in the Calendar of Events. Your campus coordinator will inform you of the schedule to follow.

Submission of Student Data and Assessment Information for TELPAS

TELPAS is administered as an online assessment program. Two types of information are submitted:

1. Student data consisting of student identification, demographic, and program information

This information includes the student's Public Education Information Management System (PEIMS) student-ID, name, date of birth, ethnicity/race, number of years in U.S. schools, special language program type, etc. Instructions for entering and verifying this information in the online system are not found in this manual. If you are needed to assist in this process, your campus coordinator will give you a separate set of instructions.

2. TELPAS assessment information

This information includes students' answers to the reading tests for grades 2–12, the holistic proficiency ratings of each student, rater information, any reading test accommodations used, and any reasons for why a student was unable to be assessed. Instructions for submitting this information are provided in this manual.

Eligibility Requirements

All K–12 ELLs are required to participate in TELPAS, including students classified as limited English proficient (LEP) in PEIMS who have parents who have declined bilingual/ESL program services (PEIMS code C). ELLs are required to be assessed annually until they meet bilingual/ESL program exit criteria and are reclassified as non-LEP.

The rare circumstances in which a student may not be required to participate in one or more TELPAS language domains include:

- **ARD Decision:** In rare cases, it may be necessary for the admission, review, and dismissal (ARD) committee, in conjunction with the language proficiency assessment committee (LPAC), to determine that an ELL receiving special education services should not be assessed in reading, writing, listening, and/or speaking for reasons associated with the student's particular disability. Participation must be considered on a domain-by-domain basis. The reason for not assessing the student must be well-supported and documented in the student's individualized education program (IEP) by the ARD committee and the student's permanent record file by the LPAC.
- **Newly Enrolled ELL—Holistically Rated Domains:** An ELL from another Texas school district, state, or country who enrolls on or after the first day of the TELPAS testing window will not be assessed by the receiving district in the holistically rated domains. However, newly enrolled students in grades 2–12 are required to take the TELPAS reading test.
