memory     First Templar Nation Freddy Silva, 2017-11-21 Overturns the long established historical narrative about the origins and purpose of the Knights Templar Explains how and why the Templars created Europe s first nation state Portugal with one of their own as king Reveals the Portuguese roots of key founding members their relationship with the Order of Sion the Templars devotion to Mary Magdalene and John the Baptist and the meaning and exact location of the Grail Provides evidence of Templar holy sites and hidden chambers throughout Portugal Includes over 700 references many from new and rare sources Conventional history claims that nine men formed a brotherhood called the Knights Templar in Jerusalem in 1118 to provide protection for pilgrims traveling to the Holy Land Overturning this long established historical narrative Freddy Silva shows that the Order of the Temple existed a decade earlier on the opposite side of Europe that the protection of pilgrims was entrusted to a separate organization and that in league with the Cistercian monks and the equally mysterious Order of Sion the Templars executed one of history s most daring and covert plans the creation of Europe s first nation state Portugal with one of their own as king Including over 700 references many from new and rare sources Silva reveals Portugal not Jerusalem as the first Templar stronghold He shows how there were eleven founding members and how the first king of Portugal a secret Templar was related to Bernard de Clairvaux head of the Cistercians The author explains the Templars motivation to create a country far from the grasp of Rome where they could conduct their living resurrection initiation whose candidates were declared risen from the dead a secret for which the Church silenced millions and which the Templars protected to the death Placing the intrepid Knights in a previously unknown time and place Silva s historical narrative reveals the Portuguese roots of key founding members their relationship with the Order of Sion the Templars unshakeable devotion to Mary Magdalene and John the Baptist and how they protected a holy bloodline in Portugal He also provides evidence of secret Templar holy sites initiation chambers and hidden passageways throughout Portugal often coinciding with pagan and Neolithic temples and explains how their most important site forms a perfect triangle with the Abbey of Mont Sion in Jerusalem and the Osirion temple in Egypt The author also reappraises the meaning of the Grail and reveals its exact location hidden in plain sight to this very day     **The First Heresy** Eddie Hobbs, 2022-02-15 Information about the first heresy is secreted out of Jerusalem after its fall in AD 70 It reaches the last great pagan philosopher Hypatia of Alexandria and is smuggled out of Egypt by her slave companion on the day of her murder Centuries later clues to the First Heresy are revealed in Ireland to a Norman youth and retired Templar Knight Meanwhile in Paris a scholar of Persian descent and connected to the Knights Templar is drawn into the events that unfold The First Heresy is so stunning that it could destroy the foundation of the Roman Church and the secular power structures of Europe It sets in motion a medieval hunt across France and Ireland as a small group led by scholar is closely pursued by the forces of the French King They are confronted with the truth about the Christ and the nature of man while the Order itself is attacked by the Iron King convinced he is an agent of God The First Heresy the debut novel from financial commentator and TV presenter Eddie Hobbs combines

historical research with fiction and mysticism to create a unique fast paced thriller which will have you on the edge of your seat

**The Secrets of Freemasonry** Robert Lomas, 2011-09-01 Many people are curious about the existence of secret societies which claim to hold arcane religious or esoteric knowledge and pass it down through the generations via selected adepts Classic Masonic writers including William Preston Robert Gould JSM Ward AE Waite and WL Wilmshurst have written about secret traditions connected to the Temple of Sion Each has different ideas about how mystical knowledge came into Freemasonry Some say that the Charter of Larmenius reveals an underground line of Knight Templar Grand Masters who survived down to the nineteenth century All agree there is a Secret Lodge or House of Adepts who continue to teach true knowledge of the ancient mysteries and that The Craft transmits beliefs linked to the Earls of Rosslyn the Knights Templar and Lodge Mother Kilwinning Masonic expert Robert Lomas has collected together this thread of belief from old Masonic writers and rewritten it in modern English to make the ideas accessible to modern readers

Hidden Bible Taboos Forbidden By Organized Christianity James Slobodzien, 2014-05-01 Have you ever wondered about the Mysteries of God's wisdom or the secret to knowledge Jesus condemned the religious leaders of his day for taking away the Key to Knowledge Luke 11:52 This remarkable article anthology may have accidentally uncovered some of these ancient mysteries that are now considered TABOO to help you to read and really understand the Bible Less Could the 7 Pillars or dimensions of Wisdom Pro 9:1 possibly be related to the Key to Knowledge Hidden Bible Taboos began as one short essay that just for fun proposed a 7 Dimension Theory of Everything but several readers encouraged me to continue researching it and I soon discovered that it is the nature of the Universe for things to exist in 7's For example there are 7 types of Matter and 7 forms of Energy in the universe When we consider Time the 7 Day calendar week continues to be universal and immemorial in its observance among all nations and in all times Space our earthly physical space is divided up into 7 Continents 7 Oceans and 7 Seas After studying the multiple patterns of 7s in the universe's numerical DNA I turned my focus to ancient cultures and was shocked to find that in the ancient wisdom writings including Christianity the number 7 stands for spiritual perfection and divine completeness For example the Bible's book of Isaiah mentions the 7 Spirits of God the Father Isaiah 11:2 The Apostle John mentions the 7 Stars of God the Son Rev 1:20 and the Apostle Paul mentions the 7 Gifts of God the Holy Spirit Rom 12:6-8 In addition Zechariah mentions the 7 Eyes of the Lord which range throughout the earth Zech 4:10 This incredible phenomenon of multiples of 7 cannot be explained by chance or human design It is in these 7 Pillars of God's Wisdom that I have experienced a paradigm shift that has opened my eyes to see this divine tapestry to gain a better understanding of the Bible The 7 Dimension articles were written as independent brief essays over a period of 7 years After receiving comments from many readers over the years sometimes secretly a theme became apparent that seemed to be pointing to the fact that these divine truths of the 7 dimensional 7D biblical patterns of 7 were not being taught by the

professional religious leaders of Catholic and Protestant Churches because they were forbidden by custom or tradition They are TABOO This compilation of independent articles indirectly provides a historical overview of the ancient world that leads up to the time of Jesus and the Early Church and reveals some Taboos related to sex drugs violence and racism The majority of the Taboos in this book however are not related to ancient mysterious pagan practices The most significant Taboos in this book are coming from professional church leaders of organized religions of Christianity today who forbid their church members from knowing and practicing what is written in the New Testament and commanded by Jesus and his Apostles Hidden Bible Taboos is a collection of these 7D articles that have accidentally uncovered and systematically integrated ancient religious mythologies archeological mysteries scientific and historical facts and End Time prophecies to reveal the Christian Sun god conspiracy It is not a formal theological treatise on spirituality and or religion as it is a work in progress that is very very far from perfect With the above disclaimer to having and or knowing the absolute truth I would like to present what I believe to be the 7 dimension 7D origins of ancient religious knowledge and ageless wisdom that have been passed down to us by our ancestors So put on your 7D glasses

**Dedication** This book is dedicated to Peter Waldo Founder of the Waldensians and the 50 million other Christians who were persecuted and slaughtered by the Organized Religion of Christianity Papacy in the middle ages and later Spiritual Religious Reading Material Warning The contents of this article anthology may shock and inspire you into developing your spiritual life Don t let yourself or your friends go without reading this life changing book

**The Place of Enchantment** Alex Owen,2006-12-15 By the end of the nineteenth century Victorians were seeking rational explanations for the world in which they lived The radical ideas of Charles Darwin had shaken traditional religious beliefs Sigmund Freud was developing his innovative models of the conscious and unconscious mind And anthropologist James George Frazer was subjecting magic myth and ritual to systematic inquiry Why then in this quintessentially modern moment did late Victorian and Edwardian men and women become absorbed by metaphysical quests heterodox spiritual encounters and occult experimentation In answering this question for the first time The Place of Enchantment breaks new ground in its consideration of the role of occultism in British culture prior to World War I Rescuing occultism from its status as an irrational indulgence and situating it at the center of British

intellectual life Owen argues that an involvement with the occult was a leitmotif of the intellectual avant garde Carefully placing a serious engagement with esotericism squarely alongside revolutionary understandings of rationality and consciousness Owen demonstrates how a newly psychologized magic operated in conjunction with the developing patterns of modern life She details such fascinating examples of occult practice as the sex magic of Aleister Crowley the pharmacological experimentation of W B Yeats and complex forms of astral clairvoyance as taught in secret and hierarchical magical societies like the Hermetic Order of the Golden Dawn Through a remarkable blend of theoretical discussion and intellectual history Owen has produced a work that moves far beyond a consideration of occultists and their world Bearing directly on our understanding of modernity her conclusions will force us to rethink the place of the irrational in modern culture An intelligent well argued and richly detailed work of cultural history that offers a substantial contribution to our understanding of Britain Nick Freeman Washington Times
