The Public Work of Christmas Pamela E. Klassen, Monique Scheer, 2019-06-15 Christmas is not a holiday just for Christians anymore if it ever was Embedded in calendars around the world and long a lucrative merchandising opportunity Christmas enters multicultural multi religious public spaces provoking both festivity and controversy hospitality and hostility The Public Work of Christmas provides a comparative historical and ethnographic perspective on the politics of Christmas in multicultural contexts ranging from a Jewish museum in Berlin to a shopping boulevard in Singapore A seasonal celebration that is at once inclusive and assimilatory Christmas offers a clarifying lens for considering the historical and ongoing intersections of multiculturalism Christianity and the nationalizing and racializing of religion The essays gathered here examine how cathedrals banquets and carols serve as infrastructures of memory that hold up Christmas as a civic yet unavoidably Christian holiday At the same time the authors show how the public work of Christmas depends on cultural forms that mark mask and resist the ongoing power of Christianity in the lives of Christians and non Christians alike Legislated into paid holidays and commodified into marketplaces Christmas has arguably become more cultural than religious making ever wider both its audience and the pool of workers who make it happen every year The Public Work of Christmas articulates a fresh reading of Christmas as fantasy ethos consumable product site of memory and terrain for the revival of exclusionary visions of nation and whiteness at a time of renewed attention to the fragility of belonging in diverse societies Contributors include Herman Bausinger Tbingen Marion Bowman Open Julianne Brauer MPI Berlin Simon Coleman Toronto Yaniv Feller Wesleyan Christian Marchetti Tbingen Helen Mo Toronto Katja Rakow Utrecht Sophie Reimers Berlin Tiina Sepp Tartu and Isaac Weiner Ohio State Philadelphia's Pencoyd Iron Works: Forging Along the Schuylkill River Kevin Righter, 2020 Established on the Schuylkill River in 1852 Philadelphia's Pencoyd Iron Works was a global leader in structural steel and wrought iron for more than eight decades Author Kevin Righter constructs the immense history of the Pencoyd Iron Works Back cover **Photo-era Magazine** Juan C. Abel, Thomas Harrison Cummings, Wilfred A. French, A. H. Beardsley, 1924 The Americanization of the Jews Robert Seltzer, Norman S. Cohen, 1995-02-01 How did Judaism a religion so often defined by its minority status attain equal footing in the trinity of Catholicism Protestantism and Judaism that now dominates modern American religious life THE AMERICANIZATION OF THE JEWS seeks out the effects of this evolution on both Jews in America and an America with Jews Although English French and Dutch Jewries are usually considered the principal forerunners of modern Jewry Jews have lived as long in North America as they have in post medieval Britain and France and only sixty years less than in Amsterdam As one of the four especially creative Jewish communities that has helped re shape and re formulate modern Judaism American Judaism is the most complex and least understood German Jewry is recognized for its contribution to modern Jewish theology and philosophy Russian and Polish Jewry is known for its secular influence in literature and Israel clearly offers Judaism a new stance as a homeland But how does one capture the interplay

between America and Judaism Immigration to America meant that much of Judaism was discarded and much was retained Acculturation did not always lead to assimilation Jewishness was honed as an independent variable in the motivations of many of its American adherents and has remained so even though Jewish institutions ideologies and even Jewish values have been reshaped by America to such an degree that many Jews of the past might not recognize as Jewish some of what constitutes American Jewishness This collection of essays explores the paradoxes that abound in the America Judaism relationship focusing on such specific issues as Jews and American politics in the twentieth century the adaptation of Jewish religious life to the American environment the contributions and impact of the women s movement and commentaries on the Jewish future in America Highland Homecomings Paul Basu,2007-03-12 The first full length ethnographic study of its kind Highland Homecomings examines the role of place ancestry and territorial attachment in the context of a modern age characterized by mobility and rootlessness With an interdisciplinary approach speaking to current themes in anthropology archaeology history historical geography cultural studies migration studies tourism studies Scottish studies Paul Basu explores the journeys made to the Scottish Highlands and Islands to undertake genealogical research and seek out ancestral sites Using an innovative methodological approach Basu tracks journeys between imagined homelands and physical landscapes and argues that through these genealogical journeys individuals are able to construct meaningful self narratives from the ambiguities of their diasporic migrant histories and recover their sense of home and self identity This is a significant contribution to popular and academic Scottish studies literature particularly appealing to popular and academic audiences in USA Canada Australia New Zealand and Scotland *Photo-era Magazine* ,1924 **Gender I-deology** ,2023-03-13
