**Beyond Refuge in Arab Detroit** Yasmeen Hanoosh, Sally Howell, Andrew Shryock, 2025-03-04 Detroit's Arab and Chaldean communities in the balance between cultural vitality and precarity Detroit's Arab and Chaldean communities are now over a century old Their neighborhoods business districts and cultural influence continue to grow Whether Muslim or Christian Yemeni Iraqi Palestinian or Lebanese these Detroiters are building new lives and new worlds in distinctive spaces that cannot be described simply as immigrant or refugee religious or ethnoracial In *Beyond Refuge in Arab Detroit* a multidisciplinary team of nineteen contributors considers how these worlds are connected to other times and places and what new identities are emerging in them They explore US census counts local politics activism refugee resettlement patterns of racism and Islamophobia and tense interactions between new immigrants and the well established The contributors warn that despite its deep roots and dynamism Arab Detroit is at risk As its residents struggle for change on their own terms they no longer perceive greater Detroit as a sanctuary or temporary home but as a place where Arabs and Chaldeans can live permanently as citizens

**Can Muslims Think?** Muneeb Hafiz, 2022-06-14 As Europe goes astray deeply conflicted about where it is within and with the world it does not know what it wants to know about or do with the racial subject In this situation the Muslim becomes an intense source of anxiety one that is at once terrifying and called to answer for Europe's existential fear

of relegation Islamophobia thus represents both the racism constitutive of European modernity and is also symptomatic of contemporary transformations in racist power knowledge and governance propelled by technologies and economies of endless wars on terror But how might the Muslim speak about the world its past and unfolding terrors Which questions must she answer and which answers does Europe deem acceptable Presenting a speculative theory of the post racial subject of Islamophobia Can Muslims Think is an attempt to build a vocabulary for analyzing the complexities of racism today its potential futurity and techniques for its dismantling Muslim Americans Nahid Afrose Kabir,2016-08-12 With Islamophobia on the rise in the US since 9 11 Muslims remain the most misunderstood people in American society Taking as its point of departure the question of the compatibility of Islam and democracy this book examines Muslims sense of belonging in American society Based on extensive interview data across seven states in the US the author explores the question of what it means to be American or un American amongst Muslims offering insights into common views of community culture and wider society Through a combination of interviewees responses and discourse analysis of print media Muslim Americans also raises the question of whether media coverage of the issue might itself be considered un American An empirically grounded study of race and faith based relations this book undertakes a rigorous questioning of what it means to be American in the contemporary US As such it will appeal to scholars of sociology and political science with interests in race ethnicity religion and national identity **Sexual Ethics and Islam** Kecia Ali,2016-01-07 Whether exploring the thorny issues of wives sexual duties divorce homosexuality or sex outside marriage discussions of sexual ethics and Islam often spark heated conflict rather than reasoned argument In this updated and expanded edition of her ground breaking work feminist Muslim scholar Dr Kecia Ali asks how one can determine what makes sex lawful and ethical in the sight of God Drawing on both revealed and interpretative Muslim texts Ali critiques medieval and contemporary commentators alike to produce a balanced and comprehensive study of a subject both sensitive and urgent making this an invaluable resource for students scholars and interested readers **Producing Islams(s) in Canada** Amélie Barras,Jennifer A. Selby,Melanie Adrian,2022-01-10 During the last twenty years public interest in Islam and how Muslims express their religious identity in Western societies has grown exponentially In parallel the study of Islam in the Canadian academy has grown in a number of fields since the 1970s reflecting a diverse range of scholarship positionalities and politics Yet academic research on Muslims in Canada has not been systematically assessed In Producing Islam s in Canada scholars from a wide range of disciplines come together to explore what is at stake regarding portrayals of Islam s and Muslims in academic scholarship Given the centrality of representations of Canadian Muslims in current public policy and public imaginaries which effects how all Canadians experience religious diversity this analysis of knowledge production comes at a crucial time Growing Up Muslim in Europe and the United States Medhi Bozorgmehr,Philip Kasinitz,2018-07-27 This volume brings together scholarship from two different and until now largely separate literatures the study of the children of immigrants and the study of Muslim

minority communities in order to explore the changing nature of ethnic identity religious practice and citizenship in the contemporary western world With attention to the similarities and differences between the European and American experiences of growing up Muslim the contributing authors ask what it means for young people to be both Muslim and American or European how they reconcile these at times conflicting identities how they reconcile the religious and gendered cultural norms of their immigrant families with the more liberal ideals of the western societies that they live in and how they deal with these issues through mobilization and political incorporation A transatlantic research effort that brings together work from the tradition in diaspora studies with research on the second generation to examine social cultural and political dimensions of the second generation Muslim experience in Europe and the United States this book will appeal to scholars across the social sciences with interests in migration diaspora race and ethnicity religion and integration

Islam, Education, and Freedom Melanie C. Brooks, Miriam D. Ezzani, 2024-05-02 Islam Education and Freedom explores six key areas of freedom identity acceptance pedagogy conflict trust and love Based on a qualitative case study of a progressive Islamic school in Southern California North Star Academy the book illustrates through the voices of the participants how each particular freedom was applied in the school The authors show how the six freedoms were understood taught and practiced with the aim of developing courageous and confident American Muslims It explores the ways the school leaders facilitate and impart each freedom and the influence this has on the development of American Muslim students identity The book culminates with a model for freedom in Islamic schooling It concludes with three key insights 1 Islamic schooling can facilitate or constrain the way that leaders teachers students and the school community experience freedom 2 as freedom is a core value of Islam it should be made central to the conceptualization and practice of Islamic schooling and 3 Islamic schooling when grounded in the six freedoms can be a pathway to comprehensive school reform and is applicable to Islamic schools The book includes a Foreword written by Khaula Murtadha Associate Vice Chancellor for the Office of Community Engagement Indiana University Purdue University Indianapolis USA

*More Than a Cup of Coffee and Tea* David D. Grafton, 2021-06-21 Islamophobia continues to rise among Americans even within progressive mainline churches creating a poisonous and dangerous atmosphere for interfaith relations American Lutherans however have been engaged in dialogue with Islam for over a generation Originally like other Protestant churches Lutherans studied Islam as a monolithic religious system for the purpose of proselytizing the Christian faith Over the years and with experience American Lutherans came to know Islam as a faith tradition of believers in different cultures and contexts By developing relationships with Muslim neighbors some ELCA Lutherans and their international partners have learned that it is possible to witness to the Christian faith and listen to Muslim neighbors for the purpose of understanding and to work for a common cause of justice

and Tea documents the Focus on Islam that began in the 1980s among ELCA Lutherans and then reflects on more than a generation of engagement with Muslims in various domestic and international contexts This volume documents where the ELCA has been what it has learned and encourages others to continue to develop positive relationships with Muslim neighbors and communities as a Christian activity and to combat Islamophobia *To Be Honest* Sarah Beth Kaufman, William G. Christ, Habiba Noor, 2022-03-15 *To Be Honest* is a play script and series of essays reflecting on the ways Muslims are perceived and spoken of in America With funding from a Mellon Foundation grant several professors conducted more than two hundred hours of qualitative interviews in Texas with people across religious and political spectrums Their conversations confirm expected polarizations and reveal new troubling perspectives *To Be Honest* is a documentary theater script born from these interviews which were used to help create monologues that give a face to the nuanced complexity of what is rarely said aloud The monologues touch on non Muslim millennials understandings of Islam racism s intersection with Islamophobia the fatigue of activist Muslims the impact of intervention in the Middle East on U S military veterans feminist readings of the hijab the Trump presidency and more Six essays contextualize the script s underlying themes and provide material for further study In these polarizing times *To Be Honest* illuminates the striking reality that Americans have vastly different experiences with Islam from evangelicals who work to convert Muslims with the aim of helping them achieve peace to Muslim youth who struggle to make sense of why society dissects their religion Students scholars readers and theatergoers will come away with insights that allow them to move beyond limited views of Islam by listening to and engaging with others *To Be Honest* is an important script for staging and a valuable tool for dialogue across ideological perspectives

**Islam and Blackness** Jonathan A.C. Brown, 2022-11-03 It is commonly claimed that Islam is antiblack even inherently bent on enslaving Black Africans Western and African critics alike have contended that antiblack racism is in the faith s very scriptural foundations and its traditions of law spirituality and theology But what is the basis for this accusation Bestselling scholar Jonathan A C Brown examines Islamic scripture law Sufism and history to comprehensively interrogate this claim and determine how and why it emerged Locating its origins in conservative politics modern Afrocentrism and the

old trope of Barbary enslavement he explains how antiblackness arose in the Islamic world and became entangled with normative tradition From the imagery of blackened faces in the Quran to Shariah assessments of Black women as undesirable and the assertion that Islam and Muslims are foreign to Africa this work provides an in depth study of the controversial knot that is Islam and Blackness and identifies authoritative voices in Islam s past that are crucial for combatting antiblack racism today

*The Women's Mosque of America* Tazeen M. Ali, 2022-11-01 Choice Outstanding Academic Title 2023 Analyzes how American Muslim women assert themselves as religious actors in the US and beyond using the Qur an as a tool for social justice and community building The Women s Mosque of America WMA a multiracial women only mosque in Los Angeles is the first of its kind in the United States Since 2015 the WMA has provided a space for Muslim women to build inclusive communities committed to gender and social justice challenging the dominant mosque culture that has historically marginalized them through inadequate prayer spaces exclusion from leadership and limited access to religious learning Tazeen M Ali explores this congregation focusing on how members contest established patriarchal norms while simultaneously contending with domestic and global Islamophobia that renders their communities vulnerable to violence Drawing on textual analysis of WMA sermons and ethnographic interviews with community members and utilizing Black feminist and womanist frameworks Ali investigates how American Muslim women create and authorize new conceptions of Islamic authority Whereas the established model of Islamic authority is rooted in formal religious training and Arabic language expertise the WMA is predicated on women s embodied experiences commitments to social and racial justice English interpretations of the Qur an and community building across Islamic sects and in an interfaith context Situating the US at the center rather than at the margins of debates over Islamic authority and showing how American Muslim women assert themselves as meaningful religious actors in the US and beyond Ali s work offers new insights on Islamic authority as it relates to the intersections of gender religious space and national belonging

**What the Qur'an Meant** Garry Wills, 2018-12-04 America s leading religious scholar and public intellectual introduces lay readers to the Qur an with a measured powerful reading of the ancient text Garry Wills has spent a lifetime thinking and writing about Christianity In *What the Qur'an Meant* Wills invites readers to join him as he embarks on a timely and necessary reconsideration of the Qur an leading us through perplexing passages with insight and erudition What does the Qur an actually say about veiling women Does it justify religious war There was a time when ordinary Americans did not have to know much about Islam That is no longer the case We blundered into the longest war in our history without knowing basic facts about the Islamic civilization with which we were dealing We are constantly fed false information about Islam claims that it is essentially a religion of violence that its sacred book is a handbook for terrorists There is no way to assess these claims unless we have at least some knowledge of the Qur an In this book Wills as a non Muslim with an open mind reads the Qur an with sympathy but with rigor trying to discover why other non Muslims such as Pope Francis find it an inspiring book

worthy to guide people down through the centuries There are many traditions that add to and distort and blunt the actual words of the text What Wills does resembles the work of art restorers who clean away accumulated layers of dust to find the original meaning He compares the Qur'an with other sacred books the Old Testament and the New Testament to show many parallels between them There are also parallel difficulties of interpretation which call for patient exploration and which offer some thrills of discovery What the Qur'an Meant is the opening of a conversation on one of the world's most practiced religions

*Following Similar Paths* Samuel C. Heilman, Mucahit Bilici, 2024-09-10 Two academics one Jewish and one Muslim come together to show how much their faiths have in common particularly in America This book provides a braided portrait of two American groups whose strong religious attachments and powerful commitments to ritual observance are not always easy to adapt to American culture Orthodox Jews and observant Muslims share many similarities in their efforts to be at home in America while holding on to their practices and beliefs As Samuel Heilman and Mucahit Bilici reveal they follow similar paths in their American experience Heilman and Bilici immerse readers in three layers of discussion for each religious group historical evolution sociological transformation and a comparative understanding of certain parallel beliefs and practices each of which is used as a window onto the lived reality of these communities Written by two sociologists one a religiously observant American Jew and the other an American Muslim *Following Similar Paths* offers lively insider and outsider perspectives that deepen our understanding of American diversity and what it means to be religious in a modern society

*Researching the Far Right* Stephen D. Ashe, Joel Busher, Graham Macklin, Aaron Winter, 2020-11-09 *Researching the Far Right* brings together researchers from across the humanities and social sciences to provide much needed discussion about the methodological ethical political personal practical and professional issues and challenges that arise when researching far right parties their electoral support and far right protest movements Drawing on original research focussing mainly on Europe and North America over the last 30 years this volume explores in detail the opportunities and challenges associated with using ethnographic interview based quantitative and online research methods to study the far right These reflections are set within a wider discussion of the evolution of far right studies from a variety of disciplinary viewpoints within the humanities or the social sciences tracing the key developments and debates that shape the field today This volume will be essential reading for students and scholars with an interest in understanding the many manifestations of the far right and cognate movements today It also offers insight and reflection that is likely to be valuable for a wider range of students and scholars across the humanities and social sciences who are carrying out work of an ethically politically personally practically and professionally challenging nature

**From Huntington to Trump** Jeffrey Haynes, 2019-09-19 *From Huntington to Trump* argues that the clash of civilizations an idea first raised three decades ago by Bernard Lewis and endorsed by Samuel Huntington has created a template for understanding the world which has been adopted by both the United Nations and right wing populist politicians in Europe and the United States of America Haynes traces the

development of the clash of civilizations from the colonial period through the end of the Cold War and 9 11 and analyzes its effects on society

**Changing Minds** Francesca Polletta, Edwin Amenta, 2025-01-16 Social movements organized efforts by relatively powerless people to change society can result in legal and policy changes such as laws protecting same sex marriage and tax rebates for solar energy However movements also change people s beliefs values and everyday behavior Such changes may help bring about new policies or take place in the absence of new policy yet we still know little about when and why they occur In *Changing Minds* sociologists Francesca Polletta and Edwin Amenta ask why movements have sometimes had fast and far reaching cultural influence Polletta and Amenta examine the trajectories of U S social movements including the old age pension movements of the 1930s and 1940s the Black rights movement of the 1950s and 1960s the women s movement of the 1970s right wing movements in the 1980s and 1990s and the environmental movement up to the present to determine when why and how social movements change culture They find that influential movements are featured in the news but not only in the news Movement perspectives may appear also in opinion and commentary outlets on television talk shows and dramas in movies stand up comedy and viral memes Popular culture producers remake movement messages as they transmit them sometimes in ways that make those messages compelling For example while the news largely ignored feminists challenge to inequality in the home popular cultural outlets turned liberation into a resonant demand for women s right to self fulfillment outside the home and within it Widespread attention to the movement may lead people to change their minds individually But more substantial change is likely when companies schools and other organizations outside government strive to get out in front of a newly legitimate issue whether environmental sustainability or racial equity by adopting movement supportive norms and practices Eventually ideas associated with a movement may become a new common sense though not always the ideas that the movement intended Throughout *Changing Minds* Polletta and Amenta provide activists with strategies for getting their message heard and acted on They suggest how movement actors can get into the news as political players or experts rather than lawbreakers or zealots They show when it makes sense for activists to work with popular cultural producers and when they should create their own cultural outlets They explain why the routes to cultural influence have changed and why urging people to take one easy step to save the planet can do more harm than good *Changing Minds* is a fascinating exploration of why and how some social movements have caused profound shifts in society
