**Terry's Tales** Terence Alvares, 2021-12-13 Terry's Tales is a collection of stories everyone can relate to. The characters are common people traversing through life and in those journeys there are moments where they touch another person. These moments leave long lasting memories: memories of love, peace, joy, and hope. The stories in this book capture those moments and the drama in all their human frailty, warmth, and emotions. Each story will leave the reader feeling connected to moments in their own lives and a sense of belief in relationships and humanity. The locations and the characters in these stories span across continents, cultures, and age groups, but the thread of common humanity runs through all of them. Themes include a rich mix of romance, family relationships, encounters, partings, and humour. Field Manuals United States. War Department, 1948

**The Five** Robert McCammon, 2025-06-25 Robert McCammon's first contemporary novel in nearly two decades. The Five tells the story of an eponymous rock band struggling to survive on the margins of the music business. As they move through the American Southwest on what might be their final tour together, the band members come to the attention of a damaged Iraq war veteran and their lives are changed forever. This is a riveting account of violence, terror, and pursuit set against a credible, immensely detailed rock and roll backdrop. It is also a moving meditation on loyalty and friendship. Written with wit, elegance, and passionate conviction, The Five reaffirms McCammon's position as one of the finest most unpredictable storytellers of our time.
