Het had niet eens een portiek, zo plat was het. Niets vond er houvast, alles zou er afgegleden zijn, te pletter op de lange, rode, ingesleten stoep.

Terug Tot Ina Damman:

Literature of the Low Countries Reinder Meijer, 2012-12-06 In any definition of terms Dutch literature must be taken to mean all literature written in Dutch thus excluding literature in Frisian even though Friesland is part of the Kingdom of the Netherlands in the same way as literature in Welsh would be excluded from a history of English literature Similarly literature in Afrikaans South African Dutch falls outside the scope of this book as Afrikaans from the moment of its birth out of seventeenth century Dutch grew up independently and must be regarded as a language in its own right Dutch literature then is the literature written in Dutch as spoken in the Kingdom of the Netherlands and the so called Flemish part of the Kingdom of Belgium that is the area north of the linguistic frontier which runs east west through Belgium passing slightly south of Brussels For the modern period this definition is clear enough but for former times it needs some explanation What do we mean for example when we use the term Dutch for the medieval period In the Middle Ages there was no standard Dutch language and when the term Dutch is used in a medieval context it is a kind of collective word indicating a number of different but closely related Frankish dialects The most important of those were the dialects of the duchies of Limburg and Brabant and of the counties of Flanders and Holland *The International Reception of Emily Dickinson* Domhnall Mitchell, Maria Stuart, 2011-10-27 Emily Dickinson's poetry is known and read worldwide but to date there have been no studies of her reception and influence outside America This collection of essays brings together international research on her reception abroad including translations circulation and the responses of private and professional readers to her poetry in different countries The contributors address key translations of individual poems and lyric sequences Dickinson's influence on other writers poets and culture more broadly biographical constructions of Dickinson as a poet the political cultural and linguistic contexts of translations and adaptations into other media It will appeal to all those interested in the international reception of Dickinson and nineteenth century American literature more widely *We Slaves of Suriname* Anton de Kom, 2022-01-19 Anton de Kom's *We Slaves of Suriname* is a literary masterpiece as well as a fierce indictment of racism and colonialism In this classic book published here in English for the first time the Surinamese writer and resistance leader recounts the history of his homeland from the first settlements by Europeans in search of gold through the era of the slave trade and the period of Dutch colonial rule when the old slave mentality persisted long after slavery had been formally abolished 159 years after the abolition of slavery in Suriname and 88 years after its initial publication *We Slaves of Suriname* has lost none of its brilliance and power *Dutch Interbellum Canons and World Literature* A. Roland Holst, M. Nijhoff, J. Slauerhoff Theo D'haen, 2023-09-15 This text takes a wholly new look at a major early twentieth century Dutch poet and novelist from the perspective of world literature situating his work in both a national and a world literary context as measured against contemporaries and near contemporaries such as Conrad Pound Brecht Segalen and Malraux Exemplifying how an author from a minor literature may be a major world author this book considers the debates within World Literature

regarding the classification of literatures as major and minor canon formation within Dutch literature Slauerhoff's position in the Dutch tradition as well as his contribution to world literature particularly focusing on his East Asian poems his East Asian novels and stories and his poetry and prose set in Latin America This book is a key read for scholars and students of comparative literature world literature European literature and Dutch literature Lucid in style innovative in approach surprisingly fresh qua topic this book opens new horizons for literary studies *Modernist Conjectures* Douwe Wessel Fokkema, Elrud Ibsch, 1987

Histoire jeu science dans l'aire de la littérature, 2022-02-22 HISTOIRE JEU SCIENCE les combinaisons que suggère ce triptyque sont exploitées ici de manière très diverse La littérature interroge l'Histoire mais elle prend aussi place dans ses r seaux La science est la fois l'objet des textes et le discours qui permet d'en explorer les conditions fondamentales Le jeu qui s'interpose ouvre l'aire de la création et propose une ouverture à l'imagination et la fantaisie Ce recueil veut se positionner au carrefour des littératures européennes au centre des discussions actuelles sur la méthodologie et la didactologie au cœur d'un débat sur la présence du livre l'heure des cultures virtuelles Avant tout pourtant ce sont la joie de lire le bonheur devant la richesse des textes et le plaisir que procure une réflexion partagée qui ont inspiré les auteurs de ce livre
