him taught the radical oneness of all things an unorthodox singularity between self and the divine where is the record of such pronouncements by Jesus It s not in the New Testament In 1945 a discovery in an Egyptian desert may have revealed such a document The Gospel of Thomas **Apotheosis Now** Yanhao Huang,2021-04-13 Many of us are starting to become tired of this game of life We have been comparing and striving all our life But no matter how much success we have achieved we are still hollow and still have found nothing fulfilling We don t even know if happiness exists because it is no longer a living thing in our experience it has become dead as we only know it as a concept or memory We have sought self help advice philosophies and religious teachings to transform ourselves but have not gotten anywhere We have made some superficial improvements like adopting a new mindset but our core remains the same We are still competitive still fearful and we get disturbed all the time The problem with all attempts at self improvement is that we do not address the fundamental problem which is who is the you who needs to be improved We do not see that the one who is making the improvement is the same one who needs to be improved The more we try to improve the more conflict we introduce within and without The more knowledge we stuff in our heads the more we become trapped in a conceptual prison of reality Inevitably the more confused we get in life The book guides the reader out of their distorted beliefs to experience reality beyond the mind When the deeper intelligence is allowed to flourish without our mind s interference then the game of life becomes effortless **Living Space** Paul Holman,2018-12-14 Discussing the idea with reference to accounts of awakening in esoteric literature as well as contemporary psychological methods Living Space Openness and Freedom through Spatial Awareness proposes that a common denominator in both physical and emotional healing is the creation of more perceptual and conscious space and that an easier and more spacious awareness can be achieved by relatively simple changes to the way we pay attention These ideas have implications for the way we balance body mind and spirit *Dancing with the Void* Betty Camhi,Gurubaksh Rai,2015-05-03 Born in Denmark in 1890 Sunyata was from birth utterly without desire ambition and ego Thus the name Sunyata and description of rare born mystic was given to him years later in India by the revered sage Sri Ramana Maharshi A lover of silence and solitude Sunyata remained untouched by the common worldly conditioning that entraps so many His fateful journeys inspiring friendships and the spiritual wisdom shared in these collected writings all reflect the soul of an authentic seer Sunyata s experiences and musings are ever relevant for they concern something that is of value to all the illumination and liberation of the human spirit Adyashanti writes Sunyata was the rarest of incarnations A naturally born enlightened being of singular uniqueness and inventiveness The story of his life is itself a profound spiritual teaching and a living example of how awakened spirit moves through the challenges of life *And Then, Nothing Happened!* Oya Zen-Rama,2017-02-20 This rising sun is an invitation to see the Garden of Eden around us with open eyesand with closed eyes the Kingdom of Heaven within us here and now The ancient mystics termed this enlightenment Sahaja Samadhi As Oya Zen Rama discovers this profoundly peaceful state is a natural consequence of the stunning insight that in reality theres
