Teach students this rhyme:
If it's 10 or more, go next door.

7+4 is 11. That is more than 10 so we have to break the number apart into 1's and 10's. We have 11. So let's break 11 apart into 10's and 1's. 11 has 1 ten so let's put it up on top. 11 has 1 one so we put it in the one's column. Students could circle the number on top so they won't forget to count it. Now we add 1+5+2 and get 8.

Now practice more problems with the class. Use base 10 blocks to model if you need to. Work several together and model for students how to use "If it's 10 or more, go next door..."

Finally, have students complete problems in the student book. Check together.
