

Mind In The Periodic Table,

The comments on a full-bloomed rose,
From poets, scientists, and average,
Were ranked on thought-station-phase,

The first judges included eighteen comments,
The second the younger group, up to 112 mend,
The third the youngest, 118, suggested as the best,
And the jury then opened their mouth,
We must wait for more comments to know the truth!

An old man only claimed the synthesis,
The acting of mind on periodic basis!
