Dragnet Nation Julia Angwin, 2014-02-25 One of Publishers Weekly's Top 10 Business Economics Books A fascinating inside look at who's watching you what they know and why it matters Kirkus Reviews A New York Times Bestseller In Dragnet Nation award winning investigative journalist Julia Angwin reports from the front lines of America's surveillance economy offering a revelatory and unsettling look at how the government private companies and even criminals use technology to indiscriminately sweep up vast amounts of our personal data In a world where we can be watched in our own homes where

we can no longer keep secrets and where we can be impersonated financially manipulated or even placed in a police lineup Angwin argues that the greatest long term danger is that we start to internalize the surveillance and censor our words and thoughts until we lose the very freedom that makes us unique individuals Appalled at such a prospect Angwin conducts a series of experiments to try to protect herself ranging from quitting Google to carrying a burner phone showing how difficult it is for an average citizen to resist the dragnets reach Her book is a cautionary tale for all of us with profound implications for our values our society and our very selves Draws on conversations with researchers hackers and IT experts surveying the modern dragnet tracking made possible by massive computing power smaller devices and cheap storage of data Kirkus Reviews A useful well reported study Los Angeles Times Informative conversational a helpful guide for readers seeking non jargony information on minimizing their digital footprints Columbia Journalism Review Angwin a longtime reporter on digital privacy issues for the Wall Street Journal releases the contemporary and unfortunately nonfiction companion book to Orwell's 1984 Dragnet Nation examines the surveillance economy and its effect on free speech and thought likely causing readers to rethink the next words they type into a search engine LA Weekly
