Ethnic Business Brian C. Folk, K. S. Jomo, 2013-03-07 The role of ethnic Chinese business in Southeast Asia in catalyzing economic development has been hotly debated and often misunderstood throughout cycles of boom and bust This book critically examines some of the key features attributed to Chinese business business government relations the family firm trust and networks and supposed Asian values The in depth case studies that feature in the book reveal considerable diversity among these firms and the economic and political networks in which they manoeuvre With contributions from leading scholars and under the impressive editorship of Jomo and Folk Ethnic Business is a well written important contribution to not only students of Asian business and economics but also professionals with an interest in those areas

Who Owns Whom, 2008

Knowledge Transfer in the Automobile Industry Dessy Irawati, 2011-09-29 The book arose from a multi disciplinary study which looked at the development of global local manufacturing clusters in the context of a developing Asian economy The study demonstrates the connection amongst theoretical perspectives such as international business development studies economic geography and organisational learning clusters production networks through an in depth case study of the Indonesian automotive cluster The book gives a detailed account of two automotive clusters Toyota and Honda and their contribution to regional economic development in emerging economies in Asian region The book builds on existing literature to develop a theoretical framework to shed light on the study's empirical findings The book discusses practical implications for both the business community and policy makers The discussion on global local networks in an Asian context supplements existing literature and case studies in the field This is one of the few books that explicitly links regional clusters to global networks The book offers a refreshingly international Asian perspective to the literature on clusters and economic geography for emerging economies
