NURSING PEER REVIEW PLAN

Policy

The Health Science Center under the [Nursing Practice Act](#) requires all health science centers to develop a written plan to govern peer review of licensed nurses providing patient care. This plan will pertain to any vocational nurse (LVN), registered nurse (RN) or advanced practice nurse (APN) who is employed by the Health Science Center and any nursing student enrolled in the School of Nursing program.

The written plan will identify and report nurses at the Health Science Center who expose or are likely to expose patients or other persons unnecessarily to a risk of harm, engage in unprofessional conduct, fail to care adequately for a patient, or fail to conform to the minimum standards of acceptable professional/vocational nursing practice, or whose practice is or is likely to be impaired by chemical dependency. Any incident that is reportable under the Nursing Practice Act will be reviewed by the appropriate nurse peer review committee.

COMMITTEE: Means the applicable Peer Review Committee for each of the Schools of Dentistry, Medicine, and Nursing.

MINOR INCIDENT: Means conduct that does not indicate that the continuing practice of nursing by an affected nurse poses a risk of harm to the patient or other person. There are 3 circumstances in which the conduct cannot be considered a minor incident:

- Any error that contributed to a patient's death;
