**Business India**, 2009-04 **Forged in War** R. David Lankes, 2021-05-15 I deal for readers seeking a more comprehensive look at information dissemination technology its context and its impact on the way in which we now live Library Journal Starred Review Many of what we think of as Information Age tools and media computers cell phones the internet encryption and more evolved directly out of modern warfare These tools started with World War I which began not

with arms but with England cutting off underwater cables to Germany and isolating it accelerated through World War II and the Cold War and now play a center role in both declared and non declared conflicts like election interference and cyberbattles We buy phones and smart speakers because they are new and unlock great potential Voice assistants like Siri and Alexa help us do our work and answer that one piece of trivia that bugs us Yet these devices are data gatherers They collect repackage and monetize our questions purchases photographs web surfing to form a data industry now larger than the oil industry Well over 100 years ago the data industry put in place a business model that trades our attention for news and entertainment That model has evolved into a complex art and science of message targeting and content ownership that has splintered communities while simultaneously concentrating media ownership to a few massive corporations Forged in War takes a critical look at the systems we use and how we ended up in a society that values data over personal liberty and commerce over the public good It tells a compelling and previously story of how our ideas of information and knowledge reflect the century of war that has militarized our worldview Author David Lankes s work has been funded by organizations such as The MacArthur Foundation The Institute for Library and Museum Services NASA The U S Department of Education The U S Department of Defense The National Science Foundation and The U S State Department This his latest book will help all of us learn how war has shaped our world and how to begin to create an agenda to stand down weaponized data and a media that seeks to own our personal even intimate data like one owns a gold mine

Flat Panel Display Manufacturing  
Jun Souk, Shinji Morozumi, Fang-Chen Luo, Ion Bitu, 2018-09-24 An extensive introduction to the engineering and manufacture of current and next generation flat panel displays This book provides a broad overview of the manufacturing of flat panel displays with a particular emphasis on the display systems at the forefront of the current mobile device revolution It is structured to cover a broad spectrum of topics within the unifying theme of display systems manufacturing An important theme of this book is treating displays as systems which expands the scope beyond the technologies and manufacturing of traditional display panels LCD and OLED to also include key components for mobile device applications such as flexible OLED thin LCD backlights as well as the manufacturing of display module assemblies Flat Panel Display Manufacturing fills an important gap in the current book literature describing the state of the art in display manufacturing for today s displays and looks to create a reference the development of next generation displays The editorial team brings a broad and deep perspective on flat panel display manufacturing with a global view spanning decades of experience at leading institutions in Japan Korea Taiwan and the USA and including direct pioneering contributions to the development of displays The book includes a total of 24 chapters contributed by experts at leading manufacturing institutions from the global FPD industry in Korea Japan Taiwan Germany Israel and USA Provides an overview of the evolution of display technologies and manufacturing Treats display products as systems with manifold applications expanding the scope beyond traditional display panel manufacturing to key components for mobile devices and TV applications Provides a detailed overview of LCD

manufacturing including panel architectures process flows and module manufacturing Provides a detailed overview of OLED manufacturing for both mobile and TV applications including a chapter dedicated to the young field of flexible OLED manufacturing Provides a detailed overview of the key unit processes and corresponding manufacturing equipment including manufacturing test repair of TFT array panels as well as display module inspection repair Introduces key topics in display manufacturing science and engineering including productivity quality factory architectures and green manufacturing Flat Panel Display Manufacturing will appeal to professionals and engineers in R D departments for display related technology development as well as to graduates and Ph D students specializing in LCD OLED other flat panel displays      *Modern Stroke Rehabilitation through e-Health-based Entertainment* Emmanouela Vogiatzaki,Artur Krukowski,2015-09-08 This book describes a new e Health approach to stroke rehabilitation The authors propose an alternative approach that combines state of the art ICT technologies ranging from Augmented and Virtual Reality gaming environments to latest advances in immersive user interfaces for delivering a mixed reality training platform along with advanced embedded micro sensing and computing devices exhibiting enhanced power autonomy by using the latest Bluetooth Smart communication interfaces and energy saving approaches These technologies are integrated under the umbrella of an online Personal Health Record PHR services allowing for delivery of personalized patient centric medical services whether at home in a clinic or on the move Describes innovative ways for achieving mixed reality gaming environments Enhances immersive experience by combining virtual projections with user interfaces based on body motion analysis Offers cost effective body motion capture by hybridizing wearable sensor data Utilizes energy efficient micro embedded sensors for wearable physiological and sensing and activity monitoring applications Includes innovative power autonomous sensing using Body Area Networks Describes the prototype of the portable integrated rehabilitation training solution      **Information Display** ,2007      *Dynamics of Economic Spaces in the Global Knowledge-based Economy* Sam Ock Park,2014-09-19 This book addresses how economic spaces dynamically change within the context of the global knowledge based economy Specifically it centers the discussion on integrated views of understanding and conceptualizing dynamic changes of global economy under the global megatrends of globalization knowledge based economy information society service world climate change and population aging Focusing on East Asia especially on Korea it deals with case studies regarding the processes and patterns of these global dynamics looking at economic spaces of various spatial scales and types of economic actors This book develops a theoretical model for understanding and analysing the dynamics of economic spaces that are being reshaped within the larger global economy It also emphasizes the analysis of empirical studies at the level of firm region and state by considering an evolutionary perspective over time In developing its theoretical framework this book examines regional resilience intangible assets service innovation path dependence and other notions related to the evolution of economic spaces and incorporates these elements into real world case studies The integrated theoretical framework examined here contributes a new perspective on spatial
