Michael Amaladoss and the Quest for Indian Theology Enrico Beltramini, 2024-09-17 Michael Amaladoss is one of the most important Indian born theologians in twentieth century Roman Catholicism yet no scholarly monograph has been devoted to his work This book is a contribution to an ongoing assessment of his thought and an investigation of his main theological concerns Ecclesial Recognition with Hegelian Philosophy, Social Psychology & Continental Political Theory Timothy T.N. Lim, 2017-07-03 Ecclesial Recognition proffers a framework for churches to accept the legitimacy and authenticity of each other as the Church in the dialogical process towards fuller communion Typically recognition and its reception investigate theologically the sufficiency of creeds as ecumenical statements of unity the agreeability of essential sacramentality of the church and the recognition of its ministries as the churches witness of the gospel This monograph conceives ecclesial recognition as an intersubjective dynamics of inclusion and exclusion amid identity formation and consensus development with insights from Hegelian philosophy group social psychology and the Frankfurt School Axel Honneth s political theory The viability of this interdisciplinary approach is demonstrated from the French Dominican Yves Congar s oeuvre with implications for intra Communion and inter Church relations Dr Lim examines philosophical recognition theory group social psychology and political recognition theory to analyse the non theological impasses confronting the whole ecumenical movement Rev Dr Trevor Hoggard Director English speaking Ministries Methodist Church of New Zealand Lim masterfully argues for the viability of an interdisciplinary approach to ecumenical recognition within communities among churches and in their common pastoral mission Fr and Professor Radu Bordeianu Duquesne University and Orthodox theologian Representative of the Greek Orthodox Metropolis of Pittsburgh and Assistant Priest of Holy Trinity Greek Orthodox Church in Pittsburgh This book makes an important contribution to ecumenical ecclesiology Rev Dr and Professor Sandra Beardsall St Andrew s College Canada and United Church of Canada Ordained Minister I find Dr Lim s work a solid and necessary contribution to ecumenical work around the world Rev Dr and Professor Dominick D Hanckle Regent University and priest of the Communion of Evangelical Episcopal Churches With penetrating analysis and creative suggestions this monograph takes the talk about ecumenical recognition in a new level Professor Veli Matti Kärkkäinen University of Helsinki **Mapping Modern Theology** Kelly M. Faith and Culture Emmanuel Osigwe, 2022-12-05 The recognition of the intersection of faith and culture has become a significant trend in contemporary theology Cultures are locations of divine activity The Sacramental Theology of Elochukwu Uzukwu in Light of Vatican II and Its Application in African Context brings freshness to the dominant Catholic sacramental thinking by offering an African appropriation of the Christian faith through African cultures It demonstrates the historical interaction of the Christian faith with multiple anthropologies that resonates with different peoples to celebrate rituals that convey divine activity This work engages the theology of Elochukwu Uzukwu a recent African sacramental liturgical theologian whose work reflects the elements of sacramental and liturgical renewal of the Second Vatican Council especially in its openness to a plurality of cultures This book retrieves resources from the African universe to offer a contextual appropriation of the interface between faith and African cultures It highlights the African view of the body in its expressive worship and significance of relationality as an undergirding existential philosophy of life Consequently it offers a flexible theological methodology that avoids polarities It provides an additional resource to the philosophical and theological approach to the perennial problem of duality and theologies constructed on this template This study moves beyond monocultural sacramental expression to engage symbols and indigenous resources to articulate an African sacramental theology

Pentecostals and Roman Catholics on Becoming a Christian Karen Murphy, 2018-05-23 In Pentecostals and Roman Catholics on Becoming a Christian Dr Karen Murphy explores the fifth round of the International Roman Catholic Pentecostal Dialogue 1998 2006 Discussing Spirit baptism faith conversion experience and discipleship Dr Murphy notes areas in which the Dialogue has evolved since its inception in 1972 She unpacks the commonalities that bond Catholics and Pentecostals and examines theological divergences and challenges to dialogue While Catholics approach becoming a Christian from a sacramental perspective most Pentecostals think of Christian initiation in non sacramental or conversionist terms a reality that fosters ongoing tensions between the two traditions Dr Murphy reveals how Catholics and Pentecostals seek to overcome this dichotomy by honoring spirituality and experience as integral to the ecumenical encounter

Vulnerability and Flourishing Lledo Gomez, Christina, Sheveland, John N., 2025-04-30 Church as Communion Philip

Kariatlis, 2020-03-20 This book innovatively explores the notion of koinonia for understanding the nature and function of the Church. Since the Scriptures assert that the Church is the Church of God, God's communal mode of existence is looked at namely God who is a communion of three hypostases relating to one another in an interpenetrating koinonia of infinite love as a way of understanding the very being of the church as communion. Such a notion of koinonia far from having anything to do with socio-political understandings suggests that it is a foundational gift bestowed from above to the world as the solution par excellence to the impasse of isolationism. More often than not however such an ecclesiology of communion has not taken seriously the historical reality of the Church living within the fallen world along with its ceaseless temptations, divisions and even sins in history. In this way it becomes apparent that a dialectic needs to be acknowledged in the notion of communion as both foundational gift from God and yet one still to be fully realised. Accordingly this work shows that the Church is not only as the gift of God's miraculous presence here on earth. The Church is also constantly striving to exist epiclestically until such time as it will fully experience the final consummation in God's eschatological kingdom. An examination of this double dimensionality of the Church is undertaken in order to assess if this is in line with the Scriptural witness of the ekklesia. Having established the gift goal dialectic in the notion of koinonia in the New Testament Church, the study then traces the trajectory of this dynamic approach to koinonia in the Church's worship and authoritative structures. This promises to cast both a deeper light on and a more realistic solution to ecclesiological problems within the life of the Church today allowing for the Church's constant renewal. *The Shape of the Church* Ephrem Arcement, 2024-10-03 This is a book to help further the ecumenical cause. By providing a new paradigm for growth in ecclesial wholeness, *The Shape of the Church* charts a pathway that is at once biblically and theologically grounded and pastorally applicable. Seven interdependent dimensions are identified: evangelical, pentecostal, sacramental, intellectual, mystical, pastoral, prophetic, which constitute the church's wholeness and safeguard its integrity. Throughout church history these seven dimensions have struggled to maintain a life-giving balance and have often isolated themselves from one another, distorting the church's catholicity and wholeness. Reform movements have repeatedly arisen to help revive dimensions being neglected but have often over-emphasized these dimensions to the neglect of others and further distorted the church's shape. *The Shape of the Church* seeks to offer a vision of the church that values the full dimensionality of the church and insists upon the giftedness of all its dimensions, arguing that the path forward to greater ecclesial maturity and wholeness is only through the nurturing and integration of all its seven dimensions.

Growing Toward Unity: Elisabeth Slaughter Hilke, 2001-07-01 *Growing Toward Unity* considers the theological and political pressures both nationally and globally that drove the ecumenical movements of the nineteenth and twentieth centuries up to and including the formation of the United Church of Christ. Edited by Elisabeth Slaughter Hilke with a Postscript by Thomas E. Dipko. Series editor: Barbara Brown Zikmund. Of sincerity toward God and man John
