portrayed by evils of oppression and dictatorship of Evildoers who ruled the postcolonial Burundi The main character of Dickson Rushatsihori is presented as the symbol of evil the prototype of Evildoers He is a rigid and corrupted individual who would never wish peace to his fellow citizens Rather than seeing Burundians living in harmony with one another this proponent of the status quo would only wish evil chaos and anarchy to his country The theme of folly is also depicted in Jack's relationship with Nikita Chissocco It is illustrated by Nikita's betrayal of his love for her Nikita expresses her folly through abusive language domestic violence infidelities and her collaboration with Evildoers such as Dick Juvenhack Zim and Geram to destroy her husband's dignity Jack was forced to a war for the liberation of his mind imprisoned in his own house He hoped that folly and resignation would eventually coil up He would not accept that his destiny was to suffer all his life Folly and resignation finally collided forcing Jack to defend his honor and dignity By breaking up with Dick and Nikita's folly he liberated himself from a heavy burden He pulled himself together to reconstruct his life with more strength and courage This captivating story is an account of one's life yet it will touch those of so many Not only does it bring into the fore the injustices of this world it also shows that no matter what life throws at us we all seek love and closeness with another human being

Voices of the Reformation John A. Wagner, 2015-05-05 This fascinating collection of primary source documents furnishes the accounts in their own words of those who initiated advanced or lived through the Reformation Starting in 1500 Europe transformed from a united Christendom into a continent bitterly divided between Catholicism and Protestantism by the end of the century This illuminating text reveals what happened during that period by presenting the social religious economic political and cultural life of the European Reformation of the 16th century in the words of those who lived through it Detailed and comprehensive the work includes 60 primary source documents that shed light on the character personalities and events of that time and provides context questions and activities for successfully incorporating these documents into academic research and reading projects A special section provides guidelines for better evaluating and understanding primary documents Topics include late medieval religion Martin Luther reformation in Germany and the Peasants War the rise of Calvinism and the English Reformation

God's Assassins Gavin Baddeley, Paul Woods, 2009 Terrorism the imposition of or opposition to government with the threat or fear of force is mostly regarded as a modern horror implemented by bombs hijackings and assassinations But the origins of terrorism occur far back in the Middle Ages when the forefathers of the modern world's most uncompromising terrorists al Qaeda and the Palestinian suicide bombers laid down their murderous creed In the 11th Century Europe was a region of feudal kingdoms at war while the Middle East was much more pluralistic placing less theological restrictions on the lives of individuals or the pursuit of knowledge It was against this liberal environment that Pope Urban II launched his own version of a jihad a holy war against the decadent unholy Islamic world The reaction in the Islamic world was one of increasing fury and we continue to reap its consequences centuries later Islam would become increasingly militant as Muslim sects that preached intolerance and force gained ground One such

heretical sect was the Nizaris a mystical order of warriors founded by a Persian named Hassan Bin Sabah later known in the West as the Assassins Hassan inspired fanatical loyalty in his followers and Assassin cultists were unafraid of capture and death According to tales brought back to Europe by Marco Polo in 1295 the Old Man of the Mountains fed his followers with hashish before taking them to a secluded garden where they were indulged with forbidden pleasures principally the sexual favours of young women On returning to normal consciousness the Assassin was told he had experienced the heavenly garden of Paradise and would spend all eternity there provided he lived in the service of the cult Assassin cultists would therefore infiltrate enemy courts and army camps reputedly remaining incognito for years ready to commit murder upon their master's signal It was the birth of strategic terrorism In modern times the legend of the Assassins carries a more symbolic significance Some intellectuals have drawn a parallel between Hassan Bin Sabah's maxim Nothing is true everything is permissible describing the dream trance of the hashish eater and the 1950s concept of brainwashing the belief in turning soldiers into sleeping assassins Most chilling however is the Islamic fundamentalist belief in martyrdom through assassination High on nothing but piety the suicide bombers the followers of Osama Bin Laden and the September 11th terrorists were promised that which their puritan creed denies them on earth the sexual favours of the 72 houris virgins of heaven as a reward for he who kills in the name of Allah This illuminating study analyses the origins and history of terrorism separating legend from truth to uncover the true roots of the fanatical terrorist acts the world has witnessed in the last decade This will be essential reading for all historians and for anyone who up until now may have thought that outrageous acts of terrorism causing untold civilian casualties was a curse of the modern age
