Skolnick, 2019-02-14 Excerpt from Politics of Protest A Report The National Commission on the Causes and Prevention of Violence has a grave task If violence continues at its present pace we may well witness the end of the grand experiment of democracy The unheeded report of the Kerner Commission pinpointed the cause of our urban violence and this Report presents the tragic consequences when those in power fail to act on behalf of the weak as well as the powerful The Director and staff of this Task Force will have served the country well if this Report furnishes the Commissioners with that information needed for them to demand that the country institute solutions and not merely further studies About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Political Protest and Cultural Revolution** Barbara Epstein, 1993-09-03 From her perspective as both participant and observer Barbara Epstein examines the nonviolent direct action movement which inspired by the civil rights movement flourished in the United States from the mid seventies to the mid eighties Disenchanted with the politics of both the mainstream and the organized left and deeply committed to forging communities based on shared values activists in this movement developed a fresh philosophy and style of politics that shaped the thinking of a new generation of activists Driven by a vision of an ecologically balanced nonviolent egalitarian society they engaged in political action through affinity groups made decisions by consensus and practiced mass civil disobedience The nonviolent direct action movement galvanized originally in opposition to nuclear power with the Clamshell Alliance in New England and then the Abalone Alliance in California leading the way Its influence soon spread to other activist movements for peace non intervention ecological preservation feminism and gay and lesbian rights Epstein joined the San Francisco Bay Area's Livermore Action Group to protest the arms race and found herself in jail along with a thousand other activists for blocking

the road in front of the Lawrence Livermore Laboratory She argues that to gain a real understanding of the direct action movement it is necessary to view it from the inside For with its aim to base society as a whole on principles of egalitarianism and nonviolence the movement sought to turn political protest into cultural revolution **The Politics of Protest** Jeffrey M.
