

Retirement

Sentiment Line 1

(Any Name) they say you're
retiring, it cannot be so,
We'll miss you and
don't want you to go,
You're far too young
to retire just yet,
But if your mind
is definitely set,
We wish you good luck,
and very good health,
And an abundance of
deserved wealth.

Nault, 2004

Mountain of My Dreams Richard T. Antony, 2003-03 *Poetic Stories About the People of the Sun and of the Soul* Michael Washington, 2011-05-04 In the army I often wrote letters for my fellow comrades for a price They would tell me the story and I would put them in words It was a good hustle for me to make a little extra money I would write poems for their ladies or wives for special occasions You know I liked doing it but I never did make copies to keep for myself Now the education system was a very pleasant experience until about the sixth grade for me when I learned that black people were slaves to white people in our social studies classes That was a defining moment for my educational experience because of the way it was taught It really threw me for a loop as I went home crying to my mother But she explained to me that the truth if you will seek you will find and that will make you free But from then on I lost some faith in the American education system As I learned later in life it was all based upon the theory of white supremacy For the facts that lead to truth were purposely left out of the mix to deprive black people of their righteous place in history and robbed white people of their truth in history The school system was one of the two major vehicles by which the white people claimed themselves as superior and the black people as inferior The other was religion and together as a double edge sword

they still continue to put enmity between the different peoples and cultures of the world I did not give up on my learning experience and started to read other materials such as magazines comics and biographies of great men of color especially sports figures But the number one thing that I used to learn how to read better was the sports page of the L A Times I would read that section from front page to back page every morning before school But in school poetry was my most favored reading I liked the rythming of words as well as the message I think it was related to another love of mine as a child and that was music and dancing It didn t take long for me memorize the lyrics of a song as we danced along singing aloud as if we were endowed with a gift from heaven above with that special kind of love That was the ultimate fun as a young man growing up to meet the girls To write little poems to your girlfriends was what I liked most The poetry of greeting cards was my cup of tea after my education experience on our family festivities and celebrations I would add my own poems to the cards on these occasions The family and friends always seemed to like them so very much always complimenting and encouraging me to write more But I did not pursue poetry much as I continued my quest for facts in pursuit of truth When my marriage ended in divorce in the early 1980s it was music and poetry that brought joy and peace within That s when my writing of poetry increased and my perspective about other things expanded As a single man again it was very interesting living the single life Now I have been married for 18 years living the family life called the American dream with grand children and all the wrappings and trappings that go with it But I don t mind one little bit because most of us should be graceful for the material life this land has produced despite its inequities For the horizon does not look as favorable for our future generations that must cope with the mess we have left for them in the physical mental and spiritual planes of life Metamorphosis of the Private Sphere Xiaoshan Yang,2020-05-11 The Chinese garden has been explored from a variety of angles Much has been written about its structural features as well as its cosmological religious philosophical moral aesthetic and economic underpinnings This book deals with the poetic configurations of the private garden in cities from the ninth to the eleventh century in relation to the development of the private sphere in Chinese literati culture It focuses on the ways in which the new values and rhetoric associated with gardens and the objects found in them helped shape the processes of self cultivation and self imaging among the literati as they searched for alternatives to conventional values at a time when traditional political moral and aesthetic norms were increasingly judged inapplicable or inadequate The garden was also an artifact and a locus for material culture and social competition Focusing on a series of anecdotes about private transactions involving objects in gardens the author dissects the intricate nexus between the exchange of poetry and the poetry of exchange In tracing the development of the private urban garden through the writings of Bai Juyi Su Shi Sima Guang and their contemporaries the author argues that this private space figured increasingly as a place of disengagement for those out of political power and hence was increasingly invaded by political forces **I'm Still Here** Patricia Shennum,2020-06-12 I m Still Here By Patricia Shennum Sometimes when we go through traumatic losses and experiences we may forget that others

have gone through something similar and maybe we can gain insight and strength from their words I m Still Here is a true inspirational survival story about Patricia Shennum s tragic loss of her three children It provides helpful suggestions coping skills readings and music that were and still are very helpful to her and just might be to you This book was designed to help people who have suffered the loss of their children and to give them the hope and incentive to carry on *Just Kids From the Bronx* Arlene Alda,2024-06-04 Collected memories that evoke the history of one of America s most influential boroughs the Bronx through some of its many success stories A down to earth inspiring book about the American promise fulfilled President Bill Clinton Fascinating Made me wish I had been born in the Bronx Barbara Walters The vivid oral histories in Arlene Alda s *Just Kids from the Bronx* reveal what it was like to grow up in the place that bred the influencers in just about every field of endeavor today The Bronx is where Michael Kay the New York Yankees play by play broadcaster first experienced baseball where J Crew s CEO Millard Mickey Drexler found his ambition where Neil deGrasse Tyson and Dava Sobel fell in love with science early on and where music making inspired hip hop s Grandmaster Melle Mel to change the world of music forever The parks the pick up games the tough and tender mothers the politics the gangs the food for people who grew up in the Bronx childhood recollections are fresh Arlene Alda s own Bronx memories were a jumping off point from which to reminisce with a nun a police officer an urban planner and with Al Pacino Mary Higgins Clark Carl Reiner Colin Powell Maira Kalman Bobby Bonilla and many other leading artists athletes scientists and entrepreneurs experiences spanning six decades of Bronx living Alda then arranged these pieces of the past from looking for violets along the banks of the Bronx River to the wake up calls from teachers who recognized potential into one great collective story a film like portrait of the Bronx from the early twentieth century until today Entertaining and informative cherished memories from a diverse group from the Bronx Kirkus Reviews **Inward of Poetry** George Johnston,William Blissett,2014-05-14 *Inward of Poetry* presents fifty years of thoughtful and by turns chatty letters between poet George Johnston and his good friend and frequent editor the scholar William Blissett Edited by former student Sean Kane this lively collection includes several hitherto unpublished Johnston poems and reveals the development and creative necessities of one of Canada s revered poets and translators *Kids who Think Outside the Box* Stephanie Freund Lerner,2005 Look at today s superachievers in business technology the arts sports and politics What were they like as children and teens and what brought out their incredible talents In this extraordinary book 22 unparalleled achievers from diverse professions talk about their own experiences offering candid insights on mentoring and empowering children with high potential *Kids Who Think Outside the Box* presents strategies for parents teachers and others to use to harness a child s natural inclinations and gifts whatever they may be First person narratives include Legendary musician and former Beatle Sir Paul McCartney Academy Award R nominated director producer and actor Spike Lee New York City Mayor and former Bloomberg LLP Chief Executive Michael R Bloomberg Goldman Sachs Vice Chairman Robert D Hormats artist Chuck Close hockey legend Rod Gilbert presidential

Joy Even on Your Worst Days Tom Are Jr.,2021-09-21 The world the apostle Paul inhabited was dramatically different from our time He knew nothing of capitalism or physics or Zoom and more significantly Paul was a regular in Caesar s prison For us Caesar is a salad But a constant in the human story is that every life faces suffering Paul s life was no different And yet on Paul s worst days he still exhibited a spirit of joy In this spirit of joy Paul offers us some inspiration Joy is not a common reality in modern life We are more acquainted with anxiety and fear and on good days we can settle for happiness but joy is less common The worst days come to all of us At some point the dreams die the body fails the spirit is crushed Those days leave their mark on us But an imprisoned apostle passed down 104 verses to an ancient congregation in Philippi and they have passed it down to us It is their testimony that when the worst days come and they will they do not have to be the end of joy Indeed they might be the beginning

Chicken Soup for the Soul: Laughter Is the Best Medicine Amy Newmark,2020-04-14 Chicken Soup for the Soul s first ever humor collection and the timing is perfect This is storytelling at its funniest If laughter is the best medicine then this book is your prescription Turn off the news and spend a few days not following current events Instead return to the basics humanity s ability to laugh at itself Maybe you should even do a news cleanse for a few days Hide under the covers

and read these stories instead Or read a chapter a day or a story a day for 101 days These pages contain the antidote to whatever is troubling you They will definitely put you in a good mood No one is safe from our writers from spouses to parents to children to colleagues and friends And of course the funniest of all are the stories they tell about their own mishaps and those most embarrassing moments There s no holding anything back in these pages so prepare for lots of good clean and not so clean fun
