Retirement Survival Kit For Teacher:

The Survival Kit for the Elementary School Principal Abby Barry Bergman, Judy Powers, Michael L. Pullen, 2010-02-26 I wish I had this useful desktop guide to help me through the challenges of my early years and as a reference guide for the later years The authors have done a remarkable job of anticipating the daily needs of principals and offering practical suggestions that can be used within minutes This book is eminently useful up to date and full of rich professional perspectives Ella Reiss Urdang Elementary Principal Tenaflly NJ Public Schools The school leader's position is often the loneliest position in any school but this excellent resource is the equivalent of having a mentor 24/7 This book should accompany all newly appointed school leaders into their new positions Neil MacNeill Principal Ellenbrook Primary School WA Australia Creative real world approaches for responding to the fast changing demands of school leadership Designed for the busy administrator The Survival Kit for the Elementary School Principal addresses daily challenges faced by all elementary school principals and offers expert solutions for virtually any leadership or administrative issue Based on the authors extensive experiences in public and private schools this easy to use kit includes time saving forms sample letters charts and checklists for successful day to day school administration The book is a complete desktop reference with solutions for immediate problems or challenges The authors pragmatic tested strategies assist readers with Systems thinking Negotiating the maze of NCLB requirements Using data to inform practice Understanding the key role that new technologies play in schools Succeeding as leaders arbitrators evaluators disciplinarians and more Gathering support through positive parent and community relations Suitable for diverse settings and school sizes this comprehensive resource is a virtual library of essential information and support for effective elementary school leadership All forms letters and checklists available online upon publication Resources in Education ,1995-04 The American Teacher Lawrence R. Samuel, 2024-05-07 An in depth look at a profession that is alternately valued and reviled but is consistently a microcosm of society Library Journal The American Teacher A History is as the title makes clear a history of teachers in the United States Supported by hundreds of research studies done over the years as reported in scholarly journals the book fills a niche in the history of education sociology gender studies and the United States as a whole K 12 teachers and to a lesser extent college university teachers are discussed in the work which travels through the past century Told chronologically and divided into ten decades The American Teacher sheds light on the important role that teachers have played in this country over the last one hundred years The subject is parsed through the voices of educators intellectuals and journalists who have weighed in on its many different dimensions from the 1920s right up to today The American teacher is a key site of race gender and class we learn from a survey of its history revealing some of the tensions embedded in our constructed social divisions Controversy has always surrounded teachers in the United States making them a fascinating subject to explore in depth The schoolteacher has long served as a principal player in American culture making The American Teacher a kind of character study that distinguishes

fact from fiction Rather than a research study itself the work draws on the most important scholarship that has been completed over the years The work is a big sweeping picture of the history of American teachers that is designed to complement more academic books that take a more in depth analysis of unique topics with original research And in place of focusing on a particular topic the book examines the threads that have connected issues such as gender and economic status over time In short The American Teacher is a synthetic narrative driven study that brings together in one place the essential research in the field And like any good history the book shows how mining the stuff of everyday life serves as the richest way to learn more about a group of people at a particular time and in a particular place L.A. Teacher Stays, Becomes Multi-Millionaire Seymour Shiell,2008-01-18 Reader beware This book and author may appear to be incongruities But is it so strange that the same person should assume the role as both real estate investor and a public school teacher To escape retirement on welfare and starting with nothing I describe how I was able to build equity of well over several million dollars while continuing to teach public school Happily I was rewarded with the privilege of teaching children for 30 years and my classroom adventures are included within these pages Then it is wrong to praise freedom in our free enterprise system while deploring the status of so many teachers whose classroom lives and ability to teach are ground out by the dictatorial policies of the educational bureaucracy On the contrary I believe it is imperative that the truth be told for the good of us all These are my memoirs *Canadian Books in Print.
