Chung-Hyun Baik,2011-01-01 In this important book Chung Hyun Baik explores one of the central issues in contemporary Trinitarian theology the relationship between the economic and immanent Trinity Engaging a wide variety of Trinitarian theologians and contemporary philosophers Baik offers a vital analysis of the ontological and epistemological issues that bear on a proper understanding of the doctrine of the Trinity Noting that the meaning of mystery in the New Testament is Jesus Christ himself Baik argues that in order to rightly approach the question of the relationship between the immanent and the economic Trinity it is necessary to understand the mystery of the divine being as centered in Christ himself Moreover Christ is not merely a device for resolving epistemological or ontological tensions but rather the fullness of the divine mystery and as such must be determinative of all such theological and philosophical questions      **Christian Faith and Life** ,1910

**Catholic Ressourcement: Essays on Scripture and Theology** William M. Wright IV,2019-09-12 The essays in this collection all concern the interpretation of Scripture in relation to the Catholic Ressourcement A theological renewal movement that began in the early twentieth century the Ressourcement movement centered on a return to the sources such as Scripture the Church Fathers and liturgy The point of such a return was to discover in these sources the wisdom truth and spiritual insight which could speak meaningfully to contemporary challenges William M Wright first focuses on three major Ressourcement figures Henri de Lubac Yves Congar and Joseph Ratzinger and considers aspects of their theological thinking about Scripture or how Scripture is employed as a theological resource Next Wright examines Benedict XVI s Jesus of

Nazareth books showing how they put into practice for a general readership many of the theological insights characteristic of the Ressourcement movement Last Wright considers how the theological insights of the Ressourcement movement can be used to as a resource for the interpretation of Scripture He uses characteristic Ressourcement concerns such as the relationship between the testaments the theology of history and liturgy to help illumine the biblical text Wright not only provides substantive examination of the place of the Bible in this important theological movement but also shows how the insights of the Ressourcement can be helpful for the interpretation of Scripture today

*Theo-Drama* Hans Urs Von Balthasar,2013-07-22 Having presented his christology and mariology under the sign of the Dramatis Personae in volume three of Theo Drama von Balthasar now turns to the action of the divine drama itself Here we find his soteriology where time freedom history power sin conflict are seen in the light of the Cross the culmination of the action and passion of God and man As Balthasar expresses it in the conclusion to his preface here we discern the unity of glory and the dramatic God s glory as it appears in the world supremely in Christ is not something static that could be observed by a neutral investigator It manifests itself only through the personal involvement whereby God himself comes forth to do battle and is both victor and vanquished If this glory is to come within our range at all an analogous initiative is called for on our part Revelation is a battlefield Those who do battle on it can only be believers and theologians provided they have equipped themselves with the whole armor of God Eph 6 11

Pass,2020-11-16 The christocentric character of Herman Bavinck s thought has long been acknowledged but an analysis of Bavinck s christocentrism has not been forthcoming The Heart of Dogmatics redresses this situation offering a comprehensive study of Bavinck s concept of a christocentric theological system Building on the more recent secondary literature Pass draws attention to many unexplored avenues in Bavinck s writings In

particular Pass sheds light on the intimate connection between Bavinck's christocentrism and his organicism Delving deeply into Bavinck's appropriation of Reformed Orthodoxy and German Idealism Pass presents a compelling account of this thinker's attempt to establish Neo Calvinism as a modern orthodoxy By way of conclusion pertinent ways in which Bavinck's christocentrism may prove a useful resource for contemporary projects of theological retrieval are explored in a comparison of Bavinck and John Webster
