Review and Evaluation of Alternative Technologies for Demilitarization of Assembled Chemical Weapons National Research Council, Division on Engineering and Physical Sciences, Commission on Engineering and Technical Systems, Committee on Review and Evaluation of Alternative Technologies for Demilitarization of Assembled Chemical Weapons, 1999-11-24 This report examines seven disposal technologies being considered by the U S government as alternative methods to the process of incineration for destroying mortars rockets land mines and other weapons that contain chemical warfare agents such as mustard gas These weapons are considered especially dangerous because they contain both chemical warfare agent and explosive materials in an assembled package that must be disassembled for destruction The study identifies the strengths and weaknesses and advantages and disadvantages of each technology and assesses their potential for full scale implementation Business Review Weekly ,2001 Fraud Investigation Reports in Practice Petter Gottschalk, 2022-10-19 Investigation reports are written by fraud examiners after completion of internal reviews in client organizations when there was suspicion of financial wrongdoing Fraud examiners are expected to answer questions regarding what happened when it happened how it happened and why This book presents a number of case studies of investigation reports by fraud examiners offering a framework for studying the report as well as insights into convenience of fraud The case studies including KPMG and PwC focus on two important subjects First convenience themes are identified for each case Themes derive from the theory of convenience where fraud is a result of financial motives organizational opportunities and personal willingness for deviant behaviors Second review maturity is identified for each case Review maturity derives from a stages of growth model where the investigation is assigned a level of maturity based on explicit criteria The book provides useful insights towards approaching fraud examinations to enable better understanding of the rational explanations for corporate fraud The book is framed from the perspective of private policing which contextualizes how investigation reports are examined This book is a valuable resource for scholars and upper level students researching and studying auditing and investigation work in the corporate and public sectors Business and management as well as criminal justice scholars and students will learn from the case studies how to frame a white collar crime incident by application of convenience theory and how to evaluate a completed internal investigation by fraud examiners *Evaluation of Demonstration Test Results of Alternative Technologies for Demilitarization of Assembled Chemical Weapons* National Research Council, Commission on Engineering and Technical Systems, Board on Army Science and Technology, Committee on Review and Evaluation of Alternative Technologies for Demilitarization of Assembled Chemical Weapons, 2000-03-14 In 1996 the U S Congress enacted two laws Public Law 104 201 authorization legislation and Public Law 104 208 appropriation legislation mandating that the U S Department of Defense DOD conduct an assessment of alternative technologies to the baseline incineration process for the demilitarization of assembled chemical munitions The PMACWA had previously

requested that the National Research Council NRC perform and publish an independent evaluation of the seven technologies packages that had been selected during earlier phases of the Assembled Chemical Weapons Assessment ACWA program and deliver a report by September 1 1999 However to meet that deadline the NRC Committee on Review and Evaluation of Alternative Technologies for Demilitarization of Assembled Chemical Weapons ACW Committee had to terminate its data gathering activities on March 15 1999 prior to the completion of demonstration tests In September 1999 the PMACWA requested that the ACW Committee examine the reports of the demonstration tests and determine if the results changed the committee s original findings recommendations and comments Evaluation of Demonstration Test Results of Alternative Technologies for Demilitarization of Assembled Chemical Weapons documents the committee s reassessment of the findings and recommendations in the original report Review and Evaluation of Alternative Technologies for Demilitarization of Assembled Chemical Weapons **Proceedings of the Marine Safety & Security Council** ,2016 **Studies in the**
