Peters-Hill, 2020-09-25 Reconnaissance au Maroc is Charles de Foucauld's adventurous account of his Moroccan explorations For eleven months in 1883-84 Foucauld travelled through a country then off limits to Europeans documenting its landscape and charting its waterways He travelled in disguise as a Russian rabbi Joseph Aleman accompanied by the real rabbi Mardoché Aby Serour and sought hospitality in the mellahs Jewish quarters of villages along their route Foucauld meticulously recorded every day of his time in Morocco and by the time his memoir was published in 1888 it had already

garnered praise in France and the prestigious gold medal from the Société de Géographie de Paris. The book is more than merely a travel memoir however as an artefact of cultural and religious encounter and as a scientific compendium. *Reconnaissance au Maroc* offers an extraordinary glimpse of the late nineteenth century French mentality toward North Africa as well as a cross section of Moroccan society in the pre colonial era. Rosemary Peters Hill's volume translates Foucauld's work into English for the first time situating *Reconnaissance* within the contexts of both late nineteenth century French writing about *ailleurs* other places and Foucauld's own journey through Morocco the other place where paradoxically he found his true self and calling.

**Europe within Reach** Gerrit Verhoeven, 2015-06-24 In *Europe within Reach* Gerrit Verhoeven traces some sweeping evolutions in the early modern travel behaviour of Dutch and Flemish elites 1585-1750 as the classical Grand Tour was slowly but surely overshadowed by other types of travelling. Leisure trips to Paris London or Berlin a cours pittoresque along the Rhine domestic trips in the Low Countries and a series of other destinations gained ground while new sorts of travellers cropped up female and middle class travellers domestic servants children youngsters and the elderly. Verhoeven does not only trace these evolutions but also explains why Netherlandish travellers gradually turned into art connoisseurs why they were spellbound by sites of memory and by rugged landscapes or why all sorts of fashionable gadgets and thingies were bought on the way.

The Web as History Niels Brügger, Ralph Schroeder, 2017-03-06 The World Wide Web has now been in use for more than 20 years From early browsers to today s principal source of information entertainment and much else the Web is an integral part of our daily lives to the extent that some people believe if it s not online it doesn t exist While this statement is not entirely true it is becoming increasingly accurate and reflects the Web s role as an indispensable treasure trove It is curious therefore that historians and social scientists have thus far made little use of the Web to investigate historical patterns of culture and society despite making good use of letters novels newspapers radio and television programmes and other pre digital artefacts This volume argues that now is the time to ask what we have learnt from the Web so far The 12 chapters explore this topic from a number of interdisciplinary angles through histories of national web spaces and case studies of different government and media domains as well as an introduction that provides an overview of this exciting new area of research *Le mystère Lovinarovich* Jacques DISSLER,
