The Talking Earth:

The Talking Earth Jean Craighead George, 1987-10-23 Billie Wind lives with her Seminole tribe. She follows their customs but the dangers of pollution and nuclear war she's learned about in school seem much more real to her. How can she believe the Seminole legends about talking animals and earth spirits? She wants answers, not legends. You are a doubter, say the men of the Seminole Council, and so Billie goes out into the Everglades alone to stay until she can believe. In the wilderness she discovers that she must listen to the land and animals in order to survive. With an otter, a panther cub, and a turtle as companions and guides, she begins to understand that the world of her people can give her the answers she seeks.

The Talking Earth Jean Craighead George, 1991 Billie Wind ventures out alone into the Florida Everglades to test the legends of her Indian ancestors and learns the importance of listening to the earth's vital messages.
