Campbell, 2009-07-07 **The Entangled Trinity** Ernest L. Simmons, 2014 The Doctrine of the Trinity is an exercise in wonder It is drawn from the wonder of our own existence and the diverse experiences of the divine encountered by the early Christian community From the earliest days of Christianity theologians of the church have drawn upon the most sophisticated language and understandings of their time in an attempt to clarify and express that faith In this volume Ernest Simmons asks what the current scientific understanding of the natural world might contribute to our reflection upon the relationship of God and the world in a Triune fashion [The World and the Word: Making Sense of Social Science in an Age of Conflict, Opposition, and Grace](#) Dr. Herbert L.  Steven G. Smith, 2018-10-18 Focusing on the guidance function in scripture and in language generally this book evaluates scriptural religion in global perspective      108 Steps to God Anne-Marie Newland, 2019-02-22 A personal journey through life dramas and how to manoeuvre them Never one to take life at face value through her new book 108 Steps to God internationally acclaimed yoga teacher Anne Marie Newland leads her readers through her everyday family and work life challenges showing set backs in a positive light so that problems become teachings Life is a Spiritual obstacle course and this book offers coordinates by which to travel Foreword by Swami Saradananda      *The Human Experience Is The Dance Of Heaven And Earth* Dhyana Stanley, 2016-06-24 The Human Experience is the Dance of Heaven and Earth is a book about awakening but it is not your typical book on the subject Rather than only tell about the process of awakening it also shows the process through the inclusion of many practical daily life examples Although the realization of who we are is not a process the integration of this realization is Some teachings shy away from the term process altogether and other teachings present the process as a self improvement endeavor this book does neither When we glimpse peace or wholeness or whatever term we happen to use there is a process of integrating this understanding that unfolds But this is not a process of improving who we are It is a process of seeing through who we are not and more fully relaxing into who we already are So many people are now in various stages of awakening Some have had glimpses of truth but don't trust them and others have had glimpses they trust but become confused when conditioned habits pull them The Human Experience does not leave the readers to fend for themselves We are here not only to realize the truth of who we are but to be free enough to actually live it As our understanding integrates more fully into what we sense and how we express ourselves this inner harmony then moves out into the world And when more and more of us come to know and live this harmony world peace cannot help but unfold
