

# The TREC-8 Question Answering Track Report

Ellen M. Voorhees  
National Institute of Standards and Technology  
Gaithersburg, MD 20899  
ellen.voorhees@nist.gov

## Abstract

The TREC-8 Question Answering track was the first large-scale evaluation of domain-independent question answering systems. This paper summarizes the results of the track by giving a brief overview of the different approaches taken to solve the problem. The most accurate systems found a correct response for more than 2/3 of the questions. Relatively simple bag-of-words approaches were adequate for finding answers when responses could be as long as a paragraph (250 bytes), but more sophisticated processing was necessary for more direct responses (50 bytes).

The TREC-8 Question Answering track was an initial effort to bring the benefits of large-scale evaluation to bear on a question answering (QA) task. The goal in the QA task is to retrieve small snippets of text that contain the actual answer to a question rather than the document lists traditionally returned by text retrieval systems. The assumption is that users would usually prefer to be given the answer rather than find the answer themselves in a document.

This paper summarizes the retrieval results of the track; a companion paper ("The TREC-8 Question Answering Track Evaluation") gives details about how the evaluation was implemented. By necessity, a track report can give only an overview of the different approaches used in the track. Readers are urged to consult the participants' papers elsewhere in the Proceedings for details regarding a particular approach.

## 1 The Task

A successful evaluation requires a task that is neither too easy nor too difficult for the current technology. If the task is too simple, all systems do very well and nothing is learned. Similarly, if the task is too difficult, all systems do very poorly and again nothing is learned. Accordingly, we chose a constrained version of the general question answering problem as the focus of the track.

The document collection used in the task was the same as the TREC-8 ad hoc collection, namely the set of documents on TREC disks 4 and 5 minus the *Congressional Record* documents. The documents consist mostly of newspaper articles and thus contain information on a wide variety of subjects. Participants were given 200 fact-based, short-answer questions, such as those given in Figure 1. Each question was guaranteed to have at least one document in the collection that explicitly answered the question.

Participants returned a ranked list of five [document-id, answer-string] pairs per question such that each answer string was believed to contain an answer to the question. Answer strings were limited to either 50 or 250 bytes, and could either be extracted from the corresponding document or automatically generated from information contained in the document. Human assessors read each string and made a binary decision as to whether the string actually did contain an answer to the question in the context provided by the document. Taking document context into account allowed a system that correctly derived a response from a document that was incorrect to be given full credit for its response.

Given a set of judgments for the strings, the score computed for a submission was mean reciprocal rank, defined as follows. An individual question received a score equal to the reciprocal of the rank at which the first correct response was returned, or 0 if none of the five responses contained a correct answer. The score for a submission was then the mean of the individual questions' reciprocal ranks. The reciprocal rank has several advantages as a scoring metric. It is closely related to the average precision measure used extensively in document retrieval. It is bounded between 0 and 1, inclusive, and averages well. A run is penalized for

## **The Trec 8 Question Answering Track Report:**

*Advances in Open Domain Question Answering* Tomek Strzalkowski, Sanda Harabagiu, 2006-10-07 Automated question answering the ability of a machine to answer questions simple or complex posed in ordinary human language is one of today's most exciting technological developments. It has all the markings of a disruptive technology, one that is poised to displace the existing search methods and establish new standards for user centered access to information. This book gives a comprehensive and detailed look at the current approaches to automated question answering. The level of presentation is suitable for newcomers to the field as well as for professionals wishing to study this area and/or to build practical QA systems. The book can serve as a how-to handbook for IT practitioners and system developers. It can also be used to teach advanced graduate courses in Computer Science, Information Science and related disciplines. The readers will acquire in depth practical knowledge of this critical new technology.

*Text- and Speech-Triggered Information Access* Steve Renals, Gregory Grefenstette, 2003-09-09 This book presents revised versions of the lectures given at the 8th ELSNET European Summer School on Language and Speech Communication held on the Island of Chios, Greece, in summer 2000. Besides an introductory survey, the book presents lectures on data analysis for multimedia libraries, pronunciation modeling for large vocabulary speech recognition, statistical language modeling, very large scale information retrieval, reduction of information variation in text, and a concluding chapter on open questions in research for linguistics in information access. The book gives newcomers to language and speech communication a clear overview of the main technologies and problems in the area. Researchers and professionals active in the area will appreciate the book as a concise review of the technologies used in text and speech triggered information access.

*Natural Language Processing for Online Applications* Peter Jackson, Isabelle Moulinier, 2007 This text covers the technologies of document retrieval, information extraction, and text categorization in a way which highlights commonalities in terms of both general principles and practical concerns. It assumes some mathematical background on the part of the reader, but the chapters typically begin with a non-mathematical account of the key issues. Current research topics are covered only to the extent that they are informing current applications; detailed coverage of longer term research and more theoretical treatments should be sought elsewhere. There are many pointers at the ends of the chapters that the reader can follow to explore the literature. However, the book does maintain a strong emphasis on evaluation in every chapter, both in terms of methodology and the results of controlled experimentation.

*Advances in Information Retrieval* Djoerd Hiemstra, Marie-Francine Moens, Josiane Mothe, Raffaele Perego, Martin Potthast, Fabrizio Sebastiani, 2021-03-26 This two-volume set LNCS 12656 and 12657 constitutes the refereed proceedings of the 43rd European Conference on IR Research (ECIR 2021) held virtually in March-April 2021 due to the COVID-19 pandemic. The 50 full papers presented together with 11 reproducibility papers, 39 short papers, 15 demonstration papers, 12 CLEF lab descriptions, 5 doctoral consortium papers, 5 workshop abstracts, and 8 tutorials abstracts were carefully reviewed and

selected from 436 submissions The accepted contributions cover the state of the art in IR deep learning based information retrieval techniques use of entities and knowledge graphs recommender systems retrieval methods information extraction question answering topic and prediction models multimedia retrieval and much more Innovations, Securities, and Case Studies Across Healthcare, Business, and Technology Burrell, Darrell Norman, 2024-01-15 The longstanding practice of keeping academic disciplines separate has been a barrier to effectively addressing the complex challenges in our world The boundaries separating fields like healthcare social sciences and technology have obscured the potential for interdisciplinary collaboration preventing us from unlocking innovative solutions to the most pressing issues of our time As a result the critical problems we face from healthcare inequities to technological advancements with ethical dilemmas have remained largely unresolved This fragmented approach to academic inquiry has left a void in our quest to tackle these challenges effectively The solution is found within the pages of Innovations Securities and Case Studies Across Healthcare Business and Technology This groundbreaking compendium illuminates the transformative potential of interdisciplinary collaboration offering direction and support in the form of knowledge for scholars researchers practitioners and students committed to solving real world problems By harnessing the collective wisdom of diverse disciplines the book demonstrates how convergence across healthcare social sciences organizational behavior and technology can lead to groundbreaking insights and solutions It showcases success stories and innovative strategies that drive positive change within our societies offering a roadmap towards a brighter more interconnected future

**MultiMedia Modeling** Klaus Schoeffmann, Thanarat H. Chalidabhongse, Chong Wah Ngo, Supavadee Aramvith, Noel E. O'Connor, Yo-Sung Ho, Moncef Gabbouj, Ahmed Elgammal, 2018-01-30 The two volume set LNCS 10704 and 10705 constitutes the thoroughly refereed proceedings of the 24th International Conference on Multimedia Modeling MMM 2018 held in Bangkok Thailand in February 2018 Of the 185 full papers submitted 46 were selected for oral presentation and 28 for poster presentation in addition 5 papers were accepted for Multimedia Analytics Perspectives Techniques and Applications 12 extended abstracts for demonstrations and 9 accepted papers for Video Browser Showdown 2018 All papers presented were carefully reviewed and selected from 185 submissions

**Computer Vision - ECCV 2022 Workshops** Leonid Karlinsky, Tomer Michaeli, Ko Nishino, 2023-02-11 The 8 volume set comprising the LNCS books 13801 until 13809 constitutes the refereed proceedings of 38 out of the 60 workshops held at the 17th European Conference on Computer Vision ECCV 2022 The conference took place in Tel Aviv Israel during October 23 27 2022 the workshops were held hybrid or online The 367 full papers included in this volume set were carefully reviewed and selected for inclusion in the ECCV 2022 workshop proceedings They were organized in individual parts as follows Part I W01 AI for Space W02 Vision for Art W03 Adversarial Robustness in the Real World W04 Autonomous Vehicle Vision Part II W05 Learning With Limited and Imperfect Data W06 Advances in Image Manipulation Part III W07 Medical Computer Vision W08 Computer Vision for Metaverse W09 Self Supervised Learning What Is Next Part IV

## **The Trec 8 Question Answering Track Report Introduction**

The Trec 8 Question Answering Track Report Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. The Trec 8 Question Answering Track Report Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. The Trec 8 Question Answering Track Report : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for The Trec 8 Question Answering Track Report : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks The Trec 8 Question Answering Track Report Offers a diverse range of free eBooks across various genres. The Trec 8 Question Answering Track Report Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. The Trec 8 Question Answering Track Report Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific The Trec 8 Question Answering Track Report, especially related to The Trec 8 Question Answering Track Report, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to The Trec 8 Question Answering Track Report, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some The Trec 8 Question Answering Track Report books or magazines might include. Look for these in online stores or libraries. Remember that while The Trec 8 Question Answering Track Report, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow The Trec 8 Question Answering Track Report eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the The Trec 8 Question Answering Track Report full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to

a wide range of The Trec 8 Question Answering Track Report eBooks, including some popular titles.

### **FAQs About The Trec 8 Question Answering Track Report Books**

**What is a The Trec 8 Question Answering Track Report PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a The Trec 8 Question Answering Track Report PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a The Trec 8 Question Answering Track Report PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a The Trec 8 Question Answering Track Report PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a The Trec 8 Question Answering Track Report PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. **How do I compress a PDF file?** You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. **Can I fill out forms in a PDF file?** Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
