EDWARD BERENSON

# The Trial Of Madame Caillaux

**Gordon Martel**

## **The Trial Of Madame Caillaux:**

**The Trial of Madame Caillaux** Edward Berenson,1992-01-15 Edward Berenson recounts the trial of Henriette Caillaux the wife of a powerful French cabinet minister who murdered her husband s enemy Le Figaro editor Gaston Calmette in March 1914 on the eve of World War I In analyzing this momentous event Berenson draws a fascinating portrait of Belle Epoque politics and culture The Trial of Madame Caillaux Edward Berenson,1992 The Lost History of 1914 Jack Beatty,2012-02-21 Challenges beliefs that World War I was inevitable documenting largely forgotten events in each of the warring countries to reveal how several factors may have prevented the war or caused a different outcome *Everybody's Magazine* ,1919 **Manipulating the Masses** John Maxwell Hamilton,2020-10-21 Winner of the Goldsmith Book Prize Winner of the AEJMC History Division Book Award Winner of the AJHA Book of the Year Winner of the Culbert Family Book Prize Manipulating the Masses tells the story of the enduring threat to American democracy that arose out of World War I the establishment of pervasive systematic propaganda as an instrument of the state During the Great War the federal government exercised unprecedented power to shape the views and attitudes of American citizens Its agent for this was the Committee on Public Information CPI established by President Woodrow Wilson one week after the United States entered the war in April 1917 Driven by its fiery chief George Creel the CPI reached every crevice of the nation every day and extended widely abroad It established the first national newspaper made prepackaged news a quotidian aspect of governing and pioneered the concept of public diplomacy It spread the Wilson administration s messages through articles cartoons books and advertisements in newspapers and magazines through feature films and volunteer Four Minute Men who spoke during intermission through posters plastered on buildings and along highways and through pamphlets distributed by the millions It enlisted the nation s leading progressive journalists advertising executives and artists It harnessed American universities and their professors to create propaganda and add legitimacy to its mission Even as Creel insisted that the CPI was a conduit for reliable fact based information the office regularly sanitized news distorted facts and played on emotions Creel extolled transparency but established front organizations Overseas the CPI secretly subsidized news organs and bribed journalists At home it challenged the loyalty of those who occasionally questioned its tactics Working closely with federal intelligence agencies eager to sniff out subversives and stifle dissent the CPI was an accomplice to the Wilson administration s trampling of civil liberties Until now the full story of the CPI has never been told John Maxwell Hamilton consulted over 150 archival collections in the United States and Europe to write this revealing history which shows the shortcuts to open honest debate that even well meaning propagandists take to bend others to their views Every element of contemporary government propaganda has antecedents in the CPI It is the ideal vehicle for understanding the rise of propaganda its methods of operation and the threat it poses to democracy **The Month that Changed the World** Gordon Martel,2014 On 28 June 1914 the Austrian Archduke Franz Ferdinand was assassinated in the Balkans Five fateful weeks later the Great Powers of

Europe were at war Much time and ink has been spent ever since trying to identify the guilty person or state responsible or alternatively attempting to explain the underlying forces that inevitably led to war in 1914 Unsatisfied with these explanations Gordon Martel now goes back to the contemporary diplomatic military and political records to investigate the twists and turns of the crisis afresh with the aim of establishing just how the catastrophe really unfurled What emerges is the story of a terrible unnecessary tragedy one that can be understood only by retracing the steps taken by those who went down the road to war With each passing day we see how the personalities of leading figures such as Kaiser Wilhelm II the Emperor Franz Joseph Tsar Nicholas II Sir Edward Grey and Raymond Poincare were central to the unfolding crisis how their hopes and fears intersected as events unfolded and how each new decision produced a response that complicated or escalated matters to the point where they became almost impossible to contain Devoting a chapter to each day of the infamous July Crisis this gripping step by step account of the descent to war makes clear just how little the conflict was in fact premeditated preordained or even predictable Almost every day it seemed possible that the crisis could be settled as so many had been over the previous decade almost every day there was a new suggestion that gave statesmen hope that war could be avoided without abandoning vital interests And yet as the last month of peace ebbed away the actions and reactions of the Great Powers disastrously escalated the situation So much so that by the beginning of August what might have remained a minor Balkan problem had turned into the cataclysm of the First World War

**The Moral Witness** Carolyn J. Dean, 2019-04-15

The Moral Witness is the first cultural history of the witness to genocide in the West Carolyn J Dean shows how the witness became a protagonist of twentieth century moral culture by tracing the emergence of this figure in courtroom battles from the 1920s to the 1960s covering the Armenian genocide the Ukrainian pogroms the Soviet Gulag and the trial of Adolf Eichmann In these trials witness testimonies differentiated the crime of genocide from war crimes and began to form our understanding of modern political and cultural murder By the turn of the twentieth century the witness to genocide became a pervasive icon of suffering humanity and a symbol of western moral conscience Dean sheds new light on the recent global focus on survivors trauma Only by placing the moral witness in a longer historical trajectory she demonstrates can we understand how the stories we tell about survivor testimony have shaped both our past and contemporary moral culture

*Reading Primary Sources* Miriam Dobson, Benjamin Ziemann, 2008-09-03

How does the historian approach primary sources How do interpretations differ How can they be used to write history *Reading Primary Sources* goes a long way to providing answers for these questions In the first part of this unique volume the chapters give an overview of both traditional and new methodological approaches to the use of sources analyzing the way that these have changed over time The second part gives an overview of twelve different types of written sources including letters opinion polls surveillance reports diaries novels newspapers and dreams taking into account the huge expansion in the range of written primary sources used by historians over the last thirty years This book is an up to date introduction into the historical

context of these different genres the ways they should be read the possible insights and results these sources offer and the pitfalls of their interpretation All of the chapters push the reader beyond a conventional understanding of source texts as mere reflections of a given reality instead fostering an understanding of how each of the various genres has to be seen as a medium in its own right Taking examples of sources from around the globe and also including a student friendly further reading section this is the perfect companion for every student of history who wants to engage with sources

**Cartoons Magazine** ,1914      **French Music, Culture, and National Identity, 1870-1939** Barbara L. Kelly,2008 Heroism art and new media France and identity formation Unifying the French nation Savorgnan de Brazza and the Third Republic Edward Berenson New media source bonding and alienation listening at the 1889 Exposition Universelle Annegret Fauser Debussy and the making of a musicien fran ais Pell as the press and World War I Barbara L Kelly A bas Wagner the French press campaign against Wagner during World War I Marion Schmid Canon style and political alignment D Indy s Beethoven Steven Huebner Messidor republican patriotism and the French revolutionary tradition in Third Republic opera James Ross The symphony and national identity in early twentieth century France Brian Hart Transcending the word religion and music in Gauguin s quest for abstraction Debora Silverman Jolivet s search for a new French voice spiritual otherness in Mana 1935 Deborah Mawer Regionalism Rameau in late nineteenth century Dijon memorial festival fiasco Katharine Ellis Becoming Alsatian anti German and pro French cultural propaganda in Alsace 1898 1914 Detmar Klein National identity and the double border in Lorraine 1870 1914 Didier Francfort      *Murder in Parisian Streets* Thomas Cragin,2006 In *Murder in Parisian Streets* Thomas Cragin provides an in depth study of the production sale and content of the canards He demonstrates their significance to nineteenth century culture even their role in determining the emerging tabloid s success Cragin explores the incremental creation of textual meaning in the canards authorship production distribution and consumption He exposes the power of oral traditions as well as modern marketing at work upon this popular news literature The canards challenge our assumptions about the nineteenth century s revolution in print and reorient our understanding of cultural creation through textual construction Jacket      *Sex, Violence, and the Avant-garde* Richard David Sonn,2010 *Sex Violence and the Avant Garde* examines the French anarchist movement between the wars from a socio cultural perspective considering the relationship between anarchism and the artistic avant garde and surrealism political violence and terrorism sexuality and sexual politics and gender roles      **The Nation** ,1914      *Heroes of Empire* Edward Berenson,2011 Examines through the lives of five important English and French figures the history of the exploration and colonization of Africa between 1870 and 1914 and the role the mass media played in promoting colonial conquest      **The Living Church** ,1914      **France and Ourselves** Herbert Adams Gibbons,1920      *Debating the Woman Question in the French Third Republic, 1870-1920* Karen Offen,2018-01-11 A magisterial reconstruction and analysis of the heated debates around the woman question during the French Third Republic      **Career Stories** Juliette M. Rogers,2010-11 In *Career Stories* Juliette Rogers considers a body of

largely unexamined novels from the Belle poque that defy the usual categories allowed the female protagonist of the period While most literary studies of the Belle poque 1880 1914 focus on the conventional housewife or harlot distinction for female protagonists the heroines investigated in Career Stories are professional lawyers doctors teachers writers archeologists and scientists In addition to the one well known woman writer from the Belle poque Colette this study will expand our knowledge of relatively unknown authors including Gabrielle Reval Marcelle Tinayre and Colette Yver who actively participated in contemporary debates on women s possible roles in the public domain and in professional careers during this period Career Stories seeks to understand early twentieth century France by examining novels written about professional women bourgeois and working class heroines and the particular dilemmas that they faced This book contributes a new facet to literary histories of the Belle poque a subgenre of the bildungsroman that flourished briefly during the first decade of the twentieth century in France Rogers terms this subgenre the female berufsroman or novel of women s professional development Career Stories will change the way we think about the Belle poque and the interwar period in French literary history because these women writers and their novels changed the direction that fiction writing would take in post World War I France *The New York Times Book Review*, 1992 Presents extended reviews of noteworthy books short reviews essays and articles on topics and trends in publishing literature culture and the arts Includes lists of best sellers hardcover and paperback **The History and Character of Calvinism** John Thomas McNeill, 1923 This is a masterful historical portrait of the whole movement of Calvinism for general readers and scholars alike
