## **The True Stella Awards:**

*The True Stella Awards* Randy Cassingham, 2006-10-31 Gathered from the popular website [www.StellaAwards.com](http://www.StellaAwards.com) The True Stella Awards is an outrageous collection of America's most frivolous lawsuits Named for Stella Liebeck the woman who won a multimillion dollar lawsuit after spilling hot McDonald's coffee on herself humorist Randy Cassingham's popular website chronicles the hard to believe and amusing claims brought before the U.S. courts The most ridiculous of these lawsuits are given the honorable Stella Award In *The True Stella Awards* Cassingham documents the most outlandish of these real life cases including The man who legally changed his name to Jack Ass and then sued MTV because their TV show and movie Jackass infringed on his trademark and demeaned his good name The songwriter who left a minute's silence on his record only to be sued by the estate of another songwriter who copyrighted his own silent song The man who sued an amusement park after being the victim of the ultimate act of God He was hit by lightning while standing next to his own car in the parking lot Stunning and hilarious *The True Stella Awards* reveals the extremes people will go to in the pursuit of justice

**True Stella Awards** Randy C. Cassingham, 2005      **True Stella Awards** Randy Cassingham, 2006      Common Sense as a Paradigm of Thought Tim Delaney, 2018-12-07 The notion of common sense and abiding by its implications is something that seemingly everyone agrees is a good way of making behavioral decisions and conducting one's daily activities This holds true whether one is a liberal moderate or conservative young or old and regardless of one's race and ethnicity gender or sexual orientation If utilizing common sense is such a good idea why then do so many people seem to violate it This is just one of many significant questions surrounding the idea of common sense explored and discussed in this book This volume presents common sense as a paradigm of thought and as such compares it to other major categories of thought tradition faith enlightened and rational Combining a balance of practical everyday approaches through the use of popular culture references and featured boxes and academic analysis of core and conceptual methodological issues Delaney demonstrates The limitations of common sense and its place in everyday social interactions How we learn about common sense Why common sense is so important *Common Sense as a Paradigm of Thought* introduces readers to a rich variety of sociological authors and will appeal to students and researchers interested in fields such as sociology philosophy social psychology cultural studies communications and health studies

**The True Stella Awards** Randy Cassingham, 2006 A high spirited collection of some of American history's most notorious frivolous lawsuits includes the stories of a man who changed his name to Jackass and then sued MTV a songwriter who was sued for a moment of recorded silence and a mortgage company that sued a victim of identity theft for its own negligence Reprint 35 000 first printing

**The Business, Policy, and Economics of Neurosurgery** Richard P. Menger, MD, MPA, Christopher M. Storey, MD, PhD, Anil Nanda, MD, MPH, 2018-06-29 The concept of this project is based on the premise that neurosurgeons are vital agents in the application of the American health care apparatus They remain the true advocates for patients undergoing surgery for a neurological

condition Yet the tenets of health care economics health care policy and the business of medicine remain largely debated within the context of politicians policy experts and administrators This textbook will ease that gap It will bring material generally absent from medical curricula into discussion It will make potent features of health care economics policy and the business of practice digestible to clinical neurosurgeons in order to help them better treat their patients The information provided in this text will also provide an excellent foundation for understanding the mechanics of running a neurosurgical practice It simultaneously addresses career progression and opportunity evaluation     The Darwin Awards Next Evolution Wendy Northcutt,2008-10-30 The hilarious New York Times bestselling phenomenon and the perfect funny gift New York Times bestselling author Wendy Northcutt is back asking Have we evolved at all The answer Not all of us What crazy cocktail of DNA leads Homo sapiens to do pull ups off the edge of a seventh floor balcony or wrap their lips around a paintball gun and pull the trigger How about offering a beer to a bear or self testing a Taser Why not go joyriding in a shopping cart strapped to an SUV or jump a drawbridge on a bicycle Fully illustrated with over a hundred new jaw dropping and side splitting feats of stupidity and including science essays by guest writers and answers to FAQs about evolution in action The Darwin Awards Next Evolution continues the tradition of honoring the victims of appallingly poor survival instinct who selflessly improve our gene pool by removing themselves from it     *Civil Justice Reconsidered* Steven P. Croley,2017-08-22 In *Civil Justice Reconsidered* Steven Croley demonstrates that civil litigation is for the most part socially beneficial An effective civil litigation system is accessible to parties who have suffered legal wrongs and it is reliable in the sense that those with stronger claims tend to prevail over those with weaker claims However while most of the system s failures are overstated they are not wholly off base civil litigation often imposes excessive costs that among other unfortunate consequences impede access to the courts and Croley offers ways to reform civil litigation in the interest of justice for potential plaintiffs and defendants and for the rule of law itself Publisher s web site viewed February 10 2017     *Freedom's Vector* Richard C. Anderson,2006-03-20 *Freedom's Vector* The Path to Prosperity Opportunity and Dignity is a book about America's government its institutions and its people It is about a nation blessed with the finest system of governance ever devised It is about a country that has outgrown its institutions and is in need of reconditioning It is about a people who have been losing their faith and are waiting for a new call to greatness Our country can recapture the spirit of 76 if we bring our better virtues and a sense of responsibility to bear upon the task If our leaders reform their economics If money and power do not stand in the way of freedom and democracy If you love America I think you will like this book If you read this book I think it may surprise and educate you It may even annoy you If it does and you are inspired to craft a better plan for your country I will have achieved my purpose in putting these pages between two covers     **Ignition** Mike Zigan,2007-09 Hold on as *Ignition* takes you on the journey of your lifetime Images of Baghdad will be etched in your memory but used as a catalyst in greatly improving your daily Christian walk This book provides important food for thought that you can t get on

the nightly news It s timely Spirit driven and potent images will fuel your inner furnace and remind you of your special status as an American citizen Written by a military family man sharing his personal reflections on war duty patriotism society and the meaning of life these are his thoughts penned in downtown Baghdad as rockets mortars and IEDs explode in a daily chaotic din Ignition will re kindle your love of country faith in mankind and commitment to actively pursue God s plan for your life

Distorting the Law William Haltom,Michael McCann,2009-11-15 In recent years stories of reckless lawyers and greedy citizens have given the legal system and victims in general a bad name Many Americans have come to believe that we live in the land of the litigious where frivolous lawsuits and absurdly high settlements reign Scholars have argued for years that this common view of the depraved ruin of our civil legal system is a myth but their research and statistics rarely make the news William Haltom and Michael McCann here persuasively show how popularized distorted understandings of tort litigation or tort tales have been perpetuated by the mass media and reform proponents Distorting the Law lays bare how media coverage has sensationalized lawsuits and sympathetically portrayed corporate interests supporting big business and reinforcing negative stereotypes of law practices Based on extensive interviews nearly two decades of newspaper coverage and in depth studies of the McDonald s coffee case and tobacco litigation Distorting the Law offers a compelling analysis of the presumed litigation crisis the campaign for tort law reform and the crucial role the media play in this process

**Jokes and Targets** Christie Davies,2011-05-23 Jokes and Targets takes up an appealing and entertaining topic the social and historical origins of jokes about familiar targets such as rustics Jewish spouses used car salesmen and dumb blondes Christie Davies explains why political jokes flourished in the Soviet Union why Europeans tell jokes about American lawyers but not about their own lawyers and why sex jokes often refer to France rather than to other countries One of the world s leading experts on the study of humor Davies provides a wide ranging and detailed study of the jokes that make up an important part of everyday conversation

**Fads, Fakes, and Frauds** Tomasz Witkowski,2022-09-15 This book is a collection of skeptical social essays in which the author reveals that much of our popular beliefs psychology and science are defective because although we live in the 21st century our approach to them is deeply rooted in our culture and biased by history and evolution These essays help the reader take a step sideways think independently and not fall victim to fads fakes and frauds Anyone who values a deeper understanding of contemporary social reality and the changes taking place in it should read this book from students to scientists and intellectuals Through these essays we learn to look under the veneer of reality behind the altars of science under the scenery of pop psychology and behind the facade of therapeutic culture Thanks to essays on suicide euthanasia and more we also come close to the edge of life and death Contrary to many meticulous social critical analyzes in sharing his thoughts the author takes us on a picturesque journey through bounty hunters ludicrous machines compulsive hoarding Charlie Chaplin and much more

Vampires Today Joseph P. Laycock,2009-05-14 This book about real vampires and the communities they have formed explores the modern world of vampirism in all its amazing variety Long

before Dracula people were fascinated by vampires The interest has continued in more recent times with Anne Rice's Lestat novels Buffy the Vampire Slayer the HBO series True Blood and the immensely popular Twilight But vampires are not just the stuff of folklore and fiction Based upon extensive interviews with members of the Atlanta Vampire Alliance and others within vampire communities throughout the United States this fascinating book looks at the details of real vampire life and the many expressions of vampirism as it now exists In Vampires Today The Truth about Modern Vampirism Joseph Laycock argues that today's vampires are best understood as an identity group and that vampirism has caused a profound change in how individuals choose to define themselves As vampires come out of the coffin as followers of a religion or lifestyle or as people biologically distinct from other humans their confrontation with mainstream society will raise questions as it does here about how we define normal and what it means to be human

Uncle John's Triumphant 20th Anniversary Bathroom Reader Bathroom Readers' Institute, 2012-07-15 At a whopping 600 absorbing pages Uncle John pulled out all the stops to make the behemoth Triumphant 20th Anniversary Bathroom Reader the epitome of Throne Room entertainment Happy birthday Uncle John This 20th anniversary edition proves that some things do get better with age Since 1987 the Bathroom Readers Institute has led the movement to stand up for those who sit down and read in the bathroom and everywhere else for that matter Uncle John's Triumphant 20th Bathroom Reader is jam packed with 600 pages of all new articles as usual divided by length for your sitting convenience In what other single book could you find such a lively mix of surprising trivia strange lawsuits dumb crooks origins of everyday things forgotten history quirky quotations and wacky wordplay Uncle John rules the world of information and humor so get ready to be thoroughly entertained as you read about The incredible edible history of bread The secret congressional bomb shelter Farts in the news The history of the aloha shirt The real Zorro The worst city in America How your taste buds work It's the Peanuts story Charlie Brown And much much more

KEROUACKING About The LEGAL LANDSCAPE Leslie M. Carwell, 2019-03-31 Actual cases from the book Boomerang unexpectedly returned and smacked you in the face This is America not Australia We got you covered Train whistled at you and caused you tinnitus It's a disability file a claim Horse emptying his bowels on your lap That's an impact and if the horse can't pay its owner surely can Bought a pair of binoculars Looked into the sun and hurt your eyes Mislabeled it's as clear as daylight Stole a gun and shot yourself Worry not you're technically unsophisticated and under aged too Are you too short to fly a Boeing 747 It's a handicap Also a discrimination and let's see if we can shrink that bird Got a permanent erection It must be your motorcycle or the seat or both Dead fly in bottled water Head to court even if you didn't drink the water Refused school admission seven times in a row That's academic malpractice we can help A collection of 170 of the most unusual court cases from around the world Compilation of outrageous unusual and infamous court cases coupled with witty judicial opinions Each case is a story by itself with references including a link to the original court documents E book readers can simply tap on the link provided with each story and they can read the case as it was filed in the courts Print editions also have the links provided however

they have to type the URL into their web browser which takes them to the book's dedicated web site      *Symposium* ,2009

Sustainable Success with Stakeholders Sybille Sachs,Edwin Rühli,Isabelle Kern,2009-07-16 This book shows managers how they can identify their stakeholders and cooperate with them in a mutually successful and satisfying way It includes numerous examples from case studies and international firms illustrating the stepping stones to a comprehensive stakeholder management      The Publishers Weekly ,2003      **Anticipating Risks and Organising Risk Regulation** Bridget M.

Hutter,2010-08-05 Anticipating risks has become an obsession of the early twenty first century Private and public sector organisations increasingly devote resources to risk prevention and contingency planning to manage risk events should they occur This 2010 book shows how we can organise our social organisational and regulatory policy systems to cope better with the array of local and transnational risks we regularly encounter Contributors from a range of disciplines including finance history law management political science social psychology sociology and disaster studies consider threats vulnerabilities and insecurities alongside social and organisational sources of resilience and security These issues are introduced and discussed through a fascinating and diverse set of topics including myxomatosis the 2012 Olympic Games gene therapy and the financial crisis This is an important book for academics and policy makers who wish to understand the dilemmas generated in the anticipation and management of risks
