**The Vampire in Contemporary Popular Literature** Lorna Piatti-Farnell, 2013-11-07 Prominent examples from contemporary vampire literature expose a desire to re-evaluate and re-work the long-standing folkloristic interpretation of the vampire as the immortal undead. This book explores the new vampire as a literary trope, offering a comprehensive critical analysis of vampires in contemporary popular literature and demonstrating how they engage with essential cultural preoccupations, anxieties, and desires. Drawing from cultural materialism, anthropology, psychoanalysis, literary criticism, gender studies, and postmodern thought, Piatti-Farnell re-frames the concept of the vampire in relation to a distinctly twenty-first-century brand of Gothic imagination, highlighting important aesthetic, conceptual, and cultural changes that have affected the literary genre in the post-2000 era. She places the contemporary literary vampire within the wider popular culture scope, also building critical connections with issues of fandom and readership. In reworking the formulaic elements of the vampiric tradition and experimenting with genre-bending techniques, this book shows how authors such as J.R. Ward, Stephanie Meyers, Charlaine Harris, and Anne Rice have allowed vampires to be moulded into enigmatic figures who sustain a vivid conceptual debt to contemporary consumer and popular culture. This book highlights the changes, conceptual, political, and aesthetic, that vampires have undergone in the past decade, simultaneously addressing how these changes in vampire identity impact on the definition of the Gothic as a whole.

**The Click Moment** Frans Johansson, 2012-10-04 In *The Click Moment*, Frans Johansson, author of *The Medici Effect*, shows how to stay ahead when you can't predict the future. Success is random, but we can capture this randomness and turn it in our favour. According to bestselling author Frans Johansson, planning and careful analysis no longer guarantee success. But dig deep into the actions of successful people and organizations, and you find one common theme: A turning point occurs, and they take advantage of that click moment to change their fate. Diane von Furstenberg saw a matching skirt and top on TV, and the wrap dress was born. Microsoft Windows was on the brink of being shut down until two people met at a party. Starbucks sold brewing equipment until Howard Schultz experienced his first latte. These people capitalized on their luck and altered the course of their lives. *The Click Moment* shows how we can follow them by opening ourselves up to chance encounters and harnessing the forces of success that follow.
