## **The Underground Man:**

The underground man Ross Macdonald,1968      *The Underground Man* Ross Macdonald,2010-12-01 As a mysterious fire rages through the hills above a privileged town in Southern California Archer tracks a missing child who may be the pawn in a marital struggle or the victim of a bizarre kidnapping What he uncovers amid the ashes is murder and a trail of motives as combustible as gasoline The Underground Man is a detective novel of merciless suspense and tragic depth with an unfaltering insight into the moral ambiguities at the heart of California's version of the American dream If any writer can be said to have inherited the mantle of Dashiell Hammett and Raymond Chandler it was Ross Macdonald Between the late 1940s and his death in 1983 he gave the American crime novel a psychological depth and moral complexity that his predecessors had only hinted at And in the character of Lew Archer Macdonald redefined the private eye as a roving conscience who walks the treacherous frontier between criminal guilt and human sin      *The Underground Man* ,1996      **Notes from**

**Underground** Fyodor Dostoevsky,2009-07-07 One of the most profound and most unsettling works of modern literature Notes from Underground first published in 1864 remains a cultural and literary watershed In these pages Dostoevsky unflinchingly examines the dark mysterious depths of the human heart The Underground Man so chillingly depicted here has become an archetypal figure loathsome and prophetic in contemporary culture This vivid new rendering by Boris Jakim is more faithful to Dostoevsky's original Russian than any previous translation it maintains the coarse vivid language underscoring the visceral experimentalism that made both the book and its protagonist groundbreaking and iconic      **Notes from the Underground** Fyodor Dostoyevsky,2016-10-26 Notes is considered by many to be one of the first existentialist novels It presents itself as an excerpt from the rambling memoirs of a bitter isolated unnamed narrator generally referred to by critics as the Underground Man who is a retired civil servant living in St Petersburg The first part of the story is told in monologue form or the underground man's diary and attacks emerging Western philosophy especially Nikolay Chernyshevsky's What Is to Be Done The second part of the book is called 'Propos of the Wet Snow' and describes certain events that it seems are destroying and sometimes renewing the underground man who acts as a first person unreliable narrator and anti hero

**The Underground Man** Mick Jackson,1998 Offers a humorous and often moving portrait of the remarkable fifth Duke of Portland a fabulously wealthy eccentric nineteenth century nobleman who constructed a vast network of underground tunnels from which he would escape to the world outside      *Dostoevsky's Underground Man in Russian Literature* Robert Louis Jackson,1981 This book analyzes the impact of Dostoevsky's Notes from the Underground 1864 and its protagonist the Underground Man upon Russian literature It is concerned with the different ways in which Russian writers responded to Notes from the Underground with the whole complex of underground psychology philosophy and imagery The basic assumption of this work is that the great impact of Dostoevsky on Russian literature was due not alone to the great power of his art but to the continuing urgency of the problems he posed in his works These problems centering on the relations

between the individual and society have lost none of their relevance today not only in Russia but also in the West

**The Underground Man** J. P. Hailey, 1990 Lawyer Steve Winslow defends his teenaged client from the charge of having murdered his uncle in the New York City subway system a seemingly impossible task considering the amount of circumstantial evidence available and the youth s obvious motive

*Notes from the Underground* Fyodor Dostoyevsky, 2006 Dostoevsky s underground man is a psychologically tortured poor clerk who muses on his sickness and the detested notions of self interest Scornful of himself and of others he recalls finding love at a brothel but it is a love by his very nature he cannot accept and so debases instead

*Dostoevsky* Joseph Frank, 2009-10-19 A magnificent one volume abridgement of one of the greatest literary biographies of our time Joseph Frank s award winning five volume Dostoevsky is widely recognized as the best biography of the writer in any language and one of the greatest literary biographies of the past half century Now Frank s monumental 2 500 page work has been skillfully abridged and condensed in this single highly readable volume with a new preface by the author Carefully preserving the original work s acclaimed narrative style and combination of biography intellectual history and literary criticism Dostoevsky A Writer in His Time illuminates the writer s works from his first novel Poor Folk to Crime and Punishment and The Brothers Karamazov by setting them in their personal historical and above all ideological context More than a biography in the usual sense this is a cultural history of nineteenth century Russia providing both a rich picture of the world in which Dostoevsky lived and a major reinterpretation of his life and work

academic or public      *Notes from the Underground* Fyodor Dostoyevsky, 2019-07-25 *Notes from Underground* also translated as *Notes from the Underground* or *Letters from the Underworld* is an 1864 novella by Fyodor Dostoevsky. *Notes* is considered by many to be one of the first existentialist novels. It presents itself as an excerpt from the rambling memoirs of a bitter isolated unnamed narrator generally referred to by critics as the Underground Man who is a retired civil servant living in St Petersburg. The first part of the story is told in monologue form or the underground man's diary and attacks emerging Western philosophy especially Nikolay Chernyshevsky's *What Is to Be Done*. The second part of the book is called *Apropos of the Wet Snow* and describes certain events that appear to be destroying and sometimes renewing the underground man who acts as a first person unreliable narrator and anti hero      *Nietzsche and Dostoevsky* Jeff Love, Jeffrey Metzger, 2016-11-15 After more than a century the urgency with which the writing of Fyodor Dostoevsky and Friedrich Nietzsche speaks to us is undiminished. Nietzsche explicitly acknowledged Dostoevsky's relevance to his work, noting its affinities as well as its points of opposition. Both of them are credited with laying much of the foundation for what came to be called existentialist thought. The essays in this volume bring a fresh perspective to a relationship that illuminates a great deal of twentieth century intellectual history. Among the questions taken up by contributors are the possibility of morality in a godless world, the function of philosophy if reason is not the highest expression of our humanity, the nature of tragedy when performed for a bourgeois audience and the justification of suffering if it is not divinely sanctioned. Above all these essays remind us of the supreme value of the questioning itself that pervades the work of Dostoevsky and Nietzsche      *Reading David Foster Wallace between philosophy and literature* Allard den Dulk, Pia Masiero, Adriano Ardivino, 2022-11-08 This book breaks new ground by showing that the work of David Foster Wallace originates from and functions in the space between philosophy and literature. Philosophy is not a mere supplement to or decoration of his writing nor does he use literature to illustrate pre-established philosophical truths. Rather for Wallace philosophy and literature are intertwined ways of experiencing and expressing the world that emerge from and amplify each other. The book does not advance a fixed or homogenous interpretation of Wallace's oeuvre but instead offers an investigative approach that allows for a variety of readings. The volume features fourteen new essays by prominent and promising Wallace scholars divided into three parts: one on general aspects of Wallace's oeuvre such as his aesthetics, form and engagement with performance and two parts with thematic focuses namely Consciousness, Self and Others and Embodiment, Gender and Sexuality      **Banned Emotions** Laura Otis, 2019-03-26 Who benefits and who loses when emotions are described in particular ways? How do metaphors such as hold on and let go affect people's emotional experiences? *Banned Emotions*, written by neuroscientist turned literary scholar Laura Otis, draws on the latest research in neuroscience and psychology to challenge popular attempts to suppress certain emotions. This interdisciplinary book breaks taboos by exploring emotions in which people are said to indulge: self-pity, prolonged crying, chronic anger, grudge-bearing, bitterness and spite. By focusing on metaphors for these emotions in classic novels, self-help

books and popular films Banned Emotions exposes their cultural and religious roots Examining works by Dante Dickens Dostoevsky Kafka Forster and Woolf in parallel with Bridesmaids Fatal Attraction and Who Moved My Cheese Banned Emotions traces pervasive patterns in the ways emotions are represented that can make people so ashamed of their feelings they may stifle emotions they need to work through The book argues that emotion regulation is a political as well as a biological issue affecting not only which emotions can be expressed but who can express them when and how

**Contemporary Approaches in Literary Trauma Theory** M. Balaev, 2014-12-02 This edited collection argues that trauma in literature must be read through a theoretical pluralism that allows for an understanding of trauma's variable representations that include yet move beyond the concept of trauma as pathological and unspeakable **Dostoevsky's Polyphonic Talent** Joe E. Barnhart, 2005 This book illuminates the connectedness of Dostoevsky's literary art with his philosophical and psychological brilliance Two Fyodor Dostoevsky conferences originating at the University of North Texas set the stage for this volume Scholars contributed original papers focusing on how Dostoevsky's literary art and philosophical insights enrich one another Fyodor Dostoevsky wrote and thought polyphonically His polyphonic method is both his special literary technique and his distinctive way of probing theological social and philosophical depths As Bakhtin and Terras suggest all Dostoevsky's major literary inventions from the underground man to the vitriolic Grushenka are products of his ability to listen profoundly to his own characters Like the genius author redactor of 1 and 2 Samuel he reports the heights and depths of human emotion and behavior whether exploring the anatomy of dysfunctional families making the heart soar with Zosima's vision of forgiveness or giving Ivan Karamazov full rein to challenge theism Dostoevsky's characters transform themselves into irregular verbs whose fierce independence emerges only because of their desperate and inescapable interdependence His major characters are text subtext and context for each other They play inside each other's head and answer in one way or another Slide mountain ,
