Three Years in Texas Joseph E. Field, 1836 **William Faulkner** Kirk Curnutt, 2018-10-15

William Faulkner examines the life and work of the American modernist whose experiments in style and form radically challenged not only the experience of time in narrative but also conceptions of the American South race and the explosive fear of miscegenation Beginning with the 1929 publication of *The Sound and the Fury* his fourth novel Faulkner produced a dazzling series of masterpieces in rapid order including *As I Lay Dying* *Sanctuary* *Light in August* *Absalom Absalom* and *Go Down Moses* novels and stories that alternately exhilarated and exasperated critics and left readers gasping to keep pace with his storytelling innovations Transforming his hometown of Oxford Mississippi into the fictional Yoknapatawpha County Faulkner created his own microcosm in which compassion and personal honor struggle to stand up to the violence lust and greed of the modern world As prolific as Faulkner was however the career of this Nobel laureate was neither easy nor carefree He was perpetually strapped for cash burdened with supporting a large extended family ambivalent toward his marriage and vulnerable to alcoholism Honoring both the man and the artist this book examines how Faulkner strained to balance these pressures and pursue his literary vision with single minded determination
