The Vagina A Literary And Cultural History:

The Vagina: A Literary and Cultural History Emma L. E. Rees, 2013-08-01 From South Park to Kathy Acker and from Lars Von Trier to Sex and the City women's sexual organs are demonized Rees traces the fascinating evolution of this demonization considering how calling the c word obscene both legitimates and perpetuates the fractured identities of women globally Rees demonstrates how writers artists and filmmakers contend with the dilemma of the vagina's puzzlingly covert visibility In our postmodern porn obsessed culture vaginas appear to be everywhere literally or symbolically but crucially they are as silenced as they are objectified *The Vagina A Literary and Cultural History* examines the paradox of female genitalia through five fields of artistic expression literature film TV visual and performance art There is a peculiar paradox unlike any other regarding female genitalia Rees focuses on this paradox of what is termed the covert visibility of the vagina and on its monstrous manifestations That is what happens when the female body refuses to be pathologized eroticized or rendered subordinate to the will or intention of another Common and often offensive slang terms for the vagina can be seen as an attempt to divert attention away from the reality of women's lived sexual experiences such that we don't look at the vagina itself slang offers a convenient distraction to something so taboo *The Vagina A Literary and Cultural History* is an important contribution to the ongoing debate in understanding the feminine identity

Deviant Maternity Angela Joy Muir, 2020-02-17 This is the first ever book to explore illegitimacy in Wales during the eighteenth century Drawing on previously overlooked archival sources it examines the scope and context of Welsh illegitimacy and the link between illegitimacy courtship and economic precarity It also goes beyond courtship to consider the different identities and relationships of the mothers and fathers of illegitimate children in Wales and the lived experience of conception pregnancy and childbirth for unmarried mothers This book reframes

the study of illegitimacy by combining demographic social and cultural history approaches to emphasise the diversity of experiences contexts and consequences Women, Monstrosity and Horror Film Erin Harrington, 2017-08-10 Women occupy a privileged place in horror film Horror is a space of entertainment and excitement of terror and dread and one that relishes the complexities that arise when boundaries of taste of bodies of reason are blurred and dismantled It is also a site of expression and exploration that leverages the narrative and aesthetic horrors of the reproductive the maternal and the sexual to expose the underpinnings of the social political and philosophical othering of women This book offers an in depth analysis of women in horror films through an exploration of gynaehorror films concerned with all aspects of female reproductive horror from reproductive and sexual organs to virginity pregnancy birth motherhood and finally to menopause Some of the themes explored include the intersection of horror monstrosity and sexual difference the relationships between normative female hetero sexuality and the twin figures of the chaste virgin and the voracious vagina dentata embodiment and subjectivity in horror films about pregnancy and abortion reproductive technologies monstrosity and mad science the discursive construction and interrogation of monstrous motherhood and the relationships between menopause menstruation hagsploitation and abject barren bodies in horror The book not only offers a feminist interrogation of gynaehorror but also a counter reading of the gynaehorrific that both accounts for and opens up new spaces of productive radical and subversive monstrosity within a mode of representation and expression that has often been accused of being misogynistic It therefore makes a unique contribution to the study of women in horror film specifically while also providing new insights in the broader area of popular culture gender and film philosophy *New Blood* Eddie Falvey, Jonathan Wroot, Joe

reason madness human beast light dark The first is valued and the second reviled This provides the framework for any number of related injustices sexual racial and ecological This book resists this pattern in part by deliberately putting the dirty back into the mind the obscene back into the sacred and vice versa Ecofeminism and Environmental Justice argue for the significance and reality of the Earth Mother Caputi engages specifically with the powers of that Mother ones made taboo and even obscene throughout heteropatriarchal traditions Jane Caputi rejects misogynist and colonialist stereotypes and examines the potency of the Earth Mother in order to deepen awareness of how our relationship to the Earth went astray and what might be done to address this Drawing upon Indigenous and African American ecofeminism ecowomanism green activism femme queer and gender non binary philosophies literature and arts Afrofuturism and popular culture images Call Your Mutha contends that the Anthropocene is not evidence so much of Man s supremacy but instead a sign that Mother Nature Earth faced with disrespect is turning away withdrawing the support systems necessary for life and continuance Caputi looks at contemporary narratives and artwork to consider the ways in which respect for the autonomous and potent Earth Mother and a call for their return has already reasserted itself into our political and popular culture **Talking**

Self Definition Teodros Kiros, 2019-10-10 Self Definition argues that sex gender and race are constructions by the ineffable self as it seeks to define its possibilities free of domination The self's embodiments are themselves performances of self definition Teodros Kiros supports his argument by a careful reading of the literature from both the Global South and Global North that spans figures works and eras from antiquity to our late modern present These readings demonstrate that race gender and sex are performed in the Global South radically differently from in the Global North These three notions as markers of identity are fluid open and expansive and Kiros brilliantly shows this through inquiry into thought rooted in Egypt Ethiopia India and China By the time that the Global North forges possibilities of the self in the modern period race gender and sex become fixed Biology and anatomy become understood as destinies and the possibilities of the self are deeply constrained This book approaches case studies of key figures and movements chronologically and thematically and in doing so Kiros highlights the tensions between the openness of the Global South and the rigidity of the Global North through which human possibilities as exercises of self definition become clear under conditions of freedom Our views of self definition will forever be transformed after reading this important text

Aesthetics, Disinterestedness, and Effectiveness in Political Art Maria-Alina Asavei, 2018-09-15 Should politically concerned and engaged artistic production disregard questions or and requirements of aesthetic reception and value Whether art should be aesthetic or political is not a new question Therefore in spite of those several contemporary approaches of this issue the answer is not set in stone and the debate is still going on This volume aims to broaden these debates and it stems from numerous conversations with politically engaged artists and artist collectives on issues related to the aesthetization of politics versus the politicization of art as well as the phenomenon of the so called unhealthy aestheticism in political art Thus this study has three interrelated aims Firstly it aims to offer an interdisciplinary account of

the relationship between art and politics and between aesthetics and the political Secondly it attempts to explore what exactly makes artistic production a strong yet neglected field of political critique when democratic political agency history from below and identity politics are threatened Finally to illuminate the relationship between critical political theory on the one hand and the philosophy of art on the other by highlighting artworks moral political and epistemic abilities to reveal criticize problematize and intervene politically in our political reality Pornographies Katherine Harrison,2018-06-04 Pornography is no longer considered to be a single homogenous thing Nor are debates about pornography limited to the reductive anti porn versus anti censorship controversies of the mid twentieth century Whether we like it or not pornography today is out in the open from the ubiquity of porn produced and consumed via the Internet to the mainstreaming of porn aesthetics and practices into mass media and everyday life Pornography is therefore of central concern to social scientific arts and humanities research that focuses on sexual freedoms and oppressions empowerment gender feminism and postfeminism queer identities normative and non normative bodies politics and more This book conceives of pornographies in the plural and its twelve chapters engage directly with porn across a range of media and from a variety of critical perspectives From the conceptual importance of pornography in the feminist sex wars to porn produced for female and or queer sexual pleasure via examinations of vaginal performance artists fetish clinics sexperts amputee porn barebacking tattoos and Japanese erotica this book illuminates the many ways in which pornographies may be understood in scholarship today Athenian Comedy in the Roman Empire C. W. Marshall,Tom Hawkins,2015-11-19 Athenian comedy is firmly entrenched in the classical canon but imperial authors debated dissected and redirected comic texts plots and language of Aristophanes Menander and their rivals in ways that reflect the non Athenocentric pan Mediterranean performance culture of the imperial era Although the reception of tragedy beyond its own contemporary era has been studied the legacy of Athenian comedy in the Roman world is less well understood This volume offers the first expansive treatment of the reception of Athenian comedy in the Roman Empire These engaged and engaging studies examine the lasting impact of classical Athenian comic drama Demonstrating a variety of methodologies and scholarly perspectives sources discussed include papyri mosaics stage history epigraphy and a broad range of literature such as dramatic works in Latin and Greek including verse satire essays and epistolary fiction **Lost and Found** Emma L.E.Rees,2013-06-28 He is my miracle says Sarah Frost Mellor s protagonist of her lover Joe Found by accident in the least likely of places Sarah won the 2012 Cheshire Prize for Literature with her short story Udumbara in Lytham St Anne s and it s in this modest seaside town that Lost and Found begins Reading through the stories in this collection the reader will find many things surreal flotsam on a desolate beach a love letter mislaid for decades turns of phrase in a classroom relationships shaped in unusual settings But to find something means simultaneously to acknowledge the possibility of loss And loss figures largely in the anthology too from beloved relatives to despised spouses and from inconsequential objects to an individual s very sense of self life s losses are portrayed

here in a variety of humorous dark and frequently surprising ways The Cheshire Prize for Literature was inaugurated in 2003 as the High Sheriff's Cheshire Prize for Literature It is funded by the Bank of America Europe Card Services and is administered by the University of Chester The 2012 competition was for short stories and this collection contains 24 of the shortlisted entries including those of the eventual winner Details of the Prize are available at <http://www.chester.ac.uk/literatureprize>

Queer International Relations Cynthia Weber, 2016 This book puts International Relations scholarship and Queer Studies scholarship in conversation to tell a story about how sovereignty and sexuality are entangled in international relations theory and policy through numerous figurations of the homosexual as the underdeveloped the undevelopable the unwanted immigrant the terrorist the gay rights holder the gay patriot and Eurovision winner Conchita Wurst's bearded lady
