bombings World War I the Irish uprising and the Spanish Civil War Combining historical detail with resourceful readings of fiction poetry journalism photographs and other cultural materials At the Violet Hour explores the strange intimacy between modernist aesthetics and violence in the late nineteenth and early twentieth centuries The First World War and T S Eliot s The Waste Land demonstrate the new theoretical paradigm that Cole deploys throughout her study what she calls enchanted and disenchanted violence the polarizing perceptions of violent death as either the fuel for regeneration or the emblem of grotesque loss These concepts thread through the literary historical moments that form the core of her study beginning with anarchism and the advent of dynamite violence in late Victorian England As evinced in novels by Joseph Conrad Henry James and others anarchism fostered a vibrant modern consciousness of violence entrenched in sensationalism and melodrama A subsequent chapter offers four interpretive categories keening generative violence reprisal and allegory for reading violence in works by W B Yeats J M Synge Sean O Casey and others around the time of Ireland s Easter Rising The book concludes with a discussion of Virginia Woolf s oeuvre placing the author in two primary relations to the encroaching culture of violence deeply exploring and formalizing its registers and veering away from her peers to construct an original set of patterns to accommodate its visceral ubiquity in the years leading up to the Second World War A rich interdisciplinary study that incorporates perspectives from history anthropology the visual arts and literature At the Violet Hour provides a resonant framework for refiguring the relationship between aesthetics and violence that will extend far beyond the period traditionally associated with literary modernism

The Work of Revision Hannah Sullivan,2013-01-01 Revision might seem to be an intrinsic part of good writing But Hannah Sullivan argues that we inherit our faith in the virtues of

redrafting from early twentieth century modernism Closely examining changes made in manuscripts typescripts and proofs by T S Eliot Ezra Pound Ernest Hemingway James Joyce Virginia Woolf and others she shows how modernist approaches to rewriting shaped literary style and how the impulse to touch up alter and correct can sometimes go too far In the nineteenth century revision was thought to mar a composition s originality a prejudice cultivated especially by the Romantics who believed writing should be spontaneous and organic and that rewriting indicated a failure of inspiration Rejecting such views avant garde writers of the twentieth century devoted themselves to laborious acts of rewriting both before and after publishing their work The great pains undertaken in revision became a badge of honor for writers anxious to justify the value and difficulty of their work In turn many of the distinctive effects of modernist style ellipsis fragmentation parataxis were produced by zealous experimental acts of excision and addition The early twentieth century also saw the advent of the typewriter It proved the ideal tool for extensive multi stage revisions superior even to the word processor in fostering self scrutiny and rereading across multiple drafts Tracing how master stylists from Henry James to Allen Ginsberg have approached their craft *The Work of Revision* reveals how techniques developed in the service of avant garde experiment have become compositional orthodoxy *At the Violet Hour* Rae Meadows,2000 *The Advocate* ,2003-12-09 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States **The Design of The Waste Land** Burton Blistein,2008 The Design of The Waste Land offers a detailed comprehensive explanation of T S Eliot s enigmatic poem It relates The Waste Land to earlier and later poems by Eliot demonstrating that the major poems describe a continuous spiritual odyssey or quest undertaken by the same individual initiated by the moment of ecstasy in the Hyacinth garden Blistein s analysis of Eliot s sources reveals that the protagonist s glimpse of the heart of light is equivalent to drinking from the Grail or communing with God The incarnate deity momentarily transforms the Hyacinth garden into the likeness of the Edenic paradise With the inevitable passing of the moment of communion the protagonist in effect is expelled from the paradisiacal garden as mankind was from Eden By contrast the familiar world appears to him a wasteland The protagonist seeks to drink again from the divine Source and return again to the garden as it was when transfigured by the divine presence His is a quest for grail and homeland BOOK JACKET
